Introduction

Words are used by people to communicate every day, yet most people still do not realize how words shape their lives and perception. Did you know that most people speak over 7,000 words per day? As of May 2016, there are about 7.4 billion people living on Earth. If you multiply 7,000 words by 7.4 billion people, you get 51,800,000,000,000 or 51.8 trillion words. This means that at least 51.8 trillion words are spoken every day. Even though we hear and speak words all the time, most of us have little or no clue as to how powerful words are.

Words are not just elements of speech or writing, because when words are spoken out loud, they transform into sound, frequency, and vibration. Words also carry information which plays an important role for communication. Without information we will have a hard time learning things and communicating to one another. Because words carry information, sound, frequency, and vibration, they play a very important role in our lives. Furthermore, they can be used to harness the power of energy.

As mankind, we did not always rely heavily on words to communicate, because we used to have a stronger telepathic bond with one another. Due to certain tragic events in our past that caused the higher elements of our DNA to, in a sense, mutate and turn off, many words were introduced by the Dark Forces (groups of self-serving thought-form entities) as hypnotic symbols to manipulate our minds.

The source of the Dark Forces' malevolent behaviors is a cosmic "virus". This virus is not your common virus because it is very intelligent. The main goal of the Cosmic Virus is to infect all living things in the Universe with its psychopathic thoughts and death science ideology. Many people's minds are infected with the psychopathic thoughts of the Cosmic Virus, especially people who have strong psychopathic traits.

Like any virus, the goal of the Cosmic Virus is to drain its host of energy until it dies, and therefore its mission is to cause death and destruction throughout the Universe. The good news is that this virus can only infect us when we live in a state of ignorance, fear, hatred, and irresponsibility. As we learn to live

peaceably with one another and heal our bodies and activate the higher elements of our DNA, our frequency will increase beyond the limit of the Cosmic Virus, making us immune to it.

Today, many scientists like to refer to the higher elements of our DNA as "junk" DNA, because they believe these elements have no function. There is nothing "junk" about the higher elements of our DNA, because Nature would never create something that has no role to play in the progression of the Universe. Our junk DNA contains the higher and more powerful elements of our DNA. Because of this, it holds some of the keys to unlocking memories of our true history and activating our dormant spiritual powers (e.g., telepathy).

The reason that our junk DNA does not seem to function is because the frequencies of our bodies are not vibrating in harmony with it, causing it to "turn off". In our current physical condition, turning on all the higher elements of our DNA at once would destroy our health. The current state of our bodies can not handle the high frequency energies that travel through the higher elements of our DNA. To safely activate our junk DNA without damaging our bodies, we need to slowly increase the frequencies of our bodies to the point where they harmonize with the frequencies of our junk DNA. Once this happens, our junk DNA and bodies will communicate and function properly.

Because the higher elements of our DNA are, in a sense, turned off, our spiritual powers and higher senses are weakened, making it easier for the Dark Forces to use words to deceive us. All the languages of mankind have been severely distorted by the Dark Forces, allowing them to use words as magic spells to manipulate us. However, they can only manipulate us when we do not know how to use words wisely.

If you study the origin and history of words and languages, and their connection to certain secret societies, you should eventually come to the conclusion that all languages are interconnected at a very deep level. Furthermore, you should know that the language system is the Dark Forces' favorite tool to use to cast magic spells on mankind, so they can control our bodies, minds, and souls. By the end of this book, you will know specifically what that means.

Chapter 1
The Powers of Words & the Art of Word Magic

Some spiritual teachings have suggested that the world is made of space (expansiveness and infinity), air (mobility), fire (temperature), water (fluidity), and earth (solidity).[1] These five elements are not based on physical qualities but spiritual qualities. Besides these five qualities of spiritual energy, the world is also made of words, because we live in a world that relies heavily on words to communicate. When words are spoken out loud, they transform into sound, frequency, and vibration, which are some of the fundamental building blocks of matter.

The physical world we live in is made of matter; therefore, it is also made of sound, frequency, and vibration. In a sense, the material world was brought into existence using the power of spoken words. A spoken word has sound, frequency, and vibration, giving it the power to affect how energy manifests itself into physicality. Hence, the biblical saying, "In the beginning was the Word".

Phonetically, the term **world** sounds similar to the term **whirled**, which is the past tense of the term **whirl**, meaning "to turn around, **spin**, or rotate rapidly". Before you were born, you were whirled into existence due to the fact that your physical body is made of atoms. What do atoms do? They **spin** and rotate very rapidly. This may be why the movie *The Matrix* has a character named Neo. In Latin, the word ***neo*** means "produce by spinning, **spin**, weave".[2]

The term **world** also sounds similar to the term **word** and the term **word** sounds like the term **whir**. One of the origins of the term **whir** is the Old Norse word ***hvirfla***, meaning "to turn". In English, the term **whir** is defined as "to go, fly, revolve, or otherwise move quickly with a humming or buzzing sound".

The definitions of the words in bold font in the previous two paragraphs are all related to the word **spin**. Why the word spin? Because everything in the

Universe spins and we live in a galaxy that spins. The **world/whirled** known as Earth also spins and the people living on it use spoken **words/whirred's** to create their reality.

The language system is made of words because words have magic powers and are great for enlightening or deceiving you. One of the reasons that words can easily deceive you is because they can be misinterpreted and misunderstood. Furthermore, each letter of a word can be rearranged to hide the word's deeper meanings. In addition, a word can be given many different definitions to confuse you.

To "innerstand" why words have the power to deceive you, you need to know one of the occult definitions of the word language. To find one of the occult definitions of the word language, you need to split it into three words and study the definitions of the newly created words, so you know what they mean on a deeper level. When you separate the word language into three different words, it transforms into "lan gu age".

> Language = Lan / Gu / Age
>
> "Lan" is the feminine Chinese and Vietnamese name for "orchid." The Vietnamese "lân" changes this to the masculine context meaning "unicorn" coming from "Kỳ lân." When "Kỳ lân" is translated from Vietnamese to Latin, we get the word "unicornis." The Kỳ lân was a dragon type creature that was said to only protect the noble ones. It was also known as the "Qulin."
>
> "Gu" is the god of war in the Dahomey mythology. So now we have "Lan," a monster that protects the noble ones and "Gu," the god of war. "Age" is the "age" or "ages" of the zodiac. Hence, Lan / Gu / Ages are the "monsters of war that protect the noble ones or "golden gods" (Au-dio) throughout the ages."[3]

The language system is an effective tool to help us communicate to one another. However, because of our ignorance of the power of words, the Dark Forces (**false gods**) have used it against us to **wage war** on mankind for many **ages**. They have used the language/lan-gu-age system to divide mankind and prevent us from communicating to people who speak a different language. This made it easier for the minions of the Dark Forces to engineer wars between nations and

therefore tricking us to fight one another, preventing us from making the real perpetrators liable and responsible for their crimes against mankind.

The Dark Forces are obsessed with wars for the reason that wars cause a lot of death and destruction, and therefore generate a large quantity of fear energy for the Dark Forces to feed on. At the deeper level, wars are sacrificial rituals for generating negative energy and preventing us from increasing our frequency beyond certain levels, making it harder for us to ascend to higher states of consciousness.

In the English language, many words are carefully designed and put together in a way that gives them the power to cast spells. The Dark Magicians are well aware of this which is why they like to use the English language to trick us to play their "con game" to enslave mankind. Is this hard for you to believe? Read further and I will show you the evidence.

English is the language that the Dark Forces want to use to control the world. This is one of the hidden reasons that most countries are now requiring English as a second language. Even some of the governments of poor countries are urging their people to learn English. The good news is that if we can prevent the minions of the Dark Forces from establishing their one world government, making English as the language of mankind will make it easier for us to communicate to other cultures.

In the occult world, certain words are used along with rituals and sacred geometries to direct and control energy to create certain desired effects. This process of using words, rituals, and sacred geometries to control and direct energy is known as magic or magick. Be aware that I am not talking about the magic tricks you see on television or magic shows. However, many magic tricks do utilize real magic.

Most people will laugh at the idea of magic being real, but if only they knew what magic really is and how magic is used to control them, they would not be laughing. The world is dominated by magic, which is why **governments**, **banks**, **courts** and **religious institutions** are some of the **biggest practitioners of magic spells**. Until you train your eyes to see how magic is used to control you, you will never know how the world really works.

The Controllers who pull the strings of politicians are well aware of how magic

works. Many of them practice the art of magic which is why they are sometimes referred to as the Dark Magicians. The problem is that they like to use magic for power and evil purposes, instead of using it to unite mankind and change the world for the better.

The most powerful thing in the Universe is energy. When you learn how to control and direct energy, you can become one of the most powerful people on Earth. The unlimited power of energy is the reason that the Dark Magicians are so obsessed with the process of controlling energy. The key to controlling energy is magic, which is the art of using sacred sound, sacred geometry, and natural forces to direct and control energy to produce certain desired effects.

What Is Word Magic?

The word **magic** is derived from Old French *magique*, Latin *magicus*, and Greek *magikos*. One of the earliest definitions of **magic** is the "art of influencing events and producing marvels using hidden natural forces". Magic has a strong connection to magnetic and electrical energy. Did you notice that the word **magnetic** has the word **magic** in it? Take out "net" in "mag-net-ic" and you are left with the word "magic".

The art of magic is often practiced along with certain words and sacred geometries. The common words that are often used in magic rituals are the words that produce powerful sound tones when spoken out loud. These sound tones have powerful vibrational patterns that can be used to direct and control energy and harness its power.

Sound is able to direct energy for the reason that it carries certain frequency patterns that attract energy to flow in a controllable manner. Furthermore, sound is one of the natural forces used by Nature to create crystalline structures and sacred geometries, which are some of the building blocks of matter.

If you want to know and see how sound controls and directs energy to produce sacred geometry, study cymatics and watch these two fascinating short videos titled Cymatics: Sacred Geometry Formed by Sound and Cymatics: Science Vs. Music. If for some reason the links to the videos do not work, do a quick search by typing the keywords of the titles of the videos in YouTube's search form and then click the search button.

Because you now know what magic is, let us turn our attention to what words are, so you can learn what the term "word magic" means. A **word** is defined as "a sound or a combination of sounds, or its representation in writing or printing, that symbolizes and communicates a meaning and may consist of a single morpheme or of a combination of morphemes".

When you put the terms word and magic together, you get the term "word magic", which means **the art of communicating using sacred sounds and symbols to direct and control energy to produce certain desired effects**. All words have magic properties. However, certain words have more magic properties for the reason that they carry more energy and intention. This is why during magic rituals certain specific words are used.

Word magic can be used for good or evil purposes. The bad news is that the Dark Forces and their minions have a strong control over the language system of Earth, and therefore are able to effectively use word magic to control us. The good news is that when we figure out how word magic works and become aware of how it is being used to control us, the magic power of words can not affect us as much.

Why Words Are More Powerful Than Swords

Words are powerful because they carry energy, sound, and frequency, which are some of the building blocks of matter. In addition, they carry information that can be used as knowledge to create or destroy things. When this knowledge is experienced into wisdom, it becomes very powerful and can be used to expand the body's consciousness and spiritual power. This is why **applied knowledge is power!**

Did you notice that the term words is an anagram for the term sword? Move the letter "s" in the term **words** to the left of the "w" and you get the term **sword**. Words are like swords because they can be used to harm and "cut" you. In a way, words are more powerful than swords due to the fact that they can harm or heal you at the deepest levels of your being.

In the King James Bible, verse **John 1:1**, it says, "In the beginning was the Word, and the Word was with God, and the Word was God". This verse is talking about the force and knowledge of the Universe, which can be expressed through words. A very important information you need to know about the King

James Bible and other versions of the Bible is that they are written in **allegories**, so if you read them literally, you prevent yourself from acquiring the empowering knowledge hidden in the allegories.

Another important information you need to know about the King James Bible is that it was translated to English from the original Greek, and therefore when it says, "In the beginning was the Word", it is talking about the **Source** that created the Universe. Do you need evidence of this? Read further and I will show you the evidence.

The English term **word** can mean a few different things, but when it is translated to Greek, it means **logos**. The word **logos** is defined as "the **source** that controls the universe, the written word or inspiration of God, or a logic and rational argument". In ancient Greek philosophy, the word **logos** means "the controlling principle in the universe".

Today, the concept of logos can be found in every religion, such as Christianity. To find the concept of logos in Christianity, all you need to do is read certain verses of the Bible. In the King James Bible, there is a phrase in the **Book of John** that says, "In the beginning was the Word". The deeper meaning of the term word is logos, which is "the **source** that controls the universe". In other words, "In the beginning was the **Source**". This is the Source that created the Forces of Nature and genetic code.

Another word that you should know its deeper meaning is universe. The word **universe** is composed of two words, which are **uni** and **verse**. The prefix **uni** originated from the Latin word ***unus***, meaning "one". As for the word **verse**, it means "a line of poetry". Based on these two definitions, the word universe means "one line of poetry".[4] A line of poetry usually has words that have allegorical and metaphorical meanings.

To connect the dots, the hidden knowledge within the word universe tells us that the Universe is an abstract reality field made of poetic and magical **words/logos/forces**. In other words, we live in a magical and poetic "play" known as the Universe, and therefore God is the main author and we are the co-authors. Quantum physicists have done experiments proving that the Universe is indeed an abstract or dream-like reality field composed of energy and forces.

Another word that has a strong connection to the term **word** is the term **light**.

Light is sometimes referred to as photon. In physics, a **photon** is usually indicated by the symbol **γ**, which is the lower case letter of the Greek symbol **Γ** (gamma).[5] Some etymologists believe that the Greek word **gamma** is where the word **grammar** originated from. In English, **grammar** means "the study of the classes of words, their inflections, and their functions and relations in the sentence".

> Grammar is the art of inventing symbols and combining them to express thought; logic is the art of thinking; and rhetoric is the art of communicating thought from one mind to another; the adaptation of language to circumstance.[6]

Another origin of the word **grammar** is the Old French word ***gramaire***. As described on EtymOnline.com:

> late 14c., "Latin grammar, rules of Latin," from Old French *gramaire* "grammar; learning," especially Latin and philology, also "(magic) incantation, spells, mumbo-jumbo" (12c., Modern French *grammaire*), an "irregular semi-popular adoption" [OED] of Latin *grammatica* "grammar, philology," perhaps via an unrecorded Medieval Latin form **grammaria*.

The Old French word ***gramaire*** has a strong connection to the English word **grimoire**. Dictionary.com defines **grimoire** using these exact words: "a manual of magic or witchcraft used by witches and sorcerers". The occult definitions of certain words in this section reveal that grammar or the way words are used has a strong connection to magic. They also reveal that words have the potential to direct and control energy. Be aware that light is a form of energy.

In the Bible verse **Genesis 1:3** (KJV), it says, "[3] And God said, Let there be light: and there was light." In this verse, the Bible tells you that God used **words/logos/sound** to manifest **light**. Keep in mind that the word **light** has a strong connection to the terms **word** and **grammar**. In other words, the Universe was created from light and word/logos/sound. In Greek, the word **logos** is defined as "the source that controls the universe".

The ancient Greek people believed that the powers (e.g., sound) of logos could be expressed through words and be used to create mystical things (e.g., sacred geometry). Have you ever wondered why the **symbols** of corporations are called **logos**? It has to do with magic and sacred geometry! The process of using logos

(e.g., source, energy, force, and sound) to create things, such as sacred geometry can be seen in cymatics.

Here is a quote from the New King James Bible, verse **Hebrews 4:12**, that talks about how powerful words are:

> [12] For the word of God *is* living and powerful, and sharper than any two-edged sword, piercing even to the division of soul and spirit, and of joints and marrow, and is a discerner of the thoughts and intents of the heart.

By now you should know how powerful words are. What most of us do not know about words is that they have hidden knowledge attached to them. The process of using words to hide certain knowledge was purposely done by the Dark Forces (self-serving thought-form entities) to hide their true intentions and prevent us from knowing the "secrets" of the Universe. It is one of their ways of **hiding information in plain sight**.

One of the reasons that the Dark Forces hide information in plain sight is to prevent them from violating your free will. Another tool they like to use to tell you what they are doing to you in plain sight is movie. *The Matrix* is a great example of this. Many movies have images and words with occult meanings embedded in them to deceive you to "give up" your natural rights through silence. **By being silent, you choose not to exercise your rights**. The good news is that you can not truly give up your natural rights for the reason that they will always be there, just like the Laws of Nature.

For example, when you watch a movie about human trafficking or wars and do not say something to remove your consent, you unknowingly agree through silence; therefore, the Dark Forces did not really violate your free will. This is how the Dark Forces and the Dark Magicians can get away with most of their evil deeds. Ignorance is no "excuse" and silence implies "consent". To be more accurate, being silent is known as implied consent. In the information and computer age, there is no excuse for not knowing these things, especially when you live in a country that has easy access to the Internet.

Because being silent is a form of consent, you need to be aware of what the Dark Forces are doing, so you can say no and remove your consent. Ignoring the Dark Forces is not going to help you remove your consent. If enough of us remove our consent, the Dark Forces and their minions would have to back off and leave us

alone. If they were to not leave us alone and keep harassing us, they would violate our free will and would have to eventually face the consequences of their actions. All thoughts, intentions, and actions are known by God and there is no escaping the consequences of violating His Laws.

There are millions and possibly billions of people on Earth who think they can achieve spiritual freedom or stop the crimes against mankind by ignoring what the Dark Forces and their New World Order are doing. These people are living in a delusional state of mind and are actually making it much easier for the Dark Forces to enslave mankind.

If you want to prevent the Dark Forces from enslaving mankind, you need to first become aware of what they are doing, so you can say no to their actions and agendas and remove your consent. Remember, silence implies consent.

How to Decipher Words to Find Their Deeper Meanings

To find the deeper meanings and intent of words, you need to look beyond their common definitions; otherwise you will never know their deeper meanings. To find their deeper meanings, you need to look below their surface, dissect their layers, and look at them closely from many different angles. This means that you may need to use an etymology dictionary to study their origins and rearrange their letters using the art of anagram.

Besides the techniques in the previous paragraph, you may also need to use the art of homophone to assist you to find words that sound similar to the words you are investigating. A **homophone** is "a word pronounced the same as another but differing in meaning, whether spelled the same way or not, as *heir* and *air*".

Once you find the origins of a word, dissect its layers, and look at it from many different angles, the true intent and meaning of the word often magically become noticeable inside your mind. So, next time you look up a definition of a word, do not only look at it at face value, but also look at its origins, prefix, and suffix. Furthermore, pay attention to other words that sound similar to the word you are investigating.

A word that you may want to know its deeper meanings is baptism. When you look at the word baptism carefully and study its definitions to see what other words are related to it, you should eventually come to the conclusion that

external baptism is a dark magic spell!

When someone is **baptized** from the outside, that person is considered to have entered into a **covenant** with the **lord**. When you split the word **covenant** into two words, you get the term "coven-ant". The word **coven** means "an assembly of witches, especially a group of thirteen". The suffix definition of **ant** is "causing or performing an action or existing in a certain condition". It can also mean "serving in the capacity of". In Turkish, the word **ant** means "oath". As for the word **lord**, in English it means "a person who has authority, control, or power over others; a master, chief, or ruler".

Here is one of Dictionary.com's suffix definitions of **ant**:

> a suffix forming adjectives and nouns from verbs, occurring originally in French and Latin loanwords (pleasant; constant; servant) and productive in English on this model; **-ant**, has the general sense "characterized by or **serving in the capacity of**" that named by the stem (ascendant; pretendant), especially in the formation of nouns denoting human agents in legal actions or other formal procedures (tenant; defendant; applicant; contestant).

Based on these occult definitions, the deeper meaning of the word baptism is to make an **oath** or a contract with a **coven** controlled by **witches/lords**. Therefore, when a person is baptized, that person has agreed to serve in the capacity of a coven or make an oath/contract with a coven, which is a group of witches (male or female).

The witches who have infiltrated nearly all the churches in the world are the Dark Magicians! These magicians have masters that are known as demons. Their demonic masters are the "lords" that people swear an oath to when they agree to be baptized. The word **lord** means "a person who has authority, control, or power over others".

The process of external baptism secretly promises the body, mind, and soul of a new born child to the coven of a church, which is often controlled by witches/lords/dark magicians from behind the scene. If you go to church, you may want to really think about that before agreeing to be baptized. **True baptism occurs in the body, not outside of it.**

External baptism is nothing more than a dark magic spell to trick parents to give up their baby's body, mind, and soul to the Dark Magicians and their demonic

masters. Because you now know the hidden reason behind external baptism, if you are thinking about baptizing your newborn, you may want to do more research on how magic spell works before doing so. Even better, stay away from churches that practice external baptism because they perform false baptism and therefore are false churches. The **true church** of God is the **man's body** (male or female). The Bible even says that "you are the temple of God".

Churches or any religious institutions often do not teach you how to achieve spiritual freedom. What they are good at doing is teaching you how to worship an external savior. When you worship an external savior, it disempowers you by weakening your spiritual powers. Furthermore, you are basically telling God that He did not give you the necessary spiritual powers to empower you to achieve spiritual freedom. This is an insult to God. Because of these things, most religious institutions are great at teaching you how to be a coward and good little slave.

God, the Creator of the heavens and the earth, gave you His most precious gifts with no string attached. Some of these gifts are your natural rights, and the power of thought, consciousness, love, imagination, creativity, and awareness, which are the same spiritual powers that God used to create the Universe. These spiritual powers have infinite potential and therefore YOU also have infinite potential.

By worshiping an external savior and relying on a religious institution to save you and not standing up for your natural rights, you are, in a sense, throwing God's spiritual gifts in the trash, and therefore are disrespecting yourself, and at the same time disrespecting God. In other words, you insult God every time you worship an external savior. If you were God, would you want to help a bunch of irresponsible people who keep insulting you?

The **external savior program** is a psychological operation and **magic spell** created by the Dark Forces to enslave your body, mind and soul, and turn you into a cowardly slave to be used as a battery. The sooner you realize this, the sooner you can rise above their artificial matrix and free your body, mind, and soul. You already have all the necessary spiritual powers to achieve spiritual freedom, so it would be wise to take responsibility for your spiritual growth and stop acting and thinking like a cowardly slave. One of the keys to exercising your spiritual powers is to learn how to use words wisely. With the right words, you can command the Forces of Nature to enforce justice and put your will into

action.

Chapter 2
Word Magic, the Birthing Process, & Commerce

To know how word magic is used to manipulate your body, mind, and soul, you need to know how words are used in the birthing process and commerce. In order for the Dark Forces and the Dark Magicians to effectively manipulate you at the physical and spiritual levels, they need to trick you to agree to play the vampiric game called commerce. The best time to trick you to play this vampiric game is the day when your mother gave "birth" to you.

The words that are used for describing the birthing process are strongly related to commerce. For this reason, you need to know some information about merchants and the sea business, or you will have a hard time seeing the connection between the birthing process and commerce. If you have studied the information in the **third edition** of my enlightening book *Staradigm*, you should have little problem "innerstanding" the birthing process and commerce.

Before there were airplanes, automobiles, and trains, when people wanted to send products to people in other countries, they often sent them on a ship. Using ships to send goods to other countries became so important that many laws were created to protect merchants and their products.

The two laws that dominated the sea business were admiralty law (the law of the sea) and maritime law (law-merchant). Both of these laws originally heard cases involving commerce on the seas. Eventually, they spread beyond the seas and are now used in most court systems throughout the world. Today, nearly every courthouse in the United States of America, Canada, the United Kingdom, and certain Western and Eastern countries operates under admiralty law and maritime law.

When countries operate under admiralty and maritime laws, it means that their courts are under the jurisdiction of **military law** and **commercial law**, and therefore when people go to court, they are treated as **properties** and **war**

criminals. This is why when people mention their common law or constitutional rights in admiralty/maritime courts (e.g., U.S. courts), the judge may tell them to sit down and shut up! There is basically no justice in a court that operates under admiralty/maritime law.

Let us turn our attention back to ships and merchants, so I can explain to you how word magic is used to control your body, mind, and soul. When a ship reaches its destination, the captain **orders** his crew to prepare the ship to be docked. After the ship docks, the crew can start to unload the cargoes and products off the ship. A **ship** is also a **vessel**, so after a ship docks onto a shore, it is considered a **berthed vessel**. The word **berthed** is phonetically similar to the word **birthed**. These two words are spelled differently, but they sound very similar. This is one of the ways that word magic is used to deceive you.

Before the crew can unload all the cargoes and products off the ship/berthed vessel and onto the dock, they have to first show a certificate of manifest to the dock operator or whomever is in charge of the dock. A certificate of manifest is a record that has information about the products (i.e., the registration number, the country of origin, the manufacturer, etc.). A **certificate of manifest** is basically a **birth certificate**. On your birth certificate, there is a registration number, country of origin, and manufacturer. Metaphorically speaking, the manufacturers that created you (the product) are your parents.

The process of using **ships** to deliver products is where the word **shipping** comes from. Did you notice that the word shipping has the word ship in it? Another word that has the word **ship** in it is **citizenship**. When you split the word citizenship into two words, it transforms into the words "citizen ship", meaning a "citizen of a ship". A citizen of a ship means that you are under the jurisdiction of admiralty law and maritime law. These two laws are not common laws or constitutional laws; instead, they are commercial laws.

When a ship is in the process of being docked, it is being guided to berth. The word **berth** is defined as "a space for a vessel to dock or anchor". Based on this information, when a product is unloaded from a ship and onto a dock, it just went through the **berthing** process, which is the process of **delivering** the **product** from the **vessel/ship** onto the **dock**.

Phonetically, the word **berth** sounds like the word **birth**. This is why when a woman is in the process of giving birth, she is said to be **delivering** a baby. The

birthing process of a baby is related to the process of delivering a product on a ship. Every woman has a body. Another word for body is vessel. A vessel can also be called a ship. The words body, vessel, and ship can all mean the same thing and be used to represent a woman's body. This is why a ship is often referred to as "she" and the main ship is often called the "mother ship".

To connect the dots, the process of a woman giving birth can also be defined as "the process of **delivering** or **berthing** a product of a ship." Metaphorically speaking, the product is the baby and the ship is the woman's body. When you compare all the information that you just read, about commerce and the sea business, to the process of birthing a baby, you should see a strong connection between the **berthing** process of a ship and the **birthing** process of a baby.

By spelling the words berth and birth slightly different and making them sound the same, the Dark Forces (self-serving thought-form entities) and their minions (the Dark Magicians) can trick you to agree to be a product of a ship, so they can have jurisdiction over you. They know that they can not have jurisdiction over the real you (the living, breathing man or woman made of flesh and blood), which is why they need you to **consent** to be an artificial person, so they can treat you like a product and make money by selling "you" on the stock market.

When you were in your mother's womb, you were surrounded in **amniotic fluid**, which was made of mostly **water**. In other words, you were living in a **sea of water**. Because you were living in water, according to admiralty law (the law of the **sea**), you could be ruled under this law. Admiralty law is also known as the law of money. What is another word for money? Currency! Phonetically, the word **currency** sounds similar to the term "current **sea**". Hence, the law known as the law of the sea (admiralty law).

While living in your mother's womb, the thing that connected you to your mother was the umbilical cord, which was connected to your **navel**. Metaphorically speaking, you were connected to the "mother ship". The word **umbilical** is derived from the Medieval Latin word ***umbilicalis***, meaning "of the **navel**".

The word **navel** sounds similar to the word **navy**. The navy is the military of the **sea**. They did not name that area of your body the navel by accident. By now you should start to see how all these words are somehow directly or indirectly related to the sea. A very important information you need to know about the

word **sea** is that it has a strong connection to the word **energy**. By the end of Chapter 5, you will know why these two words are strongly related.

The Evidence That Babies Are Battery Prisoners

On average, a fetus lives in the womb of its mother for a little more than 9 months before the fetus is ready to be born. When you were a fetus, you were living in water (amniotic fluid). Shortly after 9 months, you were born from your mother's body/vessel/ship through her birth canal. The phrase **birth canal** sounds very similar to the phrase **berth canal**. A canal is an artificial waterway that is used by the captain of a ship or boat to berth his vessel. Hence, the phrase **berth/birth canal**.

When you were born in the hospital, you had to travel through your mother's birth canal. After you came out of your mother's birth canal, you were grabbed by the doctor. The word **doctor** is pronounced similar to "dock-ore". The word **dock** is defined as "a platform extending from a shore over water, used to secure, protect, and provide access to a **boat** or **ship**". As for the word **ore**, it is defined as "a metal-bearing mineral or rock, or a native metal, that can be mined at a profit".

The word **ore** sounds very similar to the word **oar**, which is "a long shaft with a broad blade at one end, used as a lever for rowing or otherwise propelling or steering a **boat**". What you need to know about these words is that they all somehow indirectly or directly relate to a ship, the sea, and the process of giving birth.

Another word you should know its deeper meanings is hospital. One of the origins of the word **hospital** is the Old French word ***hospital***, meaning "**hostel**, shelter, lodging". In English, the word **hostel** sounds almost exactly like the word **hostile**. The word **hostile** means "not friendly, warm, or generous; **not hospitable**". A hospital is not a friendly place to give "birth" to a baby, because the hidden role of the **doctor/dock-ore** is to "deliver" the baby and turn the baby into a "product" of a ship/vessel to be sold in commerce using the birth certificate as the certificate of manifest.

The birth certificate becomes a valid certificate after the parents and the doctor/dock-ore sign their signatures on it. Once the birth certificate is signed by all the parties, the information on it becomes a fact. This certificate represents a

berth certificate of a product of a ship, also known as a certificate of manifest. In other words, shortly after you were born your parents unknowingly agreed to turn you into a "product" of a ship.

Have you ever wondered why newborn babies are kept in the maternity **ward**? The reason that they are kept in the maternity ward is because their parents have signed their natural rights away to the State, turning them into "citizens", "products" and "prisoners" of a **ship**. Hence, the status "citizen**ship**".

A **ward** is defined as "a section in a prison". In prison, wards are used for caging prisoners. They are also known as prison **cells**. Why the word cells? Because prisoners are being used as "batteries". The word **cell** is defined as "a device that generates electrical energy from chemical energy, usually consisting of two different conducting substances placed in an electrolyte".

To connect the dots, babies are put in maternity wards to prepare them to become human "batteries". Prisoners are caged in prison cells for the same reason. By the end of this book, you will know exactly what I mean when I say that people are being used as batteries.

An important information you should know about the word **hospital** is that it has a strong connection to the secret society called the Knights **Hospitallers**, which is one of the factions of the Knights Templar, the private army for the Vatican. One of the symbols of the Knights Templar is the Red Cross. The Red Cross symbol can be found on the flag of the United Kingdom and inside of hospitals. The organizations called the American Red Cross, the British Red Cross, and the International Committee of the Red Cross also use this same symbol.

All secret societies have symbols that they use to communicate. They operate somewhat like street gangs but are much more organized and powerful. Like street gangs, secret societies like to mark their territories with signs and symbols to let certain people know that they own those properties or territories. But unlike street gangs that only control a few blocks or a small town, secret societies control countries! All the Red Cross organizations are controlled by the Knights Templar. The United Kingdom is controlled by them too. Be aware that not every member of a secret society is a control addict. Furthermore, some secret societies do not support the enslavement of mankind.

Let us turn our attention back to the word doctor/dock-ore. By now, you should

know that one of the hidden roles of the doctor/dock-ore is to deliver babies and turn them into "products" of a ship/vessel to be sold in commerce using the birth certificate as the certificate of manifest.

Metaphorically speaking, the word **ore** in the word doctor/dock-**ore** is you (the baby). You represent the **ore** because you are the "battery" that is being used as **energy** to power the artificial matrix of the Dark Forces. So, when you were delivered from the body/vessel/ship onto the dock, you (the **ore**) was delivered and put onto the **dock**. Hence, the word **doctor/dock-ore**. This is why the person who delivers babies in a hospital is called doctor. The doctor's/doc's ("dock") role is to deliver the baby/ore or "dock" the "ore" onto the shore, so it can be sold and used as energy.[7]

The word **ore** sounds similar to the first syllable of the word **au**ra. Aura is an energy field that is part of the bio-electromagnetic field of the human body. When you split the word **aura** into two words, you get the term "au ra". The word **au** originated from the Latin word ***aurum***, meaning "gold." This is why in chemistry the symbol for gold is Au. The word **ra** is the name of an ancient god called **Ra** (pronounced "**ray**"). In Egyptian mythology, Ra was the **sun**-god that was often shown as a hawk. When you put the words **sun** and **ra** together, you get the word "sun-ra" or "sun-ray/sunray", which is connected to the sun-god Ra.

Every ship or "body ship" is brought into port and docked, so the doctor can deliver (de-**liver**) the body ship, because it is a new "liver" being produced or a new baby being "de-livered" by the doctor as "docked-ore", the ore that is now docked and ready to be sold and used as energy.[8]

The Dark Forces view each of us like an ore because we are the "ores" that are being **mined** for **gold (Au)** through the process of "mind control". The word **mind** sounds almost the same as the word **mined**, giving us a clue as to why the Annunaki came to Earth.[9] One of the main reasons that they came to Earth was not to mine for gold but to "mined" for the "gold" in our minds, because to control our minds is to control the **golden blood plasma** in our bodies and the **golden energy** in our **auras**, which then can be used to extend their lifespans or charge their sun god **Ra**. Hence, the word **aura (Au-Ra)**.

In Greek mythology, the golden blood plasma was called **ichor**, a gold-colored fluid believed to be found in the blood of the alien gods, allowing them to live for thousands of years. It is my "innerstanding" that this golden blood plasma is

found in very small amounts in the human body. However, during an ascension cycle, the human body can produce more of it.

Certain spiritual teachers believe that the special element that gives golden blood plasma its longevity properties is natural monoatomic gold, also known as natural white powder gold. It is my innerstanding that **ichor** is the **holy oil** (known by the ancient Greeks as the **Christ**) produced in the brain. Etymologically, the word Christ means "the anointed". The word **anoint** has a strong connection to **oil**.

By now you should start to have a basic innerstanding of what the Dark Forces are doing to mankind. This evil agenda to enslave mankind and use people as "batteries" is what I like to refer to as the Earth Matrix Drama. It is essential for you to know that, at the deepest level, the Earth Matrix Drama is a spiritual drama for your **soul** and **energy**, so you better start paying attention. By the end of Chapter 5, you will know why the Dark Forces need to feed on the energy of mankind to survive.

Let us turn our attention back to the birthing process, so I can teach you how the Dark Forces are using the birth certificate contract to enslave your soul and body. In the United States, shortly after you were born, a record was created with certain personal information about you. This record is known as your **certificate of live birth**, which is **not** the same as your **birth certificate**. Be aware that when I say "your birth certificate", I do not mean that you **legally** own it. In fact, your birth certificate is **legally** owned by the State.

Shortly after your parents signed your certificate of live birth, the certificate was sent to the U.S. government. After the U.S. government registered it and finished doing whatever they needed to do to your certificate of live birth, they sent you a new version of your certificate of live birth, which is known as your **birth certificate**. Your new birth certificate is **not** the original certificate of live birth, because it is actually a **death certificate**.

The term ***birth* certificate** sounds the same as the term ***berth* certificate**. This was deliberately done to trick you using the art of homophone and phonics. The word **phonics** means "a method of teaching reading and spelling based upon the phonetic interpretation of ordinary spelling". Phonetically, there is no difference between the terms "birth certificate" and "berth certificate" because they sound the same.

When the U.S. government created your birth certificate, their intent was to trick your parents to sign your natural rights away and turn you into a "product" of a ship/vessel to be sold in commerce. Therefore, a birth/berth certificate is a certificate of manifest of a product berthed from a ship. When the U.S. government sent your birth certificate to your parents, what they were really doing was informing your parents that you are now a registered product of the United States (incorporated). This is why they trade your birth certificate on the stock market.

Have you ever wondered why they like to use the word parents to describe your mother and father? The word **parents** sound similar to the words "pair rents", which means the "pair that rents".[10] When your parents/pair-rents signed your birth/berth certificate, they unknowingly agreed to allow the U.S. government to legally own you and make you a "product" of the United States (incorporated).

What this means is that your body and everything you buy or produce using the name on your birth certificate are **legally** the **properties** of the State. However, your parents/pair-**rents** are allowed to keep or **rent** you as long as they pay taxes and take decent care of the new product/baby/you.

The name on your birth certificate is a **legal name** and therefore represents an **artificial person** that only exists on paper. In other words, it is a name of a "dead" thing. This legal name is often written in all capital letters and is **not** the name given to you by your parents. Instead, it is a **counterfeit name** created by the government to trick you to do business with its agencies.

To be more specific, your real name is a genuine appellation. Only "things" have names. Furthermore, living and breathing people have autographs, not signatures. A **signature** is used by a **corporate officer** to do business with a **corporation**. Because your birth certificate is marked with a **legal name**, it is a certificate that represents the birth of a **dead thing** and therefore is a **death certificate**. The legal name is sometimes referred to as the strawman.

> This is what the lawyers, bankers, and politicians have used to enslave you. It is a crime known as "personage". By arbitrarily creating an Estate trust named after you and claiming to own this thing they created, they have falsely claimed to own you and your assets and to literally buy and sell "you" on stock exchanges, ship "you" out of ports, and tax "you" for doing things you've never done. After all, there is no law against enslaving an

> ESTATE trust, is there? Or arresting a slave? Or charging a tax on importing revenue to Puerto Rico?[11]

Because your birth certificate has a counterfeit name and does not come with full disclosure, it is a fraudulent contract. There is no statute of limitation for fraud and **fraud vitiates all contracts** linked to that fraud. Even though your birth certificate is a fraudulent contract, proving this fraud in court is not easy. One of the best solutions for freeing your soul and body from the birth certificate (death certificate) is to remove **false presumptions** made by the government.

Two great websites that teach you how to remove false presumptions are AnnaVonReitz.com and Freedom-School.com. Another great website is EsotericKnowledge.me, a private space for living men and women to learn about word magic, Natural Law, legalese, freedom, sovereignty, genuine spirituality, and esoteric knowledge.

If you have read Chapter 8 of my book *Staradigm* (third edition), you should know that when the U.S. government "refers" to The United States of America (unincorporated), most of the time they are talking about the corporation called the United States (incorporated) or the United States of America (incorporated). Most of the time, they write the **legal** name "United States" in **all capital letters** and nearly 100 percent of the time they write it without the "inc", so they can trick you to agree to be an "employee" of the UNITED STATES, INC.

As for the name of the actual country (geographical landmass), it is called "The United States of America" (**un**incorporated). In legalese, the United States (incorporated) is NOT the same as the country known as The United States of America (**un**incorporated). Knowing this fact is very essential for innerstanding the fraud of the legal system and how the British Monarchy and the New World Order (NWO) have successfully enslaved the American people without their knowledge.

The United States (incorporated), also doing business as the United States of America (incorporated), is a **corporation** that resides in Washington D.C., a city-state that is FOREIGN to the 50 states. Why do you think the United States has a president and vice president? Corporate law requires a corporation, such as the United States, to have a president and vice president. It is RIGHT IN YOUR FACE and hidden in plain sight!

The acronym D.C. stands for the District of Columbia, which is a 10 mile radius district. This district houses the United States (incorporated). So, when the U.S. government talks about the "United States", they often refer to a corporation located in the District of Columbia, a **foreign district** that does not really have anything to do with American State Citizens. In other words, they are NOT really talking about the country. Be aware that United States citizens are not the same as American State Citizens or American Nationals.

Washington D.C. is a foreign district for the reason that it is NOT part of "The United States of America", just like Vatican City is not part of Italy. According to the book titled *Matrix of Power: Secrets of World Control,* Washington D.C. or the District of **Columbia** was founded by a powerful masonic secret society called the Colombians. This district was named after the goddess of liberty, also known as **Columbia**. Hence, the name District of **Columbia**.

The Colombians also founded Columbia Broadcasting System (CBS), Columbia Pictures, and Columbia University.[12] Did you notice how similar the words **Colombians** and **Columbia** are? An important fact you should know about Columbia University is that it is located in New York, a state founded by the **York Rite**, which is also another powerful masonic secret society. This is why it is called **New York**, which means the **new state** of the **York** Rite. Are you starting to see how words are used to manipulate you?

Because you now know that there are a few versions of The United States of America and that the incorporated versions are the ones that the U.S. government likes to use the most, let us dig deeper into the birthing process, so you can learn how the Dark Forces and their minions use word play and word magic to trick you to temporarily "give up" your natural rights.

Before the invention of computers, when babies were born, hospitals published their birth information in the newspaper. Nowadays, because of computers, the Internet and certain laws, they rarely publish birth information in the newspaper. Instead, they send birth information to the government and then its agents publish it on certain government sponsored websites. Some examples of these websites are vital records websites.

In the United States, shortly after a baby is born, the doctor extracts blood from the bottom of the baby's foot. This process is often called the Heel-Stick Test. The bottom of the foot is known as the **sole** of the foot. Keep in mind that the

word **sole** sounds very similar to the word **soul**. Most doctors do not know the real reason behind this procedure, so if your parents ask them why they do this, they will most likely tell your parents that they extract your blood to test it for genetic conditions and diseases.

Besides extracting your blood, they also take tissue samples and blood from your mother's placenta. The purpose of taking your blood is to extract your DNA from it. Shortly after extracting blood from the sole of your foot, the blood is sent to the government, so its agents can sequence your DNA to determine your genetic blueprint. Your genetic blueprint is like your fingerprint because no one else has that same genetic blueprint. Because of this, your DNA is the physical proof of evidence that the government can use to identify you.

Shortly after the government is done sequencing your DNA and creating your personal file, they publish your birth information on some of the websites that they sponsored. What they are basically doing is telling the public that they found parts of you and someone needs to claim them. It is like a lost and found service.

If no one claims them after a certain amount of time (usually 7 years), the government has the **legal** right to pronounce you as **legally dead**. The problem with this process is that it is based on false presumptions and fraudulent contracts, and therefore the government is basically committing fraud. Fraud vitiates everything! But does the government really care about that? Not really for the reason that they make millions of dollars off of you from this fraud.

Be aware that when the government announces you as being legally dead, it does not always mean that you (the living man or woman) are dead. In law, you can be alive and still be called legally dead. Being legally dead can mean that your fictional character (e.g., legal name) and afterbirth material are dead.

The legal system operates in a jurisdiction that deals with **fictional** things. This is why the "laws" of the legal system are called **acts** and **statutes**, just like the **acts** and **statues** in a play. Because of this, nearly everything it does is unlawful. After reading this book, you will know why the legal system is a big fat fraud!

Under admiralty law, if you are missing for 7 years, you can be declared legally dead. This is why people lost at sea are declared legally dead after 7 years. In the United States, the political and court systems mostly operate under admiralty and

maritime laws. Both of these laws deal with commerce on the sea. To connect the dots, when the government announces you as being **legally dead**, what they are really saying is that you are **dead at sea**. They say this because you are made of mostly water and you were born from a sack of water (the amniotic sac).

Because you are **legally** dead and the government claims to own your **legal** name, the government can legally claim your estate. This process is similar to when people die and their estates are transferred to the people listed on their wills. This is why the government can **legally** seize your properties and children when you violate their acts and statutes. However, when you rebut their presumptions and let them know that you are not dead, it makes it much harder for the government to confiscate your properties.

When you send a letter or writ to the government to notify its agents that you are not dead at sea but is alive and well, you are correcting your **status** and removing yourself from their jurisdiction, which is an imaginary territory that operates in a dead and fictional world. After you correct your status, the government now has to acknowledge you as a living man instead of a dead person/legal person. Be aware that when I use the word **man** in this book, most of the time I am talking about **both gender** (male and female).

A dead person, also known as a legal person or legal fiction, has **no natural rights**, only **privileges**. An example of a legal person/legal fiction is a United States citizen. Because United States citizens are legal persons with only privileges, according to the legal system, they have no natural rights. This is why when you (United States citizen) go to court and shout out to the judge about your natural rights or constitutional rights, the judge will often look at you like you are a fool and may tell you to sit down and shut up!

Because the legal person (e.g., United States citizen, legal name, and corporation) is a dead thing, the government has jurisdiction over it. On the other hand, the living, breathing man is not dead and therefore has natural rights, which are **unalienable** rights inherently given by God to the living man (male or female). The word **unalienable** means "incapable of being aliened, that is, sold and transferred". In other words, your natural rights are **superior** to all "laws" made by the government and can not be sold; therefore, the government does not have jurisdiction over you, the living man.

Why the Word Government Means to Rule the Mind

If you did not skip the first chapter of this book, by now you should have seen the word government dozens of times. The word government will be used many more times in this book, so it would be wise for you to know the deeper meaning of this word. The common and overt definition of the word **government** is "the form or system of rule by which a state, community, etc., is governed".

Here is one of the legal definitions of the word **government**:

> The system of polity in a state; that form of fundamental rules and principles by which a nation or state is governed, or by which individual members of a body politicare to regulate their social actions; a constitution, either written or unwritten, by which the rights and duties of citizens and public officers are prescribed and defined, as amonarchical government, a republican government, etc.

The word **government** originated from the Old French word ***governement***, meaning "control, direction, administration". To find the occult definitions of the word government, you need to split it into two words, transforming the word government into "govern-ment". One of the origins of the word **govern** is the Latin word ***gubernare***, which translates to English as "to direct, rule, guide, govern". The suffix **ment** has a few different origins. One of them comes from the Latin word ***ment***, meaning "mind".

Based on the occult definitions in the previous paragraph, the word government means "to rule the mind" or "govern the mind". Throughout history, governments throughout the world have always used "mind control" techniques, such as subliminal messages and propaganda, to condition us how to think. The purpose of this is to control how we think, so they can rule our minds.

One of the most popular and effective mind control techniques that the government likes to use to rule our minds is mnemonic. The adjective definition of the word **mnemonic** is "assisting or intended to assist the memory". As for the noun definition, **mnemonic** means "something intended to assist the memory, as a verse or formula". The word **mnemonic** originated from the Greek word ***mnemonikos***, meaning "of or pertaining to memory". Based on these definitions, mnemonic is something that affects the memory.

Mnemonic is used in many different media, such as video games, TV commercials, cell phone apps, computers, and movies. The techniques used in

mnemonic can be used for good or evil purposes. The problem is that most mnemonics of today are used to program our minds in negative ways and control how we think. One of the most popular technologies used for broad**cast**ing mnemonics is television (TV), a popular medium used by the Dark Magicians to **cast** magic spells on viewers.

Have you ever wondered why **TV shows** are sometimes called **TV programs**? They are called TV **programs** because they are being used to **program** your mind with mnemonics and subliminal messages. They did not call them TV programs for no reason. Mnemonics are effective for manipulating your mind because they use sigils, sacred geometry, sound, and light to create magic effects to control your thought patterns. Because of their effectiveness, many corporations are replacing conventional subliminal messages with mnemonics in their advertising campaigns.

A very important information you need to know about the government is that it is a corporation. According to *Black's Law Dictionary* (6th edition), a corporation is "an artificial person". Because the government is a corporation (artificial person), it is a fictitious entity that has no natural rights and power. Its main source of power comes from "feeding" on the energy of the people.

Because the government needs the people's energy to have power, it has no power without the support of the people. Sadly, most people have been brainwashed to think that the government has power over them. Whenever the government becomes tyrannical, all we need to do is remove our support and it will collapse on its own. This is how we can stop tyrannical governments without violent revolutions.

Another misconception most of us have about the government is the idea that the agents of the government have authority over us. Remember, the main source of power for the government is the energy of the people. Without us, the government has no real power, and therefore its agents also have no power to tell us what to do.

One of the groups that is part of the government is the police force. The government agents that make up the police force are sometimes called cops. Today, cops are not really here to protect and serve the people. Instead, they exist for the main purpose of serving and protecting the Dark Magicians and their minions. The Dark Magicians often think of cops as the lowest pawns of

the government.

The word **cop** is derived from the Latin word ***capere***, which means "to take". Some etymologists believe it originated from the Middle French word ***caper***, meaning "seize, to take". As a noun, Dictionary.com defines the word **cop** as "a police officer" or "a person who seeks to regulate a specified behavior, activity, practice, etc." As a verb, it defines **cop** as "to catch; nab" or "to steal; filch" or "to buy (narcotics)".

To innerstand why the word cop is used to describe the lowest pawns of the government, you need to find and study the hidden meanings of the word cop. Furthermore, you need to know the difference between the words **lawful** and **legal**. I will go into more details about the difference between these two words in the next chapter. For now, the important information you need to know about the words lawful and legal is that lawful is more about natural rights (God-given rights) and legal is more about rights given to you by man or the government.

Because the word lawful is related to natural rights, anything that is lawful is above anything that is legal. For example, when cops pull you over for speeding and give you a speeding ticket, they are operating under **legal status** and not **lawful status**. In other words, they are unlawfully giving you a ticket.

The reason that it is unlawful for cops to give you a speeding ticket is because it violates your natural right to travel. However, if you have a driver's license and/or your vehicle is registered to the government, cops can pull you over for speeding without having to worry too much about violating your natural rights. Your driver's license or license plate is evidence that you have a "contract" with the government, and therefore it puts you under the jurisdiction of the government and its agents.

Your right to travel is protected by Natural Law (a body of Spiritual Laws). It is a natural right inherently given by God to you. Because of this, no man, government agent, or government agency can **lawfully** tell you to stop traveling or how to travel without your **consent**. If they were to force you to stop traveling without your consent, they would be in direct violation of Natural Law.

To overcome the problem of violating your natural right to travel, the Dark Forces invented the driver's license, which is a contract designed to trick you to give them your consent. When you sign your name on the driver's license

contract, you agree to allow the government and its agents to have jurisdiction over you **when you drive a vehicle**. This is why cops are trained to always ask you for your driver's license. As soon as you give them your driver's license, they have the **legal** right to give you a ticket, unless you did not violate any traffic "laws".

Once you know cops are in violation of your natural rights whenever they force you to do anything without your consent, you should know that the hidden meaning of the word **cop** is a government agent whose main role is to **catch** people and **steal** their money using unlawful citations. The more citations cops give out, the more money their employer (the government) can collect.

Do you remember what I said earlier about the definition of the word cop? As a verb, the word **cop** is defined as "to **catch**; nab" or "to **steal**; filch" or "to buy (narcotics)". This definition of the word cop describes pretty accurate what many cops are doing to us these days. The process of using unlawful citations to steal our money is not only practiced by cops. Many government agents (e.g., IRS agents), whether they realize it or not, are also using unlawful citations to steal our money to finance the systems of the New Word Order.

By now you should be aware that the government is an artificial person. For this reason, the government can not directly deal with the living man. To overcome this problem, the people in control of the secret government, which are the Dark Magicians of the New World Order (NWO), created another artificial person. This **artificial person** is known as the **legal name**, which is the name on your birth certificate, driver's license, etc.

To rule our minds and control us, the Dark Magicians used their government to trick us to consent to play the Legal Name Game. By participating in the Legal Name Game, we unknowingly agree to be a corporation (artificial person). This allows the government to do business with us and have jurisdiction over us. Furthermore, the Legal Name Game makes it easier for the government to enslave us in the artificial matrix of the Dark Forces. Do you innerstand now why the word government means "to rule the mind?"

The good news is that when we know how to exercise our natural rights and be sovereign and responsible, we become the true rulers of the government. In other words, we become the true "**governors** of our **minds**", which esoterically means "governments". Remember, the word **government** secretly means "to rule the

mind" or "govern the mind".

There is a spiritual side to the Earth Matrix Drama, so if you do not know who you truly are and how to exercise your natural rights, you will have a very hard time freeing yourself from the artificial matrix of the Dark Forces. Another essential power that you need to know how to exercise is the power of Natural Law (a group of Spiritual Laws that governs the dynamics of the Universe). One of the most important Natural Law is the Law of Free Will.

Chapter 3
The Legal Name Game

The Legal Name Game is one of the greatest con games that the Dark Forces invented to enslave your soul. The Dark Magicians of the New World Order (NWO), which are the minions of the Dark Forces, like to use the legal name to trick you to agree to unknowingly surrender your natural rights to them. Once you do this, everything that you have purchased or owned under the legal name **legally** belongs to their government.

In other words, your kids, cars, house, land, and everything that you have purchased or owned using your legal name legally belong to their government. The good news is that the Dark Magicians did not create the Legal Name Game in a lawful way and therefore have no **lawful** standing. If you want to learn how to defend your rights effectively, you need to know the difference between the words **legal** and **lawful**.

> It is crucial to define the difference between legal and lawful. The generic Constitution references genuine law. The present civil authorities and their courts use the word legal. Is there a difference in the meanings? The following is quoted from A Dictionary of Law 1893:
>
> ***Lawful***. *In accordance with the law of the land; according to the law; permitted, sanctioned, or justified by law. "Lawful" properly implies a thing conformable to or enjoined by law; "Legal", a thing in the form or after the manner of law or binding by law. A writ or warrant issuing from any court, under color of law, is a "legal" process however defective. See legal. [Bold emphasis added]*
>
> ***Legal***. *Latin legalis. Pertaining to the understanding, the exposition, the administration, the science and the practice of law: as, the legal profession, legal advice; legal blanks, newspaper. Implied or imputed in law. Opposed to actual*
>
> "Legal" looks more to the letter [form/appearance], and "Lawful" to the

> spirit [substance/content], of the law. "Legal" is more appropriate for conformity to positive rules of law; "Lawful" for accord with ethical principle. "Legal" imports rather that the forms [appearances] of law are observed, that the proceeding is correct in method, that rules prescribed have been obeyed; "Lawful" that the act is rightful in substance, that moral quality is secured. "Legal" is the antithesis of equitable, and the equivalent of constructive. 2 Abbott's Law Dic. 24. [Bold emphasis added][13]

In simple terms, something that is lawful is superior to something that is legal. If something is legal, it does not necessary mean that it is lawful. For example, killing someone intentionally is unlawful but can be legal. Lawful is related to ethics, natural rights and the Laws of Nature. Legal deals with the **color of law** and rights given by man or the government. The phrase "color of law" means the "**appearance** of law", and therefore the word legal has nothing to do with true law.

Do you need evidence to support what you just read in the previous paragraph? *Black's Law Dictionary* (5th edition) defines the word **color** using these exact words: "An appearance, semblance, or *simulacrum*, as distinguished from that which is real. A *prima facie* or apparent right. Hence, a deceptive appearance; a plausible, assumed exterior, concealing a lack of reality; a disguise or pretext." Therefore, the phrase "color of law" means the "appearance of law".

The words lawful and legal are not that hard to innerstand when you know that the word lawful is related to Natural Law (God's Law) and is used to communicate things of substance. As for the word legal, it is related to laws created by man and is used to communicate things of form. In simple terms, something that is **lawful** is of **substance** so it is real, and something that is **legal** is of **form** so it appears to be real.

According to the 1893 Dictionary of Arts and Sciences, and general literature / The R. S. Peale 9th Encyclopedia Britannica, the word **legal** means "the undoing of God's Law". In the legal system, many legal terms are used to trick you to agree to be a legal person or legal fiction, which is an artificial person, also known as a corporation. A corporation (artificial person) is a dead entity that has no natural rights.

By tricking you to consent to be a legal person/legal fiction, the Dark Magicians and their agents of the legal system can legally claim that you have no natural

rights, unless you rebut their claim. In other words, the legal system is designed to trick you to temporarily give up your natural rights, which are the inherent rights given by God to you.

The process of tricking you to give up your natural rights is the "undoing" of God's Law. This is the deeper meaning of why the word legal means "the undoing of God's Law". Be aware that when I say "God", I am talking about the Supreme Creator; therefore, I am NOT talking about the ancient gods or the dark lords (alien gods) worshiped by certain secret societies.

What Is the Legal Name?

The legal name is not the name given to you by your mother and father; instead, it is a **counterfeit name** created by the government to trick you to do business with its agencies. A word that has a strong connection to this counterfeit name is signature. Signatures are used by legal persons to do business with corporations. Because of this, a signature is used to trick you to do business with the dead. As a living and breathing man, you do not have a signature; instead, you have an autograph.

To be more specific, your legal name is the corporate name that the government uses to attach you to a dead fictional character, so the government can identify you and do business with you. Because of this, if you want to successfully free yourself from the Dark Forces and their dead matrix system, you need to stop thinking that the legal name is who you are.

Names and legal names are not real people made of flesh and blood. Instead, they are abstract things that only exist in our imagination. In legal terms, names are artificial persons or legal fictions, which are corporations. Because corporations are artificial persons, they can be pretty much anything that is not real. For example, in general, religious institutions, banks, names, and governments are all corporations for the reason that they are fictitious entities that only exist in our minds.

I will say this again, your name or legal name is NOT who you really are, because you are the nameless spiritual being living in a body of a man (male or female). It is essential that you get this fact through your head or you will have a very hard time freeing yourself from the Earth Matrix Drama. Once you become aware of the legal name fraud and innerstand it, you should feel the magic spell

of the legal name slowly losing its effect, causing you to wake up and become more aware of who you really are.

Some spiritual teachers have said that the legal name is the "mark of the beast". In my opinion, the mark of the beast can mean a few different things associated with a mark of spiritual slavery. The legal name is one of them which is why they always tell you to **sign** your **name** on contracts.

A word that has a strong connection to the legal name or the mark of the beast is signature. The word **signature** is defined as "a person's name, or a **mark** representing it, as signed personally or by deputy, as in subscribing a letter or other document" or "any unique, distinguishing aspect, feature, or **mark**". Every time you sign your name/signature on a commercial contract, you agree to play the game of commerce, which is a game of "battery" invented by the Dark Forces to enslave your body, mind, and soul. In other words, the act of signing your name on a commercial contract is the process of marking yourself with one of the marks of the beast.

In the legal system, when a name is written in all lower case (i.e., john quincy adams), it refers to a natural and living person. Furthermore, when a person is described as "John Quincy of the House Adams", it refers to a natural and living person. When a name is not written like the previous two examples, most of the time it refers to an artificial person, also known as a corporation. It is important to know that in the legal system the word **person** can mean many things, such as a corporation, legal name, legal fiction, artificial person, or natural person.

Nearly 99 percent of the time when you receive a letter or document from a bank, court, or government agency, your name is written in all CAPITAL LETTERS. This all caps name tells lawyers, attorneys, and judges that it is a legal name of a corporation or dead man's estate. According to some law researchers, if the legal name is written in all capital letters and the letters are italicized, it is the name of a ship.

Here are some examples of how the name can be written in various ways. The following information is based on the U.S. legal system. Even though it is based on the U.S. legal system, it should also apply to English speaking countries that are controlled by the Western legal system.

john–quincy: adams = a living American endowed with all his natural rights

John Quincy Adams = a foreign situs trust used in commercial shipping

JOHN QUINCY ADAMS = a foreign estate trust

John Q. Adams = a public transmitting utility company

John q. Adams = a public foundation

JOHN Q. Adams = a cooperative

JOHN QUINCY ADAMS = a boat or ship used in public commerce
[According to the book titled *You Know Something Is Wrong When….. "An American Affidavit of Probable Cause"*, this name is supposed to be italicized (*JOHN QUINCY ADAMS*).]

JOHN QUINCY Adams = a commonwealth trust

J. QUINCY Adams = a slave owned by Exxon Corporation

J.Q. Adams = a foreign pauper forbidden to own land

Adams, John Q. = a taxpayer

ADAMS, JOHN Q. = a soldier

adams, john q. = a slave

There are dozens of different potential meanings that can be arbitrarily assigned to anyone's name and used to "represent" radically different entities. In a verbal conversation we can talk all day long about someone or something named "John Quincy Adams" and which john quincy adams or what kind of JOHN QUINCY ADAMS will never be known, except from the context of the conversation — but on paper the use of such a system instantly defines what or whom is being talked about — if you know the system.[14]

Shortly after you were born, your parents/pair-rents gave you a name. They gave you or "ewe" a name because you are going to be a good little sheep for the Dark Magicians.[15] Did you know that the word **ewe** is defined as "a female sheep" and is pronounced similar to the word **you**? The Dark Magicians like to call you/ewe

a sheep or sheeple, because sheep are some of the dumbest animals on the planet and they are great at following orders. The word **sheeple** is defined as "people compared to sheep in being docile, foolish, or easily led". It is derived from the combination of the two words **sheep** and **people**.

Why did your parents/pair-rents give you/ewe a name? Because the word **name** sounds like "neighhhm", which is a sound that horses like to make. Besides calling you a sheep, the Dark Magicians also like to call you a horse, because **horse** is phonetically **whores**. If you think this is just a coincidence, you have no idea how deep the horse connection goes. Read further and I will show you why it is not a coincidence.

When couples have relationship problems and are constantly arguing, they are sometimes described as **nagging** each other. A **nag** is "an old, inferior, or worthless **horse**". If they argue and nag at each other for too long, their voices may eventually sound **hoarse**.[16] Phonetically, the word **hoarse** sounds similar to the word **horse**.

Maybe the relationship is not **stable** because the **groom** did not **pony** up enough courage to get a good job; or maybe they could not afford a baby **crib**.[17] The word **crib** is simply an English synonym for **pony**. As for the word **groom**, it is defined as "a man or boy in charge of **horses** or the **stable**". The word **stable** means "a building for the lodging and feeding of **horses**, cattle, etc." In horse racing, the word **stable** means "an establishment where **racehorses** are kept and trained".

As mankind, we are being trained and groomed by the Dark Forces and their minions to become the horses/whores of **Babylon**, the ancient capital city of Babylonia. Today, many teachings and philosophies of certain secret societies can be traced back to Babylon. The word **Babylon** originated from the Greek version of Akkadian ***Bab-ilani***, meaning "the gate of the **gods**". Be aware that they are not talking about God; instead, they are talking about the **ancient gods**. Keep in mind that most ancient gods are the personifications of important principles within us.

Let us turn our attention back to the horse connection. One of the major reasons that a couple argues is because they do not know how to manage their time. Etymologically, the word **manage** is derived from the Italian word ***maneggiare***, which means "to handle," especially "to control a **horse**".[18] A word that has a

strong connection to the word **manage** is **manager**. Based on the definitions in this paragraph, a manager is someone who manages horses. Metaphorically, the horses are the workers or employees.

Another term that is related to horse is **pony-tail**. Sometimes a man does not like it when his woman puts her hair in a pony-tail. This may sound silly but some men do get angry at their women for putting their hair in a pony-tail too much. Furthermore, women who do not have nice **bangs** can be a turnoff for some men. Bangs usually do not cause too many relationship issues, so they should not be the main problem.

Oh, I know! Maybe the man does not like to **bang** his woman anymore. When the German word **pony** is translated into English, it means "bang, **bangs**, fringe". In English, the word **pony** is defined as "a **horse** of any small type or breed". Do you still think the **horse/whores** connection is just a coincidence? We have barely scratched the surface of the horse connection.

The Legal Name and Commerce

In commerce, when you see a name written in all capital letters, it is a corporate name or a legal name, which is a corporation. The legal name plays a significant role in your life, because it is used by the government as a conduit or liaison, so it can do business with you (the living man). This is why whenever the government, bank, or any corporation sends you a document with your legal name on it, 99 percent of the time it is written in all capital letters.

The process that allows the government to **legally** claim you as a corporate entity involves the creation of a fictional character, and then tricking you to consent to be that fictional character, which is the artificial person or legal name. This legal name was created shortly after you were born and was recorded on a bond. This bond that represents the date of your birth is known as your birth certificate.

The word **bond** is legally defined as "a contract by specialty to pay a certain sum of money; being a deed or instrument under seal, by which the maker or obligor promises, and thereto binds himself, his heirs, executors, and administrators, to pay a designated sum of money to another; usually with a clause to the effect that upon performance of a certain condition (as to pay another and smaller sum) the obligation shall be void".

To connect the dots, the birth certificate bond is a financial contract created to enslave your body, mind, and soul, so they can use you as **collateral** for the debt of the government. Anyone who has a birth certificate has been physically and spiritually enslaved by the Dark Forces. Sadly, most people are unaware of this fraud. Because of this, they have little chance of freeing themselves from the birth certificate bond. This certificate is a **magic contract**; therefore, it not only bonds you at the physical level but also at the spiritual level.

Have you ever wondered why birth certificates have seals on them? These seals are actually sigils. The word **sigil** is derived from the Latin word ***sigilla***, meaning "seal". Keep in mind that each **alphabet** of the language system is also a **sigil**. The word **sigil** is defined as "a sign, **word**, or device held to have occult power in astrology or **magic**". Words are sigils because the letters that make up words were created using sacred geometry and sacred science.

Let us turn our attention back to the legal name. Shortly after you were born, the government gave you a legal name that looked nearly identical to the name given to you by your parents. Your legal name, which is used by the government to do business with you (the body of **water** or **liquid**), is written in all capital letters because it is a piece of **liquidated capital** or "cap-it-all".[19] In other words, your legal name has been securitized and turned into a financial instrument to seal your body, so it can be sold in commerce. Hence, the term **liquidated capital**.

To liquidate something is to sell it off entirely, or sell it to pay off a debt. This process of liquidating something to make money is called liquidated capital. Why is that you may ask? Because you, the living man who has been securitized, were born in the womb of your mother, which was made of mostly water (liquid). You are also made of mostly water.

Because you are made of mostly **liquid** and have been **securitized**, you are considered **liquidated capital**. The word **capital** comes from the Latin word ***capitalis***, meaning "of the **head**", hence "**capital**, chief, first". It also comes from another Latin word ***caput***, which translates to English as "head".

When you really study the occult definitions in the previous few paragraphs, you should come to the conclusion that the process of turning you into capital money or liquidated capital is their way of saying that you have a **bounty on your head**. Your birth certificate is the **bond** with your legal name written on it in all

capital letters; therefore, it is the financial document (security/**capital**) or insurance certificate that has the value of the **bounty** on your **head**. This is why your birth certificate can be used to issue bonds to trade in the stock market.

In the Western world and many Eastern countries, shortly after babies are born, the government puts a bounty on their heads due to the fact that the government thinks of them as potential enemies of the State. According to Judge Dale, author of The Great American Adventure: The Secrets of America, if you live in the United States, the act that makes "you" an enemy of the U.S. government is "The Trading with the Enemy Act".

Even though the corporate U.S. government considers you (United States citizen) as an enemy of the State, it actually has no jurisdiction over you as the living man (male or female) with the body made of flesh and blood. However, if you agree to **act** in the **capacity** of a United States citizen, then the U.S. government has jurisdiction over you.

The good news is that the U.S. government only has jurisdiction over you when you are **acting** in the **capacity** of a United States citizen. For example, if you have a driver's license, the only time when the police can legally pull you over for violating traffic laws is when you drive a vehicle registered to the State. By doing this, they **presume** that you are **acting** in the **capacity** of a government agent. In other words, the U.S. government only has **legal** jurisdiction over you when you are using your driver's license, or any government issued ID, to **perform acts of government**. However, it does not have **lawful** jurisdiction.

The reason that the U.S. government has legal jurisdiction over **United States citizens** is due to the fact that they are considered **artificial persons (corporations)**, and therefore have no natural rights. Furthermore, United States citizens are considered "employees" of the United States (incorporated), and therefore are bound to the acts and statutes (rules and codes) of corporations. If you want proof that the United State is a corporation, look at subsections 15 and 15(A) in Title 28 U.S. Code § 3002 and you should see this sentence, ""United States" means— (A) a Federal corporation".

The act that **legally** created an incorporated version of The United States of America (unincorporated) was the District of Columbia Organic Act of 1871. Unlike the country "The United States of America" (**un**incorporated), which has a **republican** form of government, the "United States of America"

(**in**corporated) is a **democracy**. Shorty after the Great Depression of the 1930s, the "United States of America" changed its name to the "United States". However, it is common for the United States to do business as the United States of America.

In a society where the people are ignorant and irresponsible, democracy is one of the worst forms of government. The word **democracy** comes from the Greek word ***demos***, which means "common people". A group of common people can also be called a **mob**. One of the origins of the word **cracy** is the Latin word ***cratia***, meaning "power, might; rule, sway; power over; a power, authority". Based on these occult definitions, democracy means "mob rule".

In a democracy, the voting power of the majority overrules the rights of the minority. For example, if a man were on trial for not believing in God and 51 percent of the people in the room were to vote that he should be hung, that man would be hung for not believing in God. In a republic, his free will and natural rights would be protected. Do you innerstand now why democracy means mob rule?

This is why in a society where the people are ignorant and irresponsible, democracy is one of the worst forms of government. Today, most people in the United States and throughout the world are ignorant and irresponsible, which is why it is easy for the Dark Magicians of the New World Order to enslave them under their democratic government. Do you innerstand now why the U.S. government is always talking about spreading democracy throughout the world?

Democracy is just another form of **communism** except that the people have the **privilege** to vote. However, their votes do not really matter because the voting system is rigged. Keep in mind that a privilege is not a natural right and therefore can be taken away by the government.

How the Voting System Is Used to Drain Your Energy

This spring (2016), many Americans will be watching the 2016 Presidential Debate, so they can make an "informed" decision to vote for the candidate that they believe is the best to lead their country. What most Americans do not realize is that the Presidential Debate is a "play", and therefore all presidential candidates are basically actors auditioning for an acting job of a corporation called the United States. **May the best actor win!**

After being hired, the new president is assigned to more acting lessons, so he or she can become one of the best professional actors and liars that money can buy. The Dark Magicians like presidents who are professional actors and liars, because they can easily fool the American people to support the United States (incorporated), and help expand its franchise throughout the world. The word **franchise** means "the right or license granted by a company to an individual or group to market its products or services in a specific territory". But did you know that the word **franchise** can also mean "the right to vote"?

Like any corporate employee, when a presidential candidate wins an election and is sworn into office, he or she becomes an employee of a corporation. The main difference is that he or she gets to play the role of the CEO of the United States, a **federal corporation**. Do you remember what I said earlier about *Title 28 U.S. Code § 3002*? Under *Title 28 U.S. Code § 3002* subsections 15 and 15(A), ""United States" means— (A) a **Federal corporation**". It is right in their so-called laws, which are not really laws, but are **acts** and **statutes**. A play also has "acts" and often has "statues" as props. Hence, the play called the Presidential Debate.

The Presidential Debate is a play because it has presidential candidates/**actors** standing behind a podium like **statues** as they are worshiped like **idols** by naive citizens. The word **idol** is defined as "an image or other material object representing a **deity** to which religious worship is addressed". Today, the U.S. government is the new god or deity for Americans and their new religion is democracy.

As an employee of the United States (incorporated), the President has to follow the rules and codes (acts and statutes) of the United States (incorporated) or the President will be fired. Unlike a traditional employee, the President can only be fired by his or her **board of directors**, also known as the **Congress**. By now you should start to see how the offices of the United States are structured like a corporation, which is why the United States has a president and vice president, and a few secretary offices. One of its departments is even called U.S. Department of Human Resources.

Because the United States is a corporation, it also has **shareholders**, which are the leaders of the New World Order. Most, if not all, of these leaders practice the art of dark magic, which is why I like to call them the Dark Magicians or the Controllers. Some people like to refer to them as the Elite, the Cabal, or the

International Banksters. Because the United States has shareholders, its top priority is to make sure its shareholders are happy.

The most profitable business for the United States (incorporated) is WAR, which is why it has been constantly at war with other countries. According to an article published on WashingtonsBlog.com, since 1776 the "United States" has been at war 93 percent of the time or 222 out of 239 years.[20] The article was published in 2015, so if we were to count the year 2016, the statistics would change to 223 out of 240 years. All those unlawful wars have been engineered or partially planned by the Controllers of the New World Order to make money and spread tyranny throughout the world.

Because the people controlling the United States (incorporated), like to engineer unlawful wars and the President is their main actor, anyone who goes to a U.S. presidential debate or votes for a U.S. presidential candidate is pretty much "spitting" on the graves of the people who died fighting or standing up for freedom. What a disgrace to mankind, life, truth, and freedom. Worst of all, what an insult to God.

An important information you need to know about the United States (incorporated) is that it has hijacked the flag of The United States of America, which is the **war** flag with the 50 stars and 13 stripes made up of the colors red and white. Because of this, it is under the control of the corporation known as the United States (incorporated), usually written in all capital letters (UNITED STATES) in legal documents.

Another important information you need to know about the war flag with the 50 stars and 13 stripes is that when its border has a gold fringe, it represents the U.S. military flag of war. This flag deals with martial law, territorial law, and admiralty/maritime law. When you see the gold fringe U.S. flag in a government building (e.g., courtroom), it means that common law rights and the Constitution are suspended or void, and therefore the building is operating under military and commercial laws.

The U.S. military flag of war, which is the U.S. flag with the gold fringe on its border, was traditionally flown over U.S. military buildings only during wartime. Today, this flag is seen in nearly every court in the United States and in the offices of U.S. politicians! In other words, Americans are living under a less severe form of **martial law**. In simple terms, Americans have been conquered

from within because of their ignorance and irresponsibility.

If you have the flag with the 50 stars and 13 stripes in your home or yard, you may want to remove it. This flag does not really represent freedom, because it is a flag of **war** and is controlled by the United States, an incorporated entity controlled by the New World Order (NWO). The NWO is a secret organization controlled by mostly Western secret societies. One of its main goals is to enslave mankind under a fascist government.

Because the flag with the 50 stars and red and white stripes is controlled by the United States (incorporated), if you are the type of man or woman who likes to protest against the U.S. government, do not bring that flag with you to the protest. If you were to bring it with you and wave it around like it represents freedom, you would be making a fool of yourself. It is like going to a protest against the Nazi while at the same time wearing a pro-Nazi shirt and carrying a Nazi flag.

An important information you should know about protests is that they do not create significant empowering changes, so it is best to avoid them. When you protest, you are basically telling the government that you want change, but you want the government to do it for you. In other words, you are thinking and acting like an incompetent baby who is not responsible enough yet to be truly free from the control of the government.

Once you know that U.S. presidential candidates are actors auditioning for a corporate job of the United States (incorporated), you should know why it is pointless to vote for these candidates. The U.S. voting system is a big fat scam anyways, so you are just wasting your time when you go vote at the voting booth. The truth is, as a United States citizen, you do not have the "right" to vote.

In legal terms, your right to vote is actually a privilege because to be a **United States citizen** means that you are a **legal person**, also known as a **corporation**. According to *Black's Law Dictionary* (6th edition), a **corporation** is "an **artificial person** or **legal entity** created by or under the authority of the laws of a state". (Bold emphasis added) An **artificial person/legal person** is considered a **dead entity**, because it does not exist in the real world.

Because a corporation is an artificial person, it has no natural rights, such as the

right to vote, the right to speak, and the right to make choices. So, when U.S. politicians tell you that you have the right to vote as a United States citizen, they are already lying to you. Keep in mind that **voting** is NOT the same as **electing**.

Every time you vote for U.S. politicians to represent you in office, you consent to be governed by mostly "treasonous" politicians. Nearly all U.S. politicians do not really care about you for the reason that they work for the Dark Magicians and their New World Order (NWO). All U.S. politicians working in Washington D.C. have sworn a solemn oath to the NWO, and therefore their allegiance is to the British Monarchy, the Crown Temple and the Vatican, and not to the American people.

The right to vote in the United States is a big fat FRAUD, because your vote does not really matter and the voting system is rigged somewhat like a casino. Furthermore when you, as an American, vote for a U.S. president, you are not voting for a president of a country, but are voting for a president of a FOREIGN corporation known as the United States (incorporated), also doing business as the United States of America (incorporated).

An important information you need to know about the U.S. voting system is that the presidential candidates are often chosen by the Dark Magicians of the New World Order and they control both of the Republican and Democratic parties. The idea that we have choices when it comes to electing U.S. presidential candidates is a deceptive illusion.

As an American, when you **vote** instead of **elect**, you basically commit TREASON against the country called The United States of America (**un**incorporated), which is made up of 50 separate states operating as a nation on the land jurisdiction. The United States (**in**corporated) operates under the international jurisdiction of the sea, which is based on admiralty law (the law of the sea). This law deals with commerce and therefore is sometimes known as the law of money.

If you really want to know what you are doing when you vote, you need to study the occult definitions of the word vote. At the deeper level, the process of voting is a religious ritual created by the Dark Forces to drain your energy and enslave your body, mind, and soul. Do you need evidence of this? Read further and I will show you the evidence.

The word **vote** is defined as "a formal expression of opinion or choice, either positive or negative, made by an individual or body of individuals" or "the means by which such expression is made, as a ballot, ticket, etc". These two definitions of the word vote only show you the overt meanings of the word vote. To find the occult meanings of the word vote, you need to use the art of homophone to help you find other words phonetically related to the word vote.

Phonetically, the word **vote** sounds nearly identical to the word **volt**. Where do voters go **vote/volt** at? They go to a voting booth or a polling/**poll**-ing booth. The word **poll** sounds similar to the word **pole**, which is defined as "either of the two regions or parts of an electric battery, magnet, or the like, that exhibits electrical or magnetic polarity". In other words, a pole is the electric battery pole of positive (+) or negative (-). This is why when you go **vote**, you go to the **polls/poles**, so you can place your **vote/volt** on the candidate that you want to see put in **charge**.[21]

Once the votes/volts are counted, the politician or "**pole**-itician" that receives the most votes/volts is the candidate that will be elected into the position of **power**. Maybe this is why it is called power politics. Every time you vote, you CONSENT to give your **electrical energy** to the Dark Forces, so they can use it to power their corporations/"corpses" and New World Order. It is all about tricking you to give up your life force energy.

The so-called presidential election of today is a sick and sinister con game created by the Dark Forces to con you to agree to be a human "battery", so they can drain your life force energy to power their dead matrix and corporations. This is why before they can summon you to go to court, they need to **charge** you first. Just like charging a battery before its energy is drained to power electronic devices.

By now you should know that your legal name is a name of a corporation, which is why 99 percent of the time it is written in all capital letters. It is important to know that even when your legal name is not written in all capital letters, it could still represent a corporation. Once you innerstand this process, you should know that your legal name is often written in all capital letters because it has been incorporated and securitized, so it can be used in commerce.

Another reason that your legal name is often written in all capital letters on government contracts (e.g., birth certificate) is because capital letters are more

effective for creating magic spells! Your birth certificate is not just a record of birth, it is also a spiritual contract sealed with dark magic. This is why there are sigils (seals) on your birth certificate. Your parents' **signatures** are also **sigils/seals** and therefore on the day they signed your birth certificate, their actions spiritually **sealed** or **bonded** you to the birth certificate contract.

When you split the word **signature** into two words, it transforms into "sig-nature". The prefix **sig** is defined as "write; **mark**; label". As for the word **nature**, one of its origins is the Latin word ***natura***, which literally means "**birth**". It can also mean "course of things; natural character, constitution, quality; the universe". In other words, a signature is a "birth mark".

Based on these occult definitions, when your parents signed their signatures on the birth certificate that had your name on it, they **marked** you at **birth** with **sigils** and therefore spiritually and magically **bonded** you to the birth certificate contract. By doing this, they also signed your natural rights away to the State, making you a legal property of the government. Sadly, your parents most likely did not know this for the reason that they lacked the knowledge to innerstand magic. The **signature** and **legal name** are two of the **marks of the beast**.

Chapter 4
The Dark Secrets of the Education & Religious Systems

There is a very sinister side to the education system. If you are not aware of it by now, you already have been enslaved by it. The good news is that there are ways to free yourself from the "evil" side of the education system. By the end of this book, you will know how to not only free yourself from the education system, but also free your mind and soul from the dead matrix of the Dark Forces.

In United States, most of us start school around the age of 4 or 5. The first primary education class that is used to school us to be good little sheep/sheeple is kindergarten. The word **kindergarten** originated from two German words ***kinder*** and ***garten***. When translated to English, *kinder* means "children" and *garten* means "garden". Therefore, kindergarten literally means a "**garden of children**". In English, the word **garden** means "a plot of ground, usually near a house, where flowers, shrubs, vegetables, fruits, or herbs are cultivated".

Now, ask yourself this question and think about it for a minute. Why would the agents of the New World Order (NWO) named the first primary education class kindergarten (garden of children)? To innerstand why they did this, we need to turn our attention to the story of Adam and Eve and the Garden of Eden and investigate the occult meanings of this story.

According to the Bible, shortly after God created the heavens and the earth, He also created a garden and a man named Adam. This man was given dominion over the plants and animals in the garden, which was called the Garden of Eden. Shortly after creating Adam, God used one of Adam's rib to create a woman named Eve to be Adam's companion.

Before I reveal some very controversial information about Adam and Eve and the Garden of Eden, I need to show you the Bible verse Genesis 1:26 from the New King James Bible. This verse is important for helping you innerstand the occult meanings of the story of Adam and Eve. Here is the Bible verse **Genesis**

1:26:

> [26] Then God said, "Let Us make man in Our image, according to Our likeness; let them have dominion over the fish of the sea, over the birds of the air, and over the cattle, over all the earth and over every creeping thing that creeps on the earth."

Did you notice that the first seven words that God said was, "Let Us make man in Our image"? This verse is talking about more than one god. When the Bible talks about God, it is not always talking about God as One Supreme Being. It is my innerstanding that Genesis 1:26 is talking about the **Holy Trinity** (the Father, the Son, and the Holy Spirit). Some researchers of the Bible believe that Genesis 1:26 may be talking about the alien gods or the spirits of planets. Spirits of celestial bodies are sentient beings that have expanded their consciousness to the level of a god. This is why secret societies like to worship them as gods.

It has been mentioned by some biblical scholars that the early version of the Bible verse Genesis 1:26 was changed from "Then **Elohim** said, "Let Us make man in Our image"" to "Then **God** said, "Let Us make man in Our image."" The word ***Elohim*** is a plural noun and is a Hebrew word that means "gods" in English. In Hebrew, the singular noun for god is the word *Eloh*.

By studying ancient records, some researchers of ancient civilizations concluded that alien gods visited Earth thousands of years ago. One of the alien races was called the Annunaki. During the ancient times, some of those alien races were worshiped as gods. Even today, many secret societies still worship alien gods. Is it true that intelligent extraterrestrial beings have visited Earth? Based on my research, I can confidently say that there are some truths to this claim. Be aware that there is also a lot of false information in the public domain about extraterrestrial beings.

The alien gods were said to come from the stars. One of those stars is called Sirius. The word **Sirius** is related to the Latin word ***siri***, which translates to English as "Sirius, **greater dog-star**". Some ufologists believed that the **Grays** came from the Sirius star system, while others believed they came from Zeta Reticuli.

The Latin word for **gray** is ***canus***. This Latin word sounds very similar to the Latin word ***canis***, meaning "dog" or "**dog star**". The Latin word ***canis*** is related

to the constellation **Canis Major**, which means "the greater dog" in Latin. Canis Major represents the bigger dog following the constellation Orion, which is known as the mythical hunter. Certain ancient civilizations believed that the **stars** were the physical manifestation of the different states of **God**. Hence, the term "star god" or "sun god". When you spell the word **god** backwards, you get the word **dog**. Put the word **dog** in front of the word **star** and you get the term "dog star".

The information in the previous paragraph tells us that the word **god** has a strong connection to the words **dog** and **Sirius**, the star system where many of the ancient alien gods came from. Keep in mind that the external universe is a reflection of the internal universe. In other words, it is a reflection of the mind. Because of this, the ancient alien gods are thought-forms that exist within the mind.

If you have read my articles on ancient and biblical myths, you should know that the Bible is a religious book full of metaphors, allegories, codes, symbols, esoteric anagrams, and parables; therefore, if you do not decipher the codes in the Bible first before reading it, you will not be able to access the empowering truths hidden in the metaphors, allegories, parables, and words of the Bible. This is why the sentences in the Bible are called **verses**. The word **verse** is defined as "a single metrical line in a poetic composition; one line of **poetry**". An important information you need to know about a poem is that it often has **metaphors** in it.

If the information in the previous paragraph is hard for you to accept, look at the Bible verse Matthew 13:34-35 (NIV) and you will find evidence that the Bible has parables.

> 34 Jesus spoke all these things to the crowd in parables; he did not say anything to them without using a parable. 35 So was fulfilled what was spoken through the prophet:
>
> "I will open my mouth in parables, I will utter things hidden since the creation of the world."

Because you now know that the Bible is a religious book full of parables, let us turn our attention back to Adam and Eve and the Garden of Eden. When the Bible refers to Adam, it is not always referring to a man. In Genesis of the Bible, the character **Adam** is a metaphor for the **atom** (atomic particle). Adam is

phonetically atom.

In certain teachings of the occult world, **Adam** represents the sun-god **Atum** and **Eve** represents the **Moon**. Throughout mankind's history, the **Sun** has always been associated with the **divine masculine energy** and the **Moon** and the **Earth** have always represented the **divine feminine energy**.

At the deepest level, the biblical story of Adam and Eve is nothing more than a story of the two creative forces of polarity and why those two forces are constantly fighting and making love with each other, similar to what people do in an intimate relationship. This process of fighting (expanding) and making love (contracting) allows the manifestation of negative and positive experiences. The knowledge and experience gained from those experiences teach the two creative forces of polarity to achieve a state of balance and harmony.

Once you innerstand the occult (secret/hidden) meanings of the story of Adam and Eve, you will eventually know that it is a story of the two creative forces of polarity and their magical journey to achieve a state of balance and harmony. Hence, the story of Adam and Eve, the Sun and the Moon, the sperm and the egg, the conscious and the subconscious, the light ("good") and the darkness ("evil"), the positive and the negative, the divine masculine energy and the divine feminine energy, the Christ and the anti-Christ, etc.

During the ancient times, there were some secret societies and civilizations that worshiped the Moon. Back then the name **Sin** was used to call the **Moon**. To be more specific, Sin was the name of an ancient moon goddess. Today, we live in a world ruled by secret societies controlled by mostly men. These male-dominated secret societies have brainwashed most of us to worship the divine masculine principle, such as the Sun, Jesus, and Lucifer. To prevent us from worshiping the divine feminine principle (e.g., the Moon), they tell us that we can only be saved by worshiping the **external** Sun/Jesus and accept him as our savior. This is misleading because the true savior is **within** us.

The idea that we need to worship the **external** Sun/Jesus and accept him as our savior is nothing more than the **distorted** or **unbalanced** version of the divine masculine energy wanting to prove that it is better than the divine feminine energy. The truth is that the divine masculine energy can not exist in a balanced and conscious state without the divine feminine energy. If the divine feminine energy were to suddenly cease to exist, the divine masculine energy would

become so out of balance that it would also cease to exist.

The main reason that the world is such a mess is because we live in a reality where the divine masculine energy has become so strong and distorted that it has endangered the integrity of the harmonious interaction between the divine feminine and divine masculine energies. The result of this distortion has manifested potentially destructive things to Mother Nature, such as wars, nuclear weapons, transhumanism, artificial intelligence, genetically modified organisms, false religions, and tyrannical governments.

Transhumanism is nothing more than the **distorted version** of the divine masculine energy wanting to prove to God that it can bear life and achieve immortality without the human body. It is left-brain dominant scientists' sick way of wanting to prove to Mother Nature that men can bear life without the assistance of women.

The path of transhumanism will not lead to eternal life; instead, it will eventually lead to the near destruction of mankind. Men and women need to learn how to balance their divine masculine and divine feminine energies, so they can live in harmony with one another, or they will most likely destroy themselves and Mother Earth.

It is essential to know that each man or woman has both the divine masculine and divine feminine energies inside him or her. However, women often have more attributes of the divine feminine energy and men often have more attributes of the divine masculine energy. The action of men waging a war against the divine feminine energy is pointless, because they are only waging a war against themselves. This also applies to women waging a war against the divine masculine energy.

It is important to know that the religious story of Adam and Eve and most stories of the Bible often have more than one meaning. In other words, each story often has many layers of hidden messages. This prevents the average people, most Christians, and low-level members of certain secret societies from acquiring the really important knowledge in the Bible. Because each story of the Bible often has more than one meaning, the name **Adam** can also mean **red man**.

> The name "Adam" (Hebrew: אָדָם) was linked with the triliteral root אָדַם ('ADM

), meaning "red", or the red earth-clod. It is related to the words: adom (red), admoni (ruddy), and dam (blood). This
is
where we get the name Edom, meaning the red man, and also Odem, meaning the sardius, ruby, or red jewel.

The meaning of atom is, "such particles as a source of nuclear energy: "the power of the atom". The atom is a basic unit of matter, that consists of a dense central nucleus surrounded by a cloud of negatively charged electrons.

In a previous article, The Science of 666, I had explained that the number 666 relates to the carbon atom and man. Carbon-12 is one of the 5 elements that make up the human DNA, being composed of 6 protons, 6 electrons and 6 neutrons, which equates to 666. Carbon-12 is the most abundant of the two stable isotopes of the element carbon, accounting for 98.89% of carbon.[22]

Here is another way to decipher the hidden codes behind the biblical story of Adam and Eve. This method uses the art of cryptography to decipher the codes of the Bible, revealing another occult meaning of the story of Adam and Eve.

Acroamatic ciphers, as you know, are cryptograms about various Letters of a "sacred Alphabet". In the acroamatic cipher,

"The creation myths of the world are acroamatic cryptograms, and the deities of the various pantheons are only cryptic characters which, if properly understood, become the constituents of a divine alphabet. The initiated few comprehend the true nature of this alphabet, but the uninitiated many worship the letters of it as gods."

Thus in Adam and Eve, the proper acroamatic transposition is to take the Letter M and divide it into its constituent components, as thus:

M = I V I

This represents a "D-IVI-SION", which means "double (di) vision". Here we deal again in "duality", or "male/female". In the case of M = IVI, we reorder the IVI to reveal VII, or the word SEVEN. The VII is then ciphered further as

V = VE = EVE

II = PI = ADM = 1413 = 3.141

EVE then is the number 666, and thus the Letter M divides into VII and then further into SEVEN and then further into

SN = 3.14

EVE = 666,

and so forth.

The Letter M, therefore, is the primary cryptic letter (acroamatic cipher) to the Adm and Eve story, which further illuminates the core numbers of "Pi" and "666", each central to the Illuminatus philosophy.[23]

Another occult meaning of the biblical story of Adam and Eve and the Garden of Eden is related to genetic engineering. In this version, the Garden of Eden is the garden where the alien gods created life using genetic engineering techniques. According to the book titled *The Cosmic Code* by Zecharia Sitchin, one of the alien races known as the Annunaki came to Earth roughly 445,000 years ago. According to certain researchers of Zecharia Sitchin's work, the Annunaki was one of the first alien races to tinker with the DNA of the ancient humans.

They also believed that the Annunaki combined some of their DNA with some of the human test subjects' DNA and were able to successfully create a new human hybrid race. Some researchers claimed that the new human hybrid race eventually evolved to the humans of today. The idea that alien gods played a role in creating modern humans may sound crazy. However, in the last few decades, geneticists have discovered that the human DNA has foreign DNA that may not be from Earth. This could explain the famous "missing link" in human progression.

Some researchers of alien gods suggested that people were also used as a food source. This makes me wonder if the Garden of **Eden** is the Garden of **Eatin'**.[24] Besides, what else would they use a garden for? To grow food to eat, right? If this were the case, then Earth would be the Garden of Eatin'.

Is there evidence proving that people were and are still being used as a food

source? I have not found irrefutable proof that people have been used as food, so I do not know for sure if it is true. However, I have found some very interesting evidence that points toward that direction and I do know that people are being used as "batteries" to power corporations. After you read Chapter 5, you will most likely support the idea that people are being used as batteries.

An important information you need to know about the Dark Forces (false gods and self-serving thought-form entities) and the Dark Magicians is that they like to tell you what they are doing to you or are planning to do to you in movies and TV shows. They also like to use video games, music videos, and other popular media to tell you their future plans for mankind.

In the movie *Jupiter Ascending*, there is a scene where Titus shows Jupiter a room full of thousands of vials filled with youth serums. By drinking the youth serums, it allows Titus and his race to live for thousands of years. What is shocking about the serums is that each one of them was made from harvesting nearly 100 dead people. Could this be the ichor or golden blood plasma that the Greeks used to talk about?

The golden blood plasma, which is believed by some researchers of occultism to have natural monoatomic gold in it, could be one of the main reasons that the Dark Forces and the Dark Magicians have been promoting the idea that alien gods will come save us, or that the Rapture event will take certain people back to God. Keep in mind that when a religion refers to "God", it is not always talking about the Supreme Creator. Sometimes it refers to the alien gods or false gods.

The word **rapture** is connected to the Latin word ***raptus***, which means "a carrying off, abduction, snatching away; rape". Therefore, the deeper meaning of the word rapture is "snatching or abduction". Christians who believe that they will be raptured to heaven have been deceived by the Dark Forces. Every time people die, their souls are often raptured/abducted to "heaven". This heaven is not the heaven where enlightened beings live; instead, it is another control system of the artificial matrix used by the Dark Forces to trick naive and cowardly souls to go back into their matrix slavery program, which is a program designed to prevent souls from leaving the artificial matrix.

The Rapture program is another savior program created by the Dark Forces to keep us living in a state of victim mentality, so they can weaken our spiritual powers, allowing them to enslave our bodies, minds, and souls. The good news

is that they can only rapture or abduct us with our CONSENT.

If the alien gods are after our golden blood plasma, then the ascension process that we are currently going through would be the best time to trick us to agree to be harvested from the Garden of Eden/Eatin'. They have to trick us because they need our consent. If they were to take us by force, they would violate the Law of Free Will.

To overcome the problem of violating our free will, the Dark Forces like to use spiritual contracts to trick us to give up some of the power of our free will. If you have signed a spiritual contract or agreed to participate in a religious contract (e.g., external baptism), you can nullify it by writing a writ to notify the interested party that you revoke your consent, and that God is the witness to your claim. Keep in mind that the birth certificate is also a spiritual contract. In addition, you need to **rebut presumptions** and **correct your status** by notifying the government that you are the peaceable and living **man**, and not the legal fiction, name, or any man-made person. Three great websites that teach you how to do these things are AnnaVonReitz.com, Freedom-School.com, and YouAreLaw.org.

If the human body can produce more ichor/golden blood plasma during ascension cycles, it would make sense for the alien gods of the Dark Forces to hijack certain aspects of the ascension process. This will make it easier for them to trick us to agree to go with them. Maybe this is why **ascension** is sometimes called **the harvest**, as stated in the book titled *The Ra Material*.

A word that gives us a clue to back up the harvesting of people is the word fetus. Phonetically, the word **fetus** sounds similar to the term "**feed us**". After the fetus/feed-us is born, it is called a baby. When the word **baby** is spoken aloud, it sounds like "bay bee". The word **bay** is defined as "a body of water partially enclosed by land but with a wide mouth, affording access to the sea". Because you are made of water, you are like the bay. As for the word **bee**, it is a name for identifying flying insects that are known for producing honey.

Based on the previous two definitions, the word baby/bay-bee means "a body of water that produces honey." Combine water and honey and you get the golden blood plasma that the alien gods need for longevity. More babies mean more golden blood plasma or "honey" for the alien gods. Why do you think a couple in a relationship call each other honey or baby? Because every man (male or

female) or baby/fetus/feed-us has golden blood plasma or "honey" inside him or her.

To connect the dots, when you are old enough to go to kindergarten (garden of children), you (the baby/bay-bee) are put into a building designed for housing a **colony**, also known as a **hive**. This building is used to school you to be a good little slave, so when you grow up to be an adult, you are ready to work like a honey bee and produce golden blood plasma for the alien gods of the Dark Forces.

One of the largest colonies on Earth is the United States, which is the new colony of the Queen of England. The Queen is sometimes called "Queen Bee". Even the unmarked lorries that are used for transporting the Queen's personal belongings are known as the "Queen Bees". This is why before the creation of the States, the "United States" was known as the 13 Colonies. So, who are the workers (bees) for the Queen? The American people!

The word **colony** sounds similar to "cull honey". In legal terms, **colony** means "a union of citizens or subjects who have left their country to people another, and **remain subject** to the mother country". The word **cull** is defined as "to reduce or control the size of (as a herd) by removal (as by hunting) of especially weaker animals; also: to hunt or kill (animals) as a means of population control". As for the word **hive**, it is defined as "a shelter constructed for housing a **colony** of **honeybees**".

Based on these occult definitions, the public school system is a colony/cull-honey for schooling kids to become good little sheep or honeybees, so when the time comes, they can be **culled** for their golden blood plasma or "honey". A colony or cull-honey is also a great "mind control" system to **hive off** people or break people away from their larger groups for the purpose of population control.

Have you ever heard of the Georgia Guidestones? The Georgia Guidestones has a message that says, "Maintain humanity under 500,000,000 in perpetual balance with nature". Whoever is behind this message wants the population of humanity to be reduced to 500 million people. This means that over 90 percent of the population would have to die. Some people refer to this depopulation event as the "Great Culling". Have you ever wondered why there are so many toxic chemicals in food, water, vaccine, and medicine? It may be related to the Great

Culling.

In kindergarten, one of the first things they teach you is the alphabet, which is made up of letters created by using sacred geometry. These letters are ideograms which are written symbols that represent ideas. An important information you need to know about all written symbols is that they are created into existence from the egg (the dot) and the serpent (the line). The egg and the serpent are important symbols in the teachings of secret society.

After they teach you how to write the letters of the alphabet, they also teach you how to spell words correctly. The hidden agenda of teaching you the alphabet and how to **spell** words correctly is to prepare you for the day you can cast magic **spell**s through the act of **spell**ing! Another reason that they teach you how to spell words correctly is to make sure that each letter (geometry) is arranged the same way every time you write something. This helps strengthen the magic effects of certain words.

Did you notice the term **magic spell** and the word **spelling** have the word **spell** in them? This was done by design. It is right in your face and hidden in plain sight! The hidden intent of spelling is to cast magic spells. Do you remember those spelling **bee** contests in middle school? The spelling programs of the education system are schooling children/babies/bay-**bees** to be good **spellers**. Hence the term **spelling bee**.

Besides teaching you how to spell, you are also taught how to say the alphabet correctly using specific sounds. This process is important for creating the right sound for each letter of the alphabet, which is essential for casting magic spells. The sound of each letter of the alphabet was created based on sacred sound. Keep in mind that many **letters** are **symbols** of **ancient gods**.

When you combine the letters of the alphabet and transform them into words and speak the words aloud, you are not just uttering words but are also casting your thoughts and vibrations into Earth's magnetic field or magic field, which is the energy field that creates the reality of Earth. If you are not careful and say certain words together, you can cast a spell without even knowing it.

Most of us do not know how magic works because we lack the knowledge to innerstand energy mechanics and sacred geometry. Because of this, we have no idea what we are doing when we yell harsh words at one another using **swear**

words or **curse** words. They did not call them curse words for no reason. Are you starting to see how the language system and words are strongly related to magic and energy?

Why do you think most parents tell their kids to stop **cursing** when they **swear** too much? Even at a subconscious level, we intuitively know that it is not good to use curse words too much. When you shout curse words at people, you actually cast dark magic spells on them. Due to the power of the Law of Attraction, those magic spells can also be reflected back unto you. This is why you should be careful of the words you use when you yell at people.

After learning how to spell words correctly, they teach you how to cast those spellings/spell-ings into sentences and phrases without teaching you about the magic effects of spelling. The purpose of this is to prevent you from knowing the true power of words, making it easier for the Dark Magicians to control your mind using words and magic spells. Their magic spells can not control 100 percent of your mind, but they do affect your mind more than you may realize. Magic spells work similar to subliminal messages which are hypnotic suggestions that can be used to manipulate your subconscious to a large degree. Subliminal messages are a form of magic spells!

By now you should know what I mean when I said in Chapter 1 that many words in the English language are carefully designed and put together in a way that gives them the power to cast spells, allowing the Dark Magicians to trick you to play their con game. Most, if not all, other languages also have the power to cast spells. The magic power of words is the main reason that words are so effective for deceiving and enslaving you. Do you innerstand now why words are more powerful than swords?

Certain words have the power to create powerful spells, but that does not mean that your thoughts, consciousness, awareness, and spirit can not protect your mind from being hypnotize by their spells. Words can be used to create magic spells to control your mind, but when you become **aware** of their powers and how they are used to control you, they can not affect your mind as much.

For example, when traditional magicians do magic tricks, they can fool you to believe that their tricks are real. But if you figure out how their tricks are done, you can no longer be fooled for the reason that you know their tricks are illusions. In other words, you have become **aware** of how their tricks work, and

therefore they can not deceive you anymore. Other ways to protect your mind from magic spells are by overcoming your fears and increasing your frequency. These things can be achieved through the right knowledge and experiencing the knowledge into wisdom.

The way magic tricks work is similar to how the Dark Magicians use magic spells to control your mind. Once you become aware of how the Dark Magicians use magic spells to control you, their magic spells lose a lot of their effects. Your awareness is one of the most powerful spiritual powers that you have. Learn how to use it wisely and the Dark Magicians will not be able to control and deceive you using the art of word play and magic. Keep in mind that words can be used for "good" or "evil" purposes and therefore can be used to free or enslave your mind.

Chapter 5
How the Legal & Commerce Systems Drain Your Energy

In the legal system, when you go to court for a trial, you are not really going to "court" but are going to a "game arena" where they are planning to con you using word play, legal words, and word tricks. Where do you go to when you want to play basketball, volleyball, or tennis with your friends? You go to a basketball, volleyball, or tennis **court**. Therefore, a court is where you go to when you want to play a game. They did not name the place where you go to trial a courtroom by accident.

A word you need to investigate in the previous paragraph is trial. Phonetically, the word **trial** sounds like the word **tryout**. The word **tryout** means "a **trial** or **test** to ascertain fitness for some purpose." When in court, the plaintiff and the defendant are at a trial/tryout/test to see who is better at using words to convince the judge to decide who will be the winner of the game.

This is why the **judge** is sometimes referred to as the **administrator**. The judge is there to administer or manage the rules of the game in the court/game arena, which is why the judge sits behind a bench. The word **bench** is defined as "a seat occupied by an official, especially a judge" or "the seat on which the players of a team sit during a **game** while not playing". Another role of the judge is to act as a **banker**, because he or she is the administrator of a **commercial** court. It is about commerce and not justice.

One of the words judges and attorneys like to use to trick you to "give up" your natural rights in court is contract. The word **contract** originated from the Old French word ***contract*** and Latin word ***contractus***, meaning "a contract, agreement". Contract is a very powerful tool for the reason that it can be used to trick you to give up some of the power of your free will. It can also be used to bind you to certain terms and conditions, and therefore limiting your choices and demanding you to do something to satisfy those terms and conditions.

Most of us know that a contract is an agreement between at least two parties. This definition of contract only shows you the overt meaning. To find the covert or occult meaning of the word contract, you need to look below its surface, dissect its layers, find its origins, and inspect it from many different angles. Therefore, you may need to use an etymology dictionary to find the origins of the word contract and rearrange its letters using the art of anagram.

One of the first steps to finding the deeper meaning of the word contract is to separate it into two words. When you split the word **contract** into two words, you get the term "con tract". As a verb, the word **con** is defined as "to swindle; trick". As a noun, the word **tract** is defined as "a brief treatise or pamphlet for general distribution, usually on a religious or political topic". When you put the two definitions together and translate them in a certain way, they transform into the phrase "a deceptive treatise" or "a treatise of trickery". This is one of the deeper meanings of the word contract.

Every time you sign a contract with a corporation (e.g., bank and government agency), you agree to a deceptive treatise. The good news is that nearly all contracts you made with corporations and government agencies are "fraudulent", because they do not come with full disclosure. For a contract to be truly valid, it needs to have an agreement with mutual understanding, competent parties, and full disclosure of material facts.

Another word that judges and attorneys like to use to deceive you in court is the word understand. When you go to court and the judge asks you the question "do you understand the charges?" you should think twice before answering the question. If you were to answer yes, you would basically admit to the judge and the court that they have jurisdiction over you.

When you split the word **understand** into two words, you get the term "under stand". To find the occult meaning of the term "under stand" you need to switch the words **under** and **stand** around. When you do this, the term **under stand** becomes **stand under**. By saying to the judge that you understand the charges, you are also telling the judge that you **stand under** the charges.

One of the most common words they like to use to trick you in court is the word **person**. The word person is a general word for the reason that it can mean a legal person, natural person, corporation, name, or any fictitious entity. Most of the time when the judge asks you for your name, he is asking for your legal

name, which is a legal person or legal fiction. A legal person can also be a corporation.

A corporation is a "corp-o-ration" or "corpse-o-ration". The plural form of the word corporation can be written as corps. Phonetically, the word **corps** sounds similar to the word **corpse**, which is defined as "a dead body, usually of a human being". The legal system sees you as a **corpse** to be used as a **ration** to feed the artificial matrix of the Dark Forces. Hence, the word corporation/corp-o-ration/**corpse**-o-**ration**. Do you remember what I said in Chapter 2 about why the government sees you as a **legally dead** person, because you are considered lost at sea or dead at sea?

Another very important information you need to know about the legal system is that nearly all of its courts are operating under admiralty/maritime law. The courts of the legal system deal with fictional characters (e.g., legal fiction and corporation), which is why their "laws" are called **acts** and **statutes**. As a verb, the word **act** is defined as "to perform as an actor". The so-called authorities of the legal court system are **actors** acting in the play known as the legal system. Whether they realize it or not, they are still just actors playing a game to con you. Even though it is just a game, it is a very serious game because you could end up in jail.

The court and legal system have to operate as a **game**, because they are dealing with **fictional things**. Because of this, when you get a "writ of summons" to appear in court, the court is NOT summoning you, the living man. Instead, it is summoning the legal fiction or the legal name, which is the fictitious entity used by the government to do business with you. However, the court's goal is to trick you to play the role of the legal fiction.

The legal fiction/legal name/corporation is a fictitious entity, because it only exists on paper and in your mind, just like the government. However, if you agree to **act** in the **capacity** of the **legal fiction**, you are basically telling the court that you want to be in the play/game called the legal system. Once the court tricks you to act as a legal fiction, it has jurisdiction over you and can use the art of presumption to charge you with fines.

When you are in court, you are not only in a game arena to play "legal games", but are also in a room to play "magic games". This is why the judge is also known as the **magistrate** and the letter that the court uses to notify you to appear

in court is called a writ of **summons**. What do witches do when they want to call spirits to appear in front of them? They **summon** them! They did not call the letter informing you to appear in court a writ of **summons** for no reason. Do you need more evidence showing that courtrooms are places for casting magic spells? Read further and I will show you all the evidence you need.

Have you ever wondered why nearly all court documents have seals on them? The reason that they have seals is because seals are sigils used for real magic rituals. Have you also ever wondered why the judge is sometimes called the magistrate? Judges are magistrates because they are religious priests dressed in a black robe. In legal terms, the word **magistrate** is defined as "any individual who has the power of a public civil officer or inferior judicial officer, such as a Justice of the Peace". **Magistrate** can also be defined as "a civil officer charged with the administration of the law".

Phonetically, the word **magistrate** sounds very similar to "magistrait" or "magi-strait". One of the origins of the word **magi** is the Latin word ***magi*** (plural of *magus*), meaning "magician, learned magician". As for the word **strait**, it means "a narrow passage of water connecting two large bodies of water". The word **strait** has a strong connection to the word **canal**. Do you remember what I said in Chapter 2 about the relationship between the **berth** canal and the **birth** canal? Sometimes you have to investigate the phonics of a word to find its hidden meanings.

Because judges are magistrates/"magistraits", their hidden role is to administer your body/ship/vessel to "port" and cast magic spells on you. An important information you should know about the word **magistrate** is that it is also used to describe presidents and governors. "The president of the United States is the chief magistrate of this nation; the governors are the chief magistrates of their respective states".[25]

At the deeper level, a **courtroom** of the legal system is like a **shiproom** (storage space on a ship). It is a "shiproom" because nearly every court of the legal system is operating under admiralty law, the law of the **sea**. The body/vessel/product in the courtroom/shiproom is **you**! The legal system sees you as a product and not a living man (male or female), which is why there is little or no justice in nearly every court throughout Western and Eastern countries.

Courts are also "banks" which is why they have "benches" and "bars". One of the origins of the word **bench** is derived from the Old High German word ***bank***, meaning "bench". In English, the word **bank** can mean a few different things. One of its meanings is "an institution for receiving, lending, exchanging, and safeguarding money and, in some cases, issuing notes and transacting other financial business".

The word **bank** can also mean "a **bench** for rowers in a **galley**" or "a row or tier of **oars**" or "the sloping side of any hollow in the ground, esp when bordering a **river**". Hence, the word **riverbank**. The word **galley** is defined as "a seagoing **vessel** propelled mainly by **oars**, used in ancient and medieval times, sometimes with the aid of sails". Back in the old days, galleys were often rowed by slaves or **convicts**.

Do you remember what I said in Chapter 2 about the relationship between the words **ore** and **oar**? In Chapter 2, I said that the word **ore** means "a metal-bearing mineral or rock". I also said that it sounds similar to the word **oar**, which is "a long shaft with a broad blade at one end, used as a lever for rowing or otherwise propelling or steering a **boat**".

Be aware that most of the words in **bold *font*** in the previous seven paragraphs are somehow related to **water**. Why water? Because it has to do with admiralty law (the law of the sea) and commerce. Even the word **font** is related to **water**. The word **font** means "a receptacle for baptismal water". In printing, the word **font** means "a complete assortment of type of one style and size". I can go on for pages about how all these words are related to water, but I think you should get the point by now.

In one of the previous paragraphs, I said that "galleys were often rowed by slaves or convicts". The word **convict** is often used in the legal system to identify people who have been found "guilty" of a crime and is serving a sentence in prison. What most of us do not know about the word convict is that there is a deeper meaning to this word. Its deeper meaning is used by the Dark Forces and their minions to mock people who were in prison or are serving a sentence in prison.

Most of us are aware of the overt definition of the word **convict**, which is "a person proved or declared guilty of an offense". This definition only defines the word convict at the surface. To find the deeper meaning of the word convict, you

need to split it into two words ("con vict") and then switch them around. When you do this, the words transform into "vict con".

The prefix **vict** is derived from the Latin root word ***vict***, meaning "conquer". It is related to the root word ***vinc***. This is where we get the word victim from. The definition of the word **victim** is "a person who is deceived or cheated, as by his or her own emotions or ignorance, by the dishonesty of others, or by some impersonal agency" or "a person or animal sacrificed or regarded as sacrificed".

To connect the dots, a convict/con-vict/vict-con is "a **victim** of a **con** who has been conquered, deceived, and sacrificed due to his or her ignorance." This is the covert or occult definition of the word convict. So, what is the con? The **con** is the **legal system**. Convicts are victims of the con known as the legal system, which is a system created by the flesh and blood minions of the Dark Forces to con people to give their natural rights and spiritual powers away to the DEAD.

A convict gets to serve a sentence in prison because he has agreed to act out a play or story known as the legal name game. Whether the convict realizes or not, he is just an **actor** or a **character** in a **story**, which is why the word **sentence** is used to communicate information that tells him how long he may have to stay in prison. Be aware that the words actor, character, story, and sentence are all related to a **story**book.

To take the previous concept to another level, human beings are **acting** out a **story** and the stage that they practice their acting lessons is Earth. This is why the word history is used to study human **act**ivities. When you split the word **history** into two words, it transforms into the term "his-story" or "his **story**". What are some of the most important elements in a story? Characters or "char**actors**"! Did you notice that the words **act**or, **act**ivities, and char**act**ers have the word **act** in them?

Let us focus our attention back to the word sentence. A **sentence** is "a grammatical unit of one or more words that expresses an independent statement, question, request, command, exclamation, etc." It is commonly used to communicate information or ideas in a **book** to the readers. The word **sentence** comes from the Latin word ***sententia***, meaning "thought, way of thinking, opinion; **judgment**, decision". The previous definition briefly explains why judges give sentences to convicts or people who violated the "law". They give **sentences** because their acting role is to give **judgment**.

When a judge gives a sentence/judgment to a convict, he acts in the capacity of a religious magician whose job is to **write** a **sentence** and **record** or **register** it in a book of records as history/his-story. Phonetically, the word **write** sounds very similar to the word **rite**, which means "a formal or ceremonial act or procedure prescribed or customary in religious or other solemn use". Be aware that a sentence is made of words and words can be used as magic spells. The book that judges use to record/register/write/rite sentences/judgments is a book of the DEAD. This book has no life because it contains records of artificial persons (corporations/corpses) and characters.

A **book** is defined as "a handwritten or printed work of fiction or nonfiction, usually on sheets of paper fastened or bound together within covers". It can also mean "a record of bets, as on a **horse** race". This definition shows another connection to the horse theme. As a verb, the word **book** means "to enter in a book or list; **record**; **register**". An important information you need to know about a book is that it has **chapters** and **pages**.

The word **chapter** means "a main division of a book, treatise, or the like, usually bearing a number or title" or "a branch, usually restricted to a given locality, of a society, organization, **fraternity**, etc." As for the word **page**, it means "one side of a leaf of something printed or written, as a book, manuscript, or letter". It also means "to **summon** formally by calling out the name of repeatedly". To summon someone or something by repeatedly calling out his, her, or its name is a form of magic spell!

One of the words you need to pay attention to in the previous paragraph is **fraternity**. Today, nearly all secret societies are fraternal orders controlled by mostly men, which is why the term "fraternal orders" is used to describe them. The word **fraternal** has a strong connection to the word **fraternity**, a word that comes from the Latin word ***fraternitatem*** (nominative *fraternitas*), meaning "brotherhood". The word fraternal also has a strong connection to the legal system, because this system is controlled by the Jesuits, one of the **fraternal** secret societies controlled by the Pope of the Holy Roman Empire.

The legal system is a big fat fraud, because it is based on presumption, and is run by a bunch of scam artists who are using it to con people to pay them money. Most convicts are not really criminals for the reason that they have been conned by the real criminals, which are the people in charge of the legal system. The real criminals mock the victims of their legal system by calling them convicts.

Let us turn our attention back to the court and legal system. In a courtroom, there is a section called a **bar**. Here is an excerpt from Wikipedia.org explaining what a bar is:

> The origin of the term **bar** is from the barring furniture dividing a medieval European courtroom, similar to the origin of the term **bank** for the **bench**-like location of financial transactions in medieval Europe. In the USA, Europe and many other countries referring to the law traditions of Europe, the area in front of the **barrage** is restricted to participants in the trial: the judge or judges, other court officials, the jury (if any), the lawyers for each party, the parties to the case, and witnesses giving testimony. The area behind the bar is open to the public.[1] This restriction is enforced in nearly all courts. In most courts, the bar is represented by a physical partition: a railing or barrier that serves as a bar.[2] [Bold emphasis added]

As a defendant or plaintiff, you are required to stay within the **bar** (barrier or "**bar**-rier") of the courtroom. Only attorneys, judges and certain court officials are allowed to go pass the bar. Why is that you may ask? Because the court sees you as a **prisoner**. Where do they lock up prisoners? In a jail or prison cell. What is a jail or prison cell made of? Iron or steel **bars** and **bar**red doors!

Today, nearly all courts operating under the legal system are admiralty courts enforcing military laws; therefore, when you go to court, you are treated as a **war criminal**. This is why you have to stay within the **bar** in a courtroom. It is right in your face and hidden in plain sight!

Another definition of the word **bar** is "an ingot, lump, or wedge of gold or silver". This definition shows another relationship between the words court and bank. The word bar can also mean "a counter or place where beverages, especially **liquors**, or light meals are served to customers". Have you ever heard someone say, "let's go drink at the bar"?

One of the words you should pay attention to in the previous paragraph is the word liquor. The word **liquor** is derived from the Old French word ***licor***, meaning "fluid, liquid; sap; oil". It is also derived from the Latin word ***liquorem*** (nominative *liquor*), meaning "liquidity, fluidity", or "a liquid, the **sea**". The English dictionary defines the word **liquor** as "a distilled or spirituous beverage, as brandy or whiskey, as distinguished from a fermented beverage, as wine or beer".

Did you notice that all the words in bold font in the previous two paragraphs are also related to water or the sea? Even their definitions are related to water. By the end of this chapter, you will know why water plays such an important role in commerce. In addition, you will know why the word **sea** has a strong connection to the word **energy**.

Another word that is related to water is alcohol, a substance found in liquor. **Alcohol** is an interesting word because it is connected to the word **spirit**. Once you know why they are related, you will eventually know that alcohol is a substance that can be used to "extract" your essence, the spirit (breath of life) made of spiritual **energy**. The word **spirit** means "the principle of conscious life; the vital principle in humans, animating the body or mediating between body and soul".

To find the hidden meanings of the word alcohol, you need to investigate its origins and relations to other words. Two origins of the word **alcohol** come from the Medieval Latin word ***alcohol***, meaning "powdered ore of antimony" and the Arabic word ***al-kuhul***, meaning "the fine metallic powder used to darken the eyelids". Today, the Arabic word *al-kuhul* is termed "kohl". Some researchers of words believe that the word "**kohl**" is connected to the word **ghoul**, a word derived from the Arabic word ***ghul***, meaning "an evil spirit that robs graves and feeds on corpses".

In English, the word **kohl** means "a powder, as finely powdered antimony sulfide, used as a cosmetic to darken the eyelids, eyebrows, etc." This word comes from the Arabic word ***kuhl***. Another term that has a strong connection to alcohol is "**aqua vitae**", which is "an alchemical term for unrefined alcohol". In Latin, it literally means "water of life". This can be translated as "water with spirit".

Alcohol is an important substance for alchemists and herbalists, because it has the ability to extract the essence of an entity. This is why it is heavily used to extract the essences of plants to make essential oils. Because of the extracting effect of alcohol, when you drink enough of it to make you drunk, it can temporary "extract" the essences of your body, which are your spirit and life force energy. This weakens your spirit and makes your body more susceptible to being possessed by foreign spirits.

Why do you think certain **alcoholic beverages** are called **spirits** and why people

who drink too much alcohol often experience "blackouts", causing them to not remember those experiences? Have you ever looked into a friend's eyes when he or she is drunk and sensed a different being inside his or her body? Many bad things happen to people who drink a lot, because their drinking habits attract many self-serving spirits that can not wait to possess them when they are drunk.

Let us focus our attention back to the hidden roles of judges. Have you ever wondered why judges wear a black robe? The black robe uniform is the symbol for representing a priest who works for the Jesuits or has a connection to the Jesuit order. The **black** robe uniform also represents a worshiper of the ancient god Saturn. During the ancient times, **Saturn** was associated with the **god** of **law** and **justice**. Today, many secret societies still worship Saturn as the god of law and justice.

According to Jordan Maxwell, the symbol that was used in the religious context for Saturn was the **square** and its symbolic color was **black**.[26] This is why judges wear a **black robe**. It is their way of showing respect to Saturn, the god of law and justice. Whether judges realize it or not, they are religious priests who have been brainwashed by the Dark Forces to cast dark magic spells on people when they are in a courtroom. Do you innerstand now why judges wear a black robe?

Besides judges, priests also wear a uniform similar to a black robe, which is known as a cassock. The word **cassock** is defined as "a long, close-fitting garment worn by members of the clergy or others participating in church services" or "an ankle-length garment, usually **black**, worn by priests and choristers".

Whether priests realize it or not, they are acting in the capacity of magicians; therefore, most of them are working for the Dark Forces to enslave people at the spiritual level. Because of this, when priests are preaching the knowledge of "god" to people in church, they are actually casting magic spells on them, just like how judges/magistrates/"magistraits" cast magic spells on people in court. Because judges are religious priests, there is no separation of church and state. Furthermore, nearly all churches are incorporated and therefore belong to the State.

So, where do attorneys fit into this magic and black robe cult? Attorneys are also acting in the capacity of magicians, because they are using the power of words to

cast magic spells on people. However, they do not have as much power as judges. An important information you need to know about attorneys is that nearly all of them work for the Crown Temple and therefore are Templar agents. One way to tell Templar attorneys from non-Templar attorneys is to ask them if they are a member of the Bar Association. This association is controlled by the Crown Temple, a secret society that operates under Roman law.

Whether Bar attorneys realize it or not, they are committing crimes in The United States of America, Canada, Australia, and other countries under the guise (appearance) and color of law. Bar attorneys work for the same secretive organizations (the Crown of England and the Crown Temple) that tried to enslave the American people in the 1700s.

Those two secretive organizations were heavily involved in the killing of Americans during the American War of Independence. Today, the Crown of England and the Crown Temple still have the same dark agendas. Sadly, they have already conquered the court and political systems of The United States of America over 100 years ago. These two secretive organizations are controlled by the Vatican, which is a city-state of the Holy Roman Empire.

People who work for the legal system are unknowingly or knowingly abetting fraud. This system is run by a bunch of criminals working for the Crown of England, the Crown Temple, and the Vatican. Because of this, most judges and Bar attorneys are traitors to mankind, and therefore most judges do not deserve to be called "your honor". In fact, judges that work for **commercial** courts are not really judges but are **executive administrators**.

Even though most judges and Bar attorneys are traitors to mankind, there are many judges and attorneys who are working for the legal system, because they want to learn how it really works, so they can teach people how to free themselves from the vampiric system of slavery known as the legal system.

By now you should know that the legal system is saturated with dark magic. You should also know why judges of the legal system and priests of churches are acting in the capacity of magicians, which is why their hidden role is to summon people to come to their courts or chapels, so they can cast magic spells on them. **Be aware that magic can be used for good or evil purposes**.

Why Commerce Is a Game of Battery for Draining Your Energy

At certain levels, the commerce game created by the Dark Forces to enslave mankind is a very sick and evil game. However, if you learn how this game really works and know a good percentage of its hidden in plain sight rules, you can find ways to prevent the Dark Forces from enslaving your family.

The main purpose of the commerce game is to con and trick you to temporarily give up your natural rights, spiritual power, and **energy**. This is why before they can summon you to go to court, they need to **charge** you first. When it comes to the legal and commerce systems, the words charge, battery, and currency play a very big role for powering the commerce game of the Dark Forces and keeping it "alive".

In legal terms, when someone gets **beaten** up, that person is often referred to as a victim of **battery**. If the victim knows who committed the crime and presses **charges**, the person who did the **battery** will be summoned to go to court to face the **charges**.

In business, when a company outsells or outperforms its competitors, one of the common words used to describe this process is the word beat.[27] When the suffix "ing" is added to the word **beat**, it changes to the word **beating**. Hence, company A is **beating** company B in sales. The game of business or commerce is a game of **battery**, and therefore one business team or many business teams will eventually get **beaten** by the winner.

Sports are also games of **battery**. In baseball, the combination of the pitcher and the catcher is called the **battery**. This can be proven by looking at one of the definitions of the word **battery**, which is "the pitcher and catcher considered as a unit". Have you ever heard someone said "batter up" in baseball? Add the letter "y" to the word **batter** in the term **batter up** and you get the phrase "**battery** up"![28]

The word **battery** is an important word in commerce and law, because it plays an important role in the process of **harnessing** the **energy** of mankind. In other words, this is one of the many methods that the Dark Forces like to use to **drain** our living **energy**.

After collecting our **energy** using magic spells, the Dark Magicians and their masters (the Dark Forces) use it to **charge** their corporations (corpses or dead entities), banks, and other commerce systems, so they can keep their game of

conning mankind alive. Without our energy to **charge** their corporations and commerce systems, their evil game of commerce will not have enough **power** to stay in business.

As living people, we are being used as "batteries". This is why before we can go to court, they have to **charge** us first. During the court hearing, the judge reads the **charges** and then **charges** them off or **discharges** them after a verdict or judgment is made. This process is called a **hearing** because when you are charged with something and summoned to go to court, you are called the **defendant** or "**deaf**-**end**-ant", which is a "deaf" person who is "a ward of the court" and is about to meet his "end" by the judge.[29] Hence, the word defendant/deaf-end-ant.

The phrase "a ward of the court" means an incompetent person or a person who is unable to care for himself, so the court must assume responsibility for his or her well-being. This is how the court sees you; a **deaf** and ignorant child who does not know the **definition** of words. This is why a short meeting in a courtroom is called a **hearing**. The court hearing is done to test your **hearing** and understanding of words.

If you (the defendant/deaf-end-**ant**) agree to the charges, in a sense, you basically swear an **oath** to give up some of your energy to the judge and his masters, because the word **ant** means "oath" or "a promise to oneself, resolution" in Turkish. The judge has also sworn an oath, but his oath is to the god Saturn. Remember what I said earlier about why judges wear a **black robe**? It is their symbolic way of paying respect to the god Saturn, the god of law and justice.

Another symbol used in a religious context for Saturn is the **black square**. This black square can be found in the teachings of Islam. Have you ever heard of the **sacred black cube** in Mecca called the Kaaba or Kabah? This sacred black cube that Muslims pilgrimage to represents the god Saturn. The black mortarboard (graduation hat) that high school and college students wear when they graduate also symbolizes the god Saturn. Saturn was and is still such an important god that today we dedicated a day of the week for Saturn, which is known as "**Saturn**-day" or Saturday. It is right in your face!

Saturn is also known as the **Lord** of the **Rings**. When people get married today, they use the ring as a symbol for their marriage. What they do not realize is that the ring also symbolizes the god Saturn. This is the origin of the ring ritual that

people do when they get married. What you need to know about rituals is that they have energetic binding forces attached to them. These binding forces are NOT dependent upon personal knowledge or beliefs. By simply taking the ACTION to perform the religious ring ritual, you CONSENT to whatever the ring ritual is designed to do.

During the ancient times, Saturn was also known as **El**, the Hebrew word for **God**. "In the Hebrew Bible there are four words translated "God": El, Elah, Elo'ah, Elohim. The oldest Semitic word meaning "God" is El. Linguists believe its base meaning is strength or power. "El" is the Strong One, or the Deity (God)."[30] "When translating names that contain the segment אל ('el), it usually refers to אלהים ('elohim), that is Elohim, or God, also known as אלה ('eloah)".[31] An important information you should know about the four Hebrew words for God (i.e., El, Elah, Elo'ah, and Elohim) is that they have a strong connection to the name of the Islam God called Allah.

> Saturn being El, was under the domination of Egypt. That whole area had its philosophies, ideas, and its people being dominated by Egypt. So Isis was the first main divinity. Now, with the coming of Ahknaton, the worship was then changed to the worship of Amen-Ra, the sun. This is where we get sun-ray from – from Amen-Ra. Amen-Ra was worshiped in the temples as God's Sun/Son. At the end of the service, they would say Amen, because they were sending a prayer to God through Amen-Ra, God's Sun/Son. So they would say Amen when they sent the prayer through God's Sun/Son. The ancient Egyptians said nobody had seen God, and perhaps, there is nobody who is ever going to see God. But when you have seen the sun, you have seen the Father. And when you pray to the Father, you pray directly to the Father, but you send your prayer through God's sun, Amen-Ra. So at the end of the prayer you say, Amen.[32]

Today, after Christians pray to God, they say "amen". What Christians do not realize is that they have been conditioned to say amen to an **external** god, which weakens their connection to the true Amen-Ra (Jesus) within them. Another thing that most Christians do not realize is that their religion is full of pagan beliefs. Furthermore, they do not know that their religion has many similarities to Islam. The information in the previous few paragraphs is evidence of this. Islam and Christianity are similar versions of each other but with different characters.

Let us focus our attention back to the court hearing process. During a court trial, when the defendant loses the case, the judge often **orders** the defendant to pay the court and plaintiff with **currency**. The word **order** is defined as "a command of a court or judge". It can also mean "a command or notice issued by a **military organization** or a **military commander** to troops, **sailors**, etc". Do you remember what I said earlier about why nearly all courts operating under the legal system are **military courts**? They are military courts because they fall under the jurisdiction of the law of the **sea** (admiralty law).

As for the word **currency**, its hidden definition is the "flow of energy". This is why the stored energy in a battery is called electric **current** or the "**currency**" of electricity. The word **currency** originated from the Latin word ***currens***, the present participle of ***currere***, which means "to run". Now, why would they based the word currency on a Latin word that does not have much to do with paper money or coin? Because it is not really about the paper money or coin. Instead, it is about harnessing the **energy** of mankind!

To innerstand why currency has a strong connection to energy, you need to find the occult meaning of the word currency. To do this, you need to rely on the art of homophone and separate the word currency into two words. When spoken aloud, the word **currency** sounds similar to the term "current sea". What does a **current** do in a river? It **flows** or **runs** to the **sea**! Keep in mind that the Latin word ***currens*** means "to **run**".

The word **current** means "a flowing; **flow**, as of a river" or "something that flows, as a stream". The flowing movement of currents is what causes the freshwater in the river to **flow** to the **sea**. Once the freshwater is in the sea, its **currents** are now part of the "current sea" or the "**current** of the **sea**". Hence, the term currency/current-sea.

It is important to know that sea water has a lot of salt and therefore conducts electricity better than freshwater. In other words, as a medium, sea (salt) water is better at transferring energy. Hence, the word electrolyte or "electro-**light**". Light is energy! The word **electrolyte** is defined as "any substance that dissociates into ions when dissolved in a suitable medium or melted and thus forms a conductor of electricity". Sea water is saturated with electrolyte/electro-light, just like human blood. Therefore, sea water is the "blood" of Earth.

The word **currency** also sounds similar to the term "**current chi**". In Chinese,

the word ***chi*** (*qi*) refers to natural energy and means "life force", or "energy flow". Be aware that the Chinese word ***chi*** is pronounced somewhat similar to the English word **sea**. Based on the occult definitions of currency, the word **currency** means "flow of life force energy". When you really think about it, currency is a medium for exchanging or transferring life force energy, which is why the Dark Forces are obsessed with using currency to drain your life force energy.

An important information you need to know about the word **sea** is that it is strongly connected to admiralty law (the law of the **sea**) and the Vatican City, home of the Holy **See**. The Vatican is heavily involved in the creation of many laws on Earth, such as admiralty, maritime, canon, statute and civil laws.

When judges and attorneys talk about the word sea in admiralty law, whether they realize it or not, they are not always talking about water. At the deeper level, they are talking about **life force energy**. This becomes clear when you know that water carries the **current/currency/current-sea/current-chi**, which is the **life force energy** needed to **charge** the dead matrix of the Dark Forces and their corporations/corpses. The life force energy in water is why water is essential for life to exist in the Universe.

Currency is also a medium used by corporations to pay their employees. One of the definitions of the word **currency** is "something that is used as a **medium** of exchange; money". The word **medium** means "an intervening substance, as air, through which a force acts or an effect is produced".

It is important to know that the word **medium** can also mean "a person thought to have the power to communicate with the spirits of the **dead** or with agents of another world or dimension. Also called *psychic*". To connect the dots, currency/current-sea/current-chi is a medium used by the Dark Magicians to communicate with and transfer **life force energy** to the **Dead**, which is made of false gods and self-serving thought-form entities.

The information in the previous paragraph becomes even more clear when you study the occult definitions of the word cryptocurrency. To find the occult meanings of the word **cryptocurrency**, you need to split it into two words "crypto currency" and study their hidden definitions. The word **crypto** originated from the Greek word ***kryptos***, meaning "hidden, concealed, secret". As for the origin of the word **currency**, it is derived from the Latin word ***currens***. When

translated into English, it means "to run".

The content in the previous paragraph does not tell you the deeper occult meanings of the word cryptocurrency; therefore, you need to dissect the word even further, so it becomes the word **crypt**. One of the origins of the word **crypt** is the Latin word ***crypta***, meaning "vault, cavern". Another definition of the word **crypt** is "a subterranean chamber or vault, especially one beneath the main floor of a church, used as a burial place, a location for secret meetings, etc". In simple terms, it is a place to bury the **dead**!

When you put all the occult definitions of the words **cryptocurrency** and **currency** together, you should come to the conclusion that cryptocurrency is the **hidden digital currency** that the Dark Magicians want to use to control the global economy and drain mankind's **life force energy**, so they can use this life force energy to feed the **Dead**. Hence, the word cryptocurrency/crypto-currency. In other words, the words crypt/crypto (hidden vault for the dead) and currency (flow of energy) can be translated as "the hidden vault or chamber for storing energy for the Dead or flowing energy to the Dead".

The good news is that if we can prevent the Dark Magicians from controlling cryptocurrency and learn how to use it in harmony with Nature, cryptocurrency can be an effective financial transaction tool to use for exchanging goods and services.

A very important information you need to know about currency is that it is the Dark Magicians' favorite economic tool to use for draining your energy and using it to charge the Dead. The free manual *Silent Weapons for Quiet Wars* does a great job of explaining the relationship between energy and economics. Here are some paragraphs extracted from this manual about energy and economics:

> Energy is recognized as the key to all activity on earth. Natural science is the study of the sources and control of natural energy, and social science, theoretically expressed as economics, is the study of the sources and control of social energy. Both are bookkeeping systems: mathematics. Therefore, mathematics is the primary energy science. And the bookkeeper can be king if the public can be kept ignorant of the methodology of the bookkeeping.
>
> All of the mathematical theory developed in the study of one energy system

(e.g., mechanics, electronics, etc.) can be immediately applied in the study of any other energy system (e.g., economics). [...]

Mr. Rothschild had discovered that currency or deposit loan accounts had the required appearance of power that could be used to induce people (inductance, with people corresponding to a magnetic field) into surrendering their real wealth in exchange for a promise of greater wealth (instead of real compensation). They would put up real collateral in exchange for a loan of promissory notes. Mr. Rothschild found that he could issue more notes than he had backing for, so long as he had someone's stock of gold as a persuader to show his customers.

Mr. Rothschild loaned his promissory notes to individuals and to governments. These would create overconfidence. Then he would make money scarce, tighten control of the system, and collect the collateral through the obligation of contracts. The cycle was then repeated. These pressures could be used to ignite a war. Then he would control the availability of currency to determine who would win the war. [...]

In this structure, credit, presented as a pure element called "currency," has the appearance of capital, but is in effect negative capital. Hence, it has the appearance of service, but is in fact, indebtedness or debt. It is therefore an economic inductance instead of an economic capacitance, and if balanced in no other way, will be balanced by the negation of population (war, genocide). The total goods and services represent real capital called the gross national product, and currency may be printed up to this level and still represent economic capacitance; but currency printed beyond this level is subtractive, represents the introduction of economic inductance, and constitutes notes of indebtedness.

War is therefore the balancing of the system by killing the true creditors (the public which we have taught to exchange true value for inflated currency) and falling back on whatever is left of the resources of nature and regeneration of those resources. [...]

Economics is only a social extension of a natural energy system. It, also, has its three passive components. Because of the distribution of wealth and the lack of communication and lack of data, this field has been the last energy field for which a knowledge of these three passive components has

been developed.

In simple terms, the previous paragraphs in block quotation are basically telling you that currency can be used to steal people's energy and time. It is important to know that paper or digital currency can be used for good or evil purposes. The problem is that the Dark Forces and their minions are in control of the global financial system; therefore, if they were to succeed at using digital currency to totally control the global economy, mankind would suffer greatly for many years.

Because cryptocurrency is a digital currency, it can be used to totally enslave us in the artificial matrix. This matrix is an **artificial hologram** that is managed by a very advanced quantum computing system. It was created by the Dark Forces and their flesh and blood minions to enslave us. In other words, the **artificial matrix** is the **Hell on Earth**! Many people are worried that if they do not do good deeds and join a religion, they may go to Hell after they die. What they do not know is that they are already living in Hell. It is called the dead matrix, which is the "land" or "sea" of the DEAD!

To innerstand how the artificial matrix was created, you need to know what the Universe is made of. At the deepest level of the external reality, everything is energy and consciousness. When I say "external reality", I am talking about the reality in front of the fabric of space. The realm behind the fabric of space is known by scientists as "dark energy". Ancient civilizations referred to it as the ether. In certain occult teachings, the ether is known as the fifth element. In Sanskrit it is called akasha, which is the essence of all things in the material world.

After the ether, the next level of the external reality is made of crystallizations of "frozen light". Some spiritual teachings refer to them as "keylons". When these keylons are grouped together in grid-like patterns, they form the morphogenetic field crystal body. Morphogenetic field is an invisible and thought-form field that functions as the blueprint or template upon which matter is manifested. It is also a field that allows consciousness to create structure so it can experience itself.

To make it easier for you to innerstand, imagine that keylons are like light bulbs stacked side-by-side in grid-like patterns. When these keylons/light bulbs are charged with energy, they light up in certain ways, creating light patterns. These

are the energy or light codes of the Universe. These light codes work similar to quantum computer codes or qubits. Your perception of reality is created when your body and mind process these light codes and project them as encoded light into the external world. This all occurs at the subconscious level. At the conscious level, you see these encoded light as matter.

The Dark Forces are well aware of how keylons work. Because of this, they are able to create artificial light codes and manipulate our bodies and minds to process these artificial codes. This process allows them to hijack our natural reality to a certain degree. It also allows them to "plug" our DNA into their artificial matrix, and therefore enslaving our minds inside an artificial reality that is managed by quantum computers.

The purpose for plugging our DNA into their artificial matrix is to enslave our minds, so they can use us as "batteries". The Dark Forces need to feed on our life force energy to survive, because they are not connected to the Eternal Life Force of God. This is why they like to order their flesh and blood minions to engineer wars. Wars create a lot of fear energy for the Dark Forces to feed on. They love the energy of fear because it gives them a high of lust, similar to the high feeling that drug addicts experience when they do drugs.

Because the self-serving thought-form entities of the Dark Forces are the dead entities that need to feed on mankind's life force energy, they are "astral parasites" or "energy vampires". They are energy vampires for the reason that they need to feed on the energy of mankind to survive, and they need our permission before they can do anything to us. Now you know the origin of the idea of vampires.

The DNA of man works similar to an antenna and the planets and stars are like radio stations that send out "signals" or electromagnetic waves. These signals contain the codes of reality for the reason that they have energy codes (information) in them.

When these signals reach our bodies, they are processed by our minds and bodies in a way that allows our DNA to use the information to project the right frequencies of light (energy) into the external world. This process literally creates our perception of reality and material world. This is possible because matter is a projection of energy. In other words, the material world is a giant hologram.

Here is an excerpt from my book Staradigm (third edition) that explains this process further:

> To help simplify how our external reality is constructed through holographic projections of mind or energy, let us turn our attention to how a movie projector works. A movie projector basically works by continuously moving films along a path between a light source and a lens, causing a light effect that projects the image inside the films onto a screen. The movie projector can be metaphorically referred to as the observer's consciousness and the light can be associated with energy. Each film can be metaphorically referred to as a point in time, the lens acts like DNA, and the screen upon which the illusion is projected on is like the unified field from which all matter is manifested.
>
> When the film is not moving, everything is still and therefore there is no time or linear action. Once the projector is turned on and the film starts moving, there are movements on the screen, causing an illusion of linear actions and time. The illusion that is projected onto the screen (unified field) is caused by the light (energy) as it travels through the lens (DNA), causing it to project outward into the external world. The illusions that are projected can be likened to an observer's experiences. Some important things you need to know about time are that it does not move and is not truly linear. Linear time is only achieved when an observer's consciousness moves through the unified field of time. When an observer's consciousness does not move through this unified field, time is simultaneous.

To trap us in their artificial matrix, the Dark Forces and their flesh and blood minions created very advanced holographic technology to obstruct certain natural signals of the planets and the Sun, allowing them to interfere with the natural communication process between Nature and our bodies. This also allows the Dark Forces to replace some natural signals of the planets and the Sun with their artificial light codes. These artificial light codes are the codes of their artificial matrix, which is an imaginary reality that deals with the DEAD.

When the Dark Forces use their holographic technology and quantum computers to broadcast the artificial light codes of the artificial matrix on Earth, our DNA receives the codes, processes them, and projects the information as encoded light into the external world. This process alters our natural reality to a certain degree, allowing the Dark Forces to create a reality that they want.

The artificial matrix used by the Dark Forces to "overlay" Earth's natural matrix or reality is one of their greatest technologies for enslaving our minds and souls. The artificial matrix is very effective for enslaving us, because it looks very similar to the natural reality of Earth, and therefore most people have no idea that they live in an artificial reality or artificial hologram. Unlike the artificial matrix, our natural reality is made of crystallizations of "frozen light" and natural energy codes.

Is there evidence that the Universe is made of energy codes? To find one of the evidence, you need to study the work of theoretical physicist Dr. James Gates Jr. Recently, he found evidence of "computer codes" in the fabric of space. "Working on a branch of physics called supersymmetry, Dr. James Gates Jr., discovered what he describes as the presence of what appear to resemble a form of computer code, called error correcting codes, embedded within, or resulting from, the equations of supersymmetry that describe fundamental particles."[33] He called these codes "adinkras".

Two tools the Dark Forces like to use to make it hard for us to "delete" the artificial codes of their matrix and replace them with the natural energy codes of the Universe are the distorted version of the language and numeral systems. Other tools they like to use to prevent us from rising above their matrix are false religion and the media. By using these tools to condition us how to think, they can control our thought patterns to a large degree. This allows them to create a reality that they want.

When you know that mankind's collective consciousness is what creates man's reality on Earth, you will eventually know why the Dark Forces want to control how we think. Reality is thought construction; therefore, when we collectively think in certain ways, our thoughts, beliefs, and actions, shape and define what our reality will look like. This is possible because matter is an "illusion" and is focused into existence through the power of thought. As a collective, we are literally creating the reality of Earth. We are not aware of this thought manifestation process because it occurs in our subconscious minds.

The language, media, education, and religious systems are four of the main tools that the Dark Forces like to use to hijack our reality. The political, technology, and energy systems are three other important tools that they like to use to manipulate and control our reality. It is important to know that these systems are not evil, but are being used for evil purposes. It is also important to know that

nearly everyone living on Earth has been physically and spiritually enslaved by the Dark Forces. This is why Earth is called a **prison planet**.

The Dark Forces are well aware of how the Universe works. This is because they innerstand the language of the Universe and know how sacred geometry works. The language of the Universe is based on frequency, light, sound, vibration, and sacred geometry. It is a very powerful communication and information system. In the wrong hands, a certain percentage of this language system can be used to control us and hijack our reality. However, it can also be used to free us from the artificial matrix of the Dark Forces.

The movie *The Matrix* was created by the Dark Magicians and their minions to tell us that we have been enslaved by their masters (the Dark Forces). Sadly, most people are too brainwashed, ignorant, and spiritually "brain dead" to realize this. To learn more about the artificial matrix of the Dark Forces, download or view my free seminar titled The Matrix Decoded: Decoding the Occult Messages in The Matrix and study the information in it. This seminar teaches you important and empowering knowledge to free your mind and soul from the artificial matrix.

Let us focus our attention back to the relationship between corporation and currency. When you go to work at a corporation, you are often paid hourly. Every hour is recorded to make sure that you are paid for investing your **time** and **energy** into the corporation. After you have worked for a certain amount of time, you are given a weekly or biweekly paycheck, usually on Friday. Once you take your paycheck to the bank to exchange it for currency, the **currency** now represents your **time** and **energy**.

An important information you need to know about the words **bank** and **currency** is that they are related to the word **river**. What does a river have on its two sides to prevent water from flowing out of it? River**banks**! Corporate banks are like rivers because they regulate currency/current-sea/current-chi. In other words, they regulate the flow of energy, just like how riverbanks regulate the flow of the energy of water. They did not combine the words **river** and **banks** to make the word **riverbanks** by accident.

To innerstand how currency is used to drain your energy at a deeper level, you need to know certain occult definitions of the word commerce. The word **commerce** is defined as "an interchange of goods or commodities, especially on

a large scale between different countries (foreign commerce) or between different parts of the same country (domestic commerce) trade; business". It can also mean "**sexual intercourse**" or "intellectual or spiritual interchange; communion".

To find the deeper meanings of the word commerce, you need to investigate its origins. One of the origins of the word **commerce** is the Latin word ***commercium***, meaning "trade, **trafficking**". The word **trafficking** is defined as "the movement of vehicles, **ships**, persons, etc., in an area, along a street, through an air lane, over a **water route**, etc." Therefore, trafficking has a strong connection to water and ships. Remember what I said in the beginning of this book about how your body is related to ship and water?

In legal terms, the word **trafficking** means "the carrying on of an **illegal** commercial activity such as selling drugs or substances that are banned". Because one of the definitions of the word commerce is "sexual intercourse" and the word commerce is related to trafficking, when people participate in commerce, they are, in a sense, selling their bodies for **sex**. In other words, they are the whores/horses of Babylon.

The commerce system that creates debt and exploits Nature is the Dark Forces' favorite way of **trafficking** people and tricking us to commit "adultery", so they can turn us into human "batteries". It is their way of tricking us to commit sin and treason against mankind, Nature, and God, causing death to life. Hence, the biblical saying, "For the wages of sin is death". Sin is debt/dead/death.

One of the many systems that is a part of the commerce system is the stock market. This vampiric financial system is rigged and commits illegal and unlawful commercial activities on a daily basis. Every day, people are losing money in the stock market and therefore are being **screwed** by the commerce system. Two slang definitions of the word **screw** (Chiefly British) are "an old broken-down **horse**" and "salary; wages".

In American English, the slang definition of the verb version of the word **screw** means "to practice extortion", "to engage in promiscuous **sex**", or "to have **coitus**". The word **coitus** means "**sexual intercourse**". The definitions of the words in bold font in this paragraph and the previous few paragraphs show how the commerce and stock market systems are related to sex, money, and horse.

The commerce system is full of sexual symbolism, because the Dark Forces and their minions are not only after our life force energy, but also our sexual energy. This is why sexual symbolism is everywhere, especially in television commercials. They are using the commerce system to steal our sexual and life force energies and turn us into the whores/horses of Babylon.

In the stock market, the process of selling stocks is also known as stock trading. The people who trade stocks in the stock market are known as traders and therefore are traitors to mankind. Why is that you may ask? Because phonetically the word **trader** sounds very similar to the word **traitor**. A **trader** of stocks is a **traitor** to mankind, because he or she is participating in the financial game to steal mankind's energy and enslave man (male or female).[34]

The word **trader** means "dealer, **trafficker**, one engaged in commerce". The word **trader** can also mean "a **ship** used in trade, especially foreign trade". As for the word **traitor**, it means "a person who betrays another, a cause, or any trust" or "a person who commits **treason** by betraying his or her country".

The definitions in the previous few pages show the connection between the words ship, water, and commerce. Remember, it is all about tricking us to agree to allow the Dark Forces to steal our **energy** using commerce, maritime law (the law of merchant), and admiralty law (the law of the **sea**). Why the sea? Because the **sea** is made of mostly **water** and water carries the current/currency/current-sea/current-chi. Furthermore, our bodies are also made of mostly water, which is the water that transports our life force energy.

When you participate in their debt-based commerce system, you are, in a sense, committing treason against mankind. If you want strong evidence of this, study how the debt-based monetary system and the stock market screw people over and over again with fraudulent debt. These two financial systems are based on greed and competition, which are great for manifesting negative emotions, violence, and wars.

For someone to make millions of dollars in the stock market, hundreds and possibly thousands of people have to lose a lot of money in that market. Did that single person work a million times harder than the rest of the people to earn that much money? What that person did was a sinful act against God, because he **sold** people's **soul** energy to the Dark Forces, so he could become a millionaire.

People who make money from the stock market and other similar systems are helping the Dark Magicians to enslave the people of the world and preventing poor countries from thriving. The people living in undeveloped countries are not poor because they are dumb or lazy. In fact, many of them are very intelligent and work a lot harder than people living in rich countries.

The truth is that people living in poor countries lack wealth, because it has been engineered that way by the Dark Magicians and their international bankers. The international bankers control the global central banks; therefore, they can prevent poor countries from thriving by charging them high interest rates and not giving them enough funds to invest in economic development projects.

One of the purposes for preventing poor countries from rising above poverty is that it makes it easier for the Dark Magicians to exploit the poor countries of their wealth and natural resources. By doing this, they can give some of that wealth to the rich countries, allowing them to trick the people of rich countries to think that they are better than the people of poor countries. In reality, most people living in rich countries are delusional, because they are so brainwashed that they can not tell the difference between reality and fantasy.

People living in developed countries often like to invest in the stock market. What they do not realize is that the stock market is a system that does not flow well with the Laws of Nature. Every time people participate in the stock market, they unknowingly support the evil deed of selling human **souls**, because the word **sold** sounds similar to the word "**souled**".

At the deeper level, the stock market is the commerce system that sells or trades our soul energy, which is why it is called a stock market. Many **stocks** in the stock market do not really represent the shares of corporations. Instead, they are linked to **artificial persons**, which are legal fictions used by the legal system to represent **living men**, **women** and **children**. The main reason that corporate stocks have value is because they are linked to people. In other words, living people are the "livestock" or "living stock" that are sold/souled in the stock market by the traitors/traders of mankind.

The word **stock** is defined as "a quantity of something accumulated, as for future use". As for the word **livestock**, it is defined as "the **horses**, cattle, **sheep**, and other useful animals kept or raised on a **farm** or ranch". The Dark Magicians think of people as **sheep**, which is why Christians are called sheep. When you

look at this situation from a higher perspective, people are the sheeple living on a "farm" called Earth, which is a "prison planet" for domesticating people to be good little slaves/horses/sheep. To be more specific, men, women, and children are the babies/bay-bees raised on a farm to produce "honey" or golden blood plasma for the Dark Forces, so they can use it to extend their life span.

In certain ways, most people are not that much different from horses, cattle, and sheep, because they have been domesticated by the Dark Magicians of the New World Order to obey their authorities and government. This is why when you talk to people about the New World Order and government conspiracy, most of them look at you like you are crazy. Some of them may even physically attack you for telling them the truth. What a bunch of sheeple and domesticated "animals"!

The sheeple are so brainwashed they can not see that they are being domesticated to behave like sheep and sold/"souled" on the stock market. To make matters worse, their **soul energy** is being **stocked** in the **stock market** to be sucked out later by the demons or "energy vampires" of the Dark Forces. This is why one of the definitions of the word **stock** is "a quantity of something accumulated, as for future use".

One of the origins of the word **stock** is the Old French word ***stocc***, meaning "stump, post, stake, tree **trunk**, log". The word **trunk** originated from the Old French word ***tronc***, meaning "trunk of a tree, trunk of the **human body**, wooden block". In English, one of the definitions of the word **trunk** is "the **body** of a **person** or an animal excluding the head and limbs; torso". It can also mean "the main channel, artery, or line in a **river**, railroad, highway, **canal**, or other tributary system".

The occult definitions in the previous paragraph reveal the relationship between the stock market, the human body, and water. To connect the dots, your "body" is being sold/souled on the stock market for currency/current-sea/current-chi. The currency that represents your time and energy.

Do you remember what I said in Chapter 3 about how the birth certificate bond is a financial contract created to enslave your body and soul, so they can use you as collateral for the debt of the government? I also told you that "your" birth certificate is being traded on the stock market because it is a bond, which is why your birth information is recorded on bond paper, the paper used to create your

birth certificate. In simple terms, your **birth certificate** is a registered security or a **stock** certificate. Do you now innerstand why living people are the "livestock" or "living stock" of the stock market?

When you sell or trade stocks, what you are really doing is selling other people's soul energy, and therefore are treating people like slaves in the religious game of death known as commerce. Be aware that I am not saying you should not trade goods and services with other people. What I am saying is that you should avoid using the debt-based monetary system, the stock market, and other vampiric financial systems to trade energy. These vampiric systems were created for the purpose of destroying Nature and enslaving souls to be used as "batteries".

Commerce is not the same as the process of living people trading goods and services. Commerce deals with the charging of the DEAD; whereas, when living people trade goods and services, they are mutually exchanging their energy with one another. When two people mutually exchange goods and services, there is no vampiric system to steal their living energy.

Another popular vampiric system that is part of the commerce system is the mortgage industry. A mortgage is one of the most parasitic debts you can get from a bank. To innerstand how parasitic and vampiric a mortgage is, you need to dig deep into the hidden layers of the word mortgage, so you can find its occult meanings.

The overt definition of the word **mortgage** is "a conveyance of an interest in property as security for the repayment of money borrowed". Another definition of the word **mortgage** is "a legal agreement by which a bank or other creditor lends money at interest in exchange for taking title of the debtor's property, with the condition that the conveyance of title becomes void upon the payment of the debt."

The two definitions of the word mortgage in the previous paragraph only define mortgage at the surface. To find its deeper meaning, you need to use an etymology dictionary to find the origins of the word mortgage and split it into two words, so it transforms into the term "mort gage".

The word mortgage/mort-gage originated from two Old French words, which are *mort* and *gage*. In Old French, ***mort*** means "dead" and ***gage*** means "pledge". The word **pledge** is derived from the Old French word ***plegier***, meaning "to

promise" or "to solemnly promise or guarantee". One of the modern definitions of the word **pledge** is "a solemn promise or agreement to do or refrain from doing something".

To connect the dots, when you take out a mortgage, you unknowingly make a pledge (promise) to the Dead. This is one of the occult definitions of the word mortgage. So, what is the Dead? The Dead represents the Dark Forces (self-serving thought-form entities) and their corporations (corpses).

The word corporation has a strong connection to the Dead, because its deeper meaning is "a dead body". Do you remember what I said earlier in this chapter that the plural form of the word **corporation** can be written as **corps** and is related to the word **corpse**, which is defined as "a dead body, usually of a human being"? According to *Black's Law Dictionary* (6th edition), a corporation is "an artificial person or legal entity created by or under the authority of the laws of a state". An **artificial person** is considered a **dead entity**, because it does not exist in the real world.

The word **mortgage** also has a strong connection to the words **morgue** and **mortuary**. This is why the place where dead bodies are stored is called a morgue. Mortgages are created in a way that makes them hard to pay off, so the people who sign a mortgage (a pledge to the dead) contract have to work most of their lives to pay it off. This allows the debt-based monetary system to **drain** their **energy** and use it to **charge** the **Dead** with **currency**; the currency that people make from many hours of working at a corporation (dead body). Do you remember what I said earlier about why currency is a medium for exchanging or transferring life force energy?

At the spiritual level, when people sign a mortgage, they basically sign their lives away to the Dead. They also make a promise to the Dead to charge it with their energy, so the Dead can stay alive. In other words, they agree to make a **solemn pledge** to the Dead to ensure that the Dead will be paid and charged with energy.

Phonetically, the word **dead** sounds similar to the word **debt**. Furthermore, the word **debt** has a strong connection to the word **mortgage**. Every time you pay a mortgage/debt/dead, you commit **sin**. If you want evidence of this, go to Merriam-Webster.com and search for the definition of debt and you should see the word sin as one of its definitions. The word **sin** originated from the Old

English word ***synn***, meaning "moral wrongdoing, injury, mischief, enmity, feud, guilt, crime, offense against God, misdeed". Sin is also the name of an ancient moon god or goddess.

The reason that you commit sin (death) when you pay a debt is because paying a debt means that you agree to give your life force energy to the Dark Forces, allowing them to have the power to enslave mankind and cause death to life. The debt system is controlled by the Dark Forces and they are using it to drain the energy of mankind and harm Nature, which are against Natural Law (God's Law). Maybe this is why the Bible verse Romans 6:23 starts with the phrase, "For the wages of sin is death". Sin is debt/dead/death.

If you want to innerstand the sin of debt a little deeper, you need to know how the words mortgage, debt, dead, and battery are all related to the "dollar", which is also known as **legal** tender. According to the 1893 Dictionary of Arts and Sciences, and general literature / The R. S. Peale 9th Encyclopedia Britannica, the word **legal** means "the undoing of God's Law". The legal system practices unnatural laws and "laws" based on the color of law or the appearance of law. Because of this, it is an **artificial system** or a **dead/debt system**, which is why it needs your currency/current-chi to charge it with energy.

The words sin, mortgage, debt, dead, and charge are all related to the dollar, because the dollar is **legal tender** or **dead money**. What do people do with some of their legal tender? They "bury" it in the banks! What you need to know about the word **bank** is that it is related to the word **currency**. Furthermore, both of these words are related to the word **river**.

Do you remember what I said earlier about the relationship between the words river and bank? What does a river have on both of its sides to prevent water from flowing out? Riverbanks! Corporate banks are like rivers because they regulate currency. In other words, they regulate the flow of energy, just like how riverbanks regulate the flow of the energy of water.

Banks need to regulate the flow of energy because they need to keep track of the currency/current-chi (flow of energy) to charge the dead/debt. This is why when the dead/debt is not paid, the banks may send a **loan shark** after people who refuse to pay the dead/debt. They did not use the term "loan shark" for no reason. It is all about water and energy, because water carries the current/currency/current-sea/current-chi, which is needed to charge the

dead/debt.

By now you should know why the words sin, legal, stock, mortgage, debt, dead, currency, corporation, banks, riverbanks, commerce, battery, and charge are all related to the process of harnessing the energy of mankind. The Earth Matrix Drama is all about tricking mankind to consent to be a "battery", so the Dark Forces and their flesh and blood minions can drain our life force energy to charge their dead matrix system.

What the Banks Do Not Tell You About Mortgages and Loans

Today, nearly all local banks do not actually lend out lawful money, but instead lend out notes or checks that are backed by a promise to pay. Before lending out these notes or checks, the borrower has to sign documents that have terms and conditions written on them, along with a price tag (the amount of money the borrower agrees to pay back). These documents are called "negotiable contracts", "loan agreements", or "promissory notes". After you sign a "loan" agreement (contract) with a bank, it **legally** binds you to the terms and conditions of that agreement.

What banks do not tell you is that when you sign a loan agreement or promissory note, you give value to that note for the reason that it is backed by your promise to pay. An important fact you need to know about a valid agreement (contract) is that it is a mutual agreement. A mutual agreement can not be truly valid without **full disclosure**.

Today, nearly all bank loan agreements are not truly mutual agreements, because they do not come with full disclosure. As a result, they are fraudulent agreements and therefore have no legal or lawful standing. Another reason that they are fraudulent is because the money that banks give to borrowers, based on the loan agreements, is created out of thin air.

After you are approved for a bank loan (e.g., mortgage), the bank requires you to sign a promissory note. After signing it, the bank, not referring to a central bank, deposits your promissory note into its account as money, which is actually **your money**, and then uses your promissory note to exchange for credits in your transaction account, and thereby creating new money. In other words, YOU are the CREDITOR, not the debtor, and therefore the bank does not loan you anything.

After the transaction, the bank turns around and lends you that same money as a bank loan. Did the bank tell you in advance that it was going to lend you your own money? Did you agree to allow the bank to lend you your own money? If your honest answer is "no", then it was not a mutual agreement.

By lending you your own money, the bank makes 100 percent profit every time you pay your monthly payment. If you add the interest (rent) into the equation, the bank makes more than 100 percent profit. This is how banks steal your money without your knowledge. If you and I were to do this, they would throw us in jail for a very long time. Once you innerstand how banks create money out of thin air, you will know that banks commit fraud every time they deposit a promissory note.

For evidence of what I just said, read page 6-7 of *Modern Money Mechanics* by the Federal Reserve Bank of Chicago. On page 6-7, you will find a sentence that says, "What they do when they make loans is to accept promissory notes in exchange for credits to the borrowers' transaction accounts". When the sentence above refers to "they", it refers to banks!

If you have a mortgage or are planning to take out a mortgage, you need to know that legally you are NOT the owner of your house. This is because the mortgage contract appoints you as the **tenant** and not the owner of the house. As a result, you do not hold legal title to the land and the house.

A **tenant** is defined as "an individual who occupies or possesses land or premises by way of a grant of an estate of some type, such as in fee, for life, for years, or at will. A person who has the right to temporary use and possession of particular real property, which has been conveyed to that person by a landlord". Another definition of the word **tenant** is "a person who occupies real property owned by another based upon an agreement between the person and the landlord/owner, almost always for rental payments".

As a tenant, you do not legally own your house and land. Furthermore, you are required to pay **rent**, which is the **interest** of the mortgage (pledge to the Dead). In simple terms, the interest payment of the mortgage is the monthly rent! Banks do not tell you this because they want you to think that you are the owner of your house. Once you innerstand how the mortgage industry really works, you will know that there is not that much difference between renting a house and buying a house. In a way, buying a house is worse than renting a house.

After you buy a house, you are also required to pay property tax, which is the rent owed by your landlord to another landlord. As a "homeowner", your landlord is the bank and the bank's landlord is the State. The State owns the land by claiming that the land is controlled and owned by them through their land registry. The State can make this claim because people do not rebut it and therefore it becomes a fact.

If you want strong evidence showing that you (United States citizen) do not **legally** own anything, read Senate Document 43, 73rd Congress 1st Session. According to this document, United States citizens do not own any property. Here is an excerpt of a paragraph from Senate Document 43 that openly admits this fact:

> The ultimate ownership of all property is in the State; individual so-called "ownership" is only by virtue of Government, i.e. law, amounting to mere user; and use must be in accordance with law, and subordinate to the necessities of the State.[35]

The secret that the Dark Forces do not want you to know about the previous claim is that the State and the government can not own any property, just like United States citizens. They can not own property because they are not living; instead, they are considered **corporations** or **dead bodies**. A corporation is legally defined as "an artificial person", which is a dead entity that does not exist in the real world. Because of this, the claim that the "ultimate ownership of all property is in the State" is fraudulent!

By now you should know why taking out a mortgage is a "sin". Taking out a mortgage is like asking for a death sentence. If you have a mortgage and want to know how to free yourself from it, you need to first know how to defend and exercise your natural rights. You also need to learn how the legal system works. You do not need to know everything about the legal system. However, you need to know enough about it, so you are not afraid to defend yourself against the agents of the legal system using the power of words and Natural Law.

Two great websites that teach you how to defend and exercise your natural rights are AnnaVonReitz.com and YouAreLaw.org. Another great source is Bill Turner. He has some very informative seminars on YouTube that you can watch. Besides these sources, KurtisRichardKallenbach.xyz and my website EsotericKnowledge.me are two other great sources of information.

Most people are not aware of the information in this book, because they have relied too much on TV for information. The acronym TV stands for television or "tell-a-vision"/"tell-lie-vision". They are **telling** you **lies** through the power of **vision** to brainwash you. This is why **TV shows** are called **TV programs**. They are using TV **programs** to condition and **program** your mind, so they can control how you think. It is right in your face and hidden in plain sight! The solutions: Turn off the television/tell-a-vision/tell-lie-vision and remove your **consent**, and then learn how to defend and exercise your natural rights.

Chapter 6
Word Magic & the Forbidden Secrets of Religion

Since the day we were born, we have been conditioned and brainwashed by the religious system and mainstream media to think that religion is the source for divine truth. Furthermore, society has conditioned us to blindly follow religion like a flock of sheep, so we do not question the teachings of religion. By not questioning the teachings of religion, we made ourselves vulnerable to being controlled by the Dark Forces.

Religion, especially false religion, is one of the most powerful tools to use for enslaving our minds and souls, because it manipulates us to think that we are weak and powerless. To make matters worse, religion often teaches us to rely on certain **external** saviors to save us. The main purpose of this is to condition us to think like slaves, making it easier for the Dark Forces to control and enslave our minds and souls.

The external savior program is one of the most successful mind control programs ever created by the Dark Forces. This is why the external savior program is often found in religious stories, myths, and movies. Today, nearly every movie that comes out of Hollywood has a savior or a group of saviors. This also applies to most Eastern and non-Hollywood movies.

Religion also uses the power of fear to scare us to obey its version of God. It does this by brainwashing us to believe that if we do not follow the teachings of religion, we will be banished from the kingdom of God and suffer for eternity. This fear tactic is designed to keep us living in a constant state of fear and compliance, allowing the people working in high positions of the religious system to enslave our minds and souls. The main purpose of using religion to enslave us is to turn us into human "batteries", so they can drain our life force energy.

To be fair, religion does have a lot of empowering and enlightening knowledge.

However, most of it is occulted (hidden) behind stories written in myths, parables, allegories, and riddles; therefore, to access the empowering and enlightening knowledge in religion, you need to decipher its myths, parables, allegories, and riddles. Furthermore, most of its empowering and enlightening truths are hidden within its text using metaphors, secret codes, parables and esoteric anagram. By the end of this chapter, you will know why it is not wise to read and interpret the stories of religion in a literal way.

A very important information you need to know about the religious system is that it is heavily involved in the art of magic. For example, the Bible is not only a book full of religious stories; it is also a book full of magic spells. The fact that the Bible has allegories, hidden codes, and sacred words is evidence that it is a book saturated with word magic. Every religion on Earth has word magic embedded into its teachings, especially the major religions of the world.

In this chapter, I will concentrate mostly on Christianity for the reason that I am more knowledgeable in Christianity than other religions. When I was a child, I went to a Baptist church for a few years. During those years, I read many verses of the King James Bible and was introduced to many Christian beliefs, so I am aware of the teachings of Christianity.

Before I expose some dirty secrets of the Church, I want to make it clear to you that my intention is not to offend anyone. The main reason that I am doing this is to show you the facts. It is up to you to accept them as truths. Another reason that I want to share these secrets with you is to increase your awareness, so you are less vulnerable to be manipulated by the Church. My intention is not to spread fear but to inform you of the facts, so you can become awake and aware. Becoming awake and aware is one of the first steps to spiritual freedom.

For you to innerstand how the church system works, you need to know its history. According to some religion scholars, the early churches were Pagan churches; therefore, their teachings were heavily focused on the worshiping of Pagan gods. In general, Paganism is a religion that worships many gods and goddesses and tends to be nature oriented.

During the time of the Roman Empire, Christianity was a minority religion, but it soon became popular and spread throughout Rome. This religious movement became so strong that it threatened the Roman religion, which was heavily based on Polytheism and Paganism.

As Christianity became more and more popular, it caused a lot of conflicts between the Christian and Roman religions, so Emperor Constantine ordered that the basic principles of the Roman religion and the Christian religion be merged together into one religion. The official unification of these two religions occurred at the Council of Nicaea, which resulted in the birth of the Holy Roman Church. This is one of the reasons that there are many Pagan beliefs in Christianity.

For example, Christmas and Easter are Pagan holidays. Most Christians do not know this because the Pagan beliefs and stories in Christianity are encoded to prevent Christians from knowing that their religion is full of Pagan ideology. Do you need evidence of what I just said? Read further and I will show you all the evidence you need.

Why Christmas Is a Pagan Holiday for Worshiping the Sun

Christmas is a time when most people, especially people living in Western countries, like to get together to celebrate a day full of evergreen trees, colorful lights, and delicious foods. Today, Christmas is often viewed as a holiday for giving and receiving gifts. Sadly, most people have no clue as to what Christmas is really about, because they have never investigated the origins of Christmas and the symbols associated with it.

When you start to investigate the origins of Christmas and learn to decipher the symbols of Christmas, you will eventually come to the conclusion that Christmas is not what most people think it is. Furthermore, you will notice that Christmas is full of Pagan ideology.

Besides giving and receiving gifts, many Christians like to celebrate Christmas to commemorate the birth of Jesus Christ. What most Christians do not know is that Christmas, in its original sense, is a Pagan holiday for worshiping a **solar** deity. Hence, the Bible verse John 8:12 (ESV), "[12] Again Jesus spoke to them, saying, "I am the **light** of the world. Whoever follows me will not walk in darkness, but will have the light of life."" (Bold emphasis added)

The person named Jesus in the Bible is not really a man with a body made of flesh and blood; instead, he is just a name of a character. A large quantity of the time, when the Bible refers to Jesus, it refers to the Sun that rises in the East and sets in the West. Most of time, it refers to the principle of light.

Jesus is also known as the **Son** of God. Phonetically, the word **son** sounds almost, if not exactly, like the word **sun**. Without the Sun, we can not survive because we need the energy (sunlight) of the Sun to keep us warm and grow food. Therefore, Jesus or the Sun/Son of God is our savior and the light of the world. Sometimes you have to pay attention to the phonics of words to find their occult meanings.

When you innerstand that Jesus represents the Sun, the light of the world, then many of the stories in the Bible will make more sense. When you go through the process of accepting the idea that Jesus is a metaphor for the Sun and principle of light, you may feel angry at the Church. However, the more you decode the Bible, the more you will realize that it has many empowering knowledge. To access the empowering knowledge in the Bible, you need to learn how to decipher its content.

Here are some verses from the Bible (ESV) that I will decode to help you see the hidden knowledge within them:

> [5] As long as I am in the world, I am the light of the world." [John 9:5]
>
> [12] Again Jesus spoke to them, saying, "I am the light of the world. [...] [John 8:12]
>
> [26] And then they will see the Son of Man coming in clouds with great power and glory. [Mark 13:26]
>
> [5] So Jesus came out, wearing the crown of thorns and the purple robe. [...] [John 19:5]

When the Bible says that **Jesus** is "the light of the world", it refers to the **Sun** (sunlight) that lights up the world when it rises in the morning. This is why the Bible talks about Jesus "coming in clouds" and "wearing the crown of thorns and the purple robe". The **thorns** symbolize the **rays** of the **Sun** and the **purple robe** represents **royalty**. Hence, the phrases "the light of the world" and "King of kings".

Do you still need more evidence showing that Jesus is a metaphor for the Sun? To find more evidence, look at the images of Jesus in books or on the Internet and you will see that many of them have a halo or sun symbol behind Jesus's

head. When you see an image of Jesus with a halo or sun symbol behind his head, it symbolically tells you that Jesus is a metaphor for the Sun. The word "Sun" is capitalized because it is the name of a star, just like Earth is the name of the planet we live on. Keep in mind that Jesus also represents the **light within us**.

To find another evidence showing that Jesus is a metaphor for the Sun, you need to investigate the biblical phrase "crown of thorns" and find the occult meaning of the word crown. The Latin word for **crown** is ***corona***. In English, the word **corona** is defined as "a white or colored circle or set of concentric circles of light seen around a luminous body, especially around the sun or moon". Based on the occult definitions in the previous few pages, the phrase "crown of thorns" means "circles of **light** with rays".

Once you innerstand that Jesus represents the Sun, the story of Jesus being born on December 25 in Bethlehem and the story of the Three Kings following the brightest star in the sky to find Jesus will make more sense. To keep it simple, the **Three Kings** represent the **three stars** of Orion's Belt, and the **brightest star** in the sky represents the star called **Sirius**. "Orion's Belt or the Belt of Orion, also known as the Three Kings or Three Sisters, is an asterism in the constellation Orion. It consists of the three bright stars Alnitak, Alnilam and Mintaka".[36]

Certain branches of Christianity like to teach their followers that Jesus was born on the 25th of December. This religious story of Jesus being born on the 25th of December is more evidence that Jesus represents the Sun, the light of the world and the savior of mankind.

As the winter solstice approaches from the Northern hemisphere, the days become shorter and shorter until it reaches the shortest day of the year, which occurs on December 21. On the day after December 21, which is December 22, the Sun stops moving south for three days. Hence, the assertion that Jesus died for three days.

On December 25, the Sun moves one degree north; therefore, it is said that the Sun/Son died for three days and was resurrected on December 25. This one degree movement of the Sun is very subtle but can be measured using very sensitive equipment. This movement of the Sun is one of the core meanings of Christmas, which is a holiday for worshiping the resurrection of the Sun

(principle of light). Christmas is also a holiday for worshiping the principle of darkness. I will elaborate on this in greater details later in this chapter.

An important information you should know about December 25 is that on this date the Three Kings (three stars of Orion's Belt) line up in a way that points toward Sirius, the brightest star in the sky. When you draw an imaginary line through the three stars of Orion's Belt and Sirius, it points to the area where the Sun rises over the horizon. This is why the Three Kings followed the brightest star (Sirius) in the sky to find Jesus. Sirius showed the Three Kings where the Sun would rise over the horizon on December 25, the "birthday" of the Sun/Son/Jesus.

> Sirius is always easy to find. It's the sky's brightest star! Plus, anyone familiar with the constellation Orion can simply draw a line through Orion's Belt, to the left. This line will point to Sirius, which is roughly 8 times as far from the Belt as the Belt is wide.[37]

By now you should know that Jesus is a metaphor for the **Sun**, which is why he is sometimes referred to as God's Son or God's Sun. This fact is even more obvious when you innerstand why Christians go to church on Sunday. When you split the word **Sunday** into two words, it transforms into the term "Sun-day", which means the **day** of the **Sun**. This is why Christians go to church on Sunday, so they can worship the Sun/Son/Jesus, the light of the world. It is right in your face and hidden in plain sight.

If you still need more evidence that Jesus is a metaphor for the Sun, study the sun-gods of ancient mythology and you will notice that Jesus has similar characteristics to those ancient sun-gods. Here are some popular characteristics of sun-gods:

> In some areas, the calendar originally began in the constellation of Virgo, and the Sun would therefore be "born of a Virgin."
>
> The Sun is the "Light of the World."
>
> The Sun "cometh on clouds, and every eye shall see him."
>
> The Sun rising in the morning is the "Savior of mankind."
>
> The Sun wears a corona, "crown of thorns" or halo.

> The Sun "walks on water." [When watching the Sun rise in the morning or set at night, the moment when the Sun touches the water of the sea is known as the Sun/Son/Jesus "walking" on water. This is one of the occult meanings of the biblical story about Jesus walking on the water".]
>
> The Sun's "followers," "helpers" or "disciples" are the 12 months and the 12 signs of the zodiac or constellations, through which the Sun must pass.
>
> The Sun at 12:00 noon is in the house or temple of the "Most High"; thus, "he" begins "his Father's work" at "age" 12.
>
> The Sun enters into each sign of the zodiac at 30°; hence, the "Sun of God" begins his ministry at "age" 30.
>
> The Sun is hung on a cross or "crucified," which represents its passing through the equinoxes, the vernal equinox being Easter, at which time it is then resurrected.[38]

Many of the characteristics of Jesus were copied from ancient religious stories and myths about solar deities. Because of this, Jesus is the modern version of ancient solar deities, going all the way back to ancient Egypt, Babylonia, and beyond. Some of those ancient solar deities are Horus, Ra, Osiris, Attis, Helios, and Baal.

Because Jesus is a solar deity, he has similar characteristics to Lucifer. The word **lucifer** comes from the Latin word ***lucifer***, meaning "morning star". It literally means "light-bringing". According to a very informative book titled *Fire & Ice* (written by Stephen E. Flowers), Lucifer is the higher octave of Saturn and the Light Bearer for mankind.[39] Jesus is the Sun (the light of the world) and therefore is also the light bearer.

One of the main reasons that ancient civilizations worshiped the Sun is because it is an intelligent creator. Some researchers of occultism have said that the Sun is the creator of the planets and the elements in our solar system, and plays an important role for creating our holographic reality. In a way, the Sun is the physical manifestation of the "fire" of God. This fire is the creative spiritual force that manifests light, which is what everything in the visible and material universe is made of.

Once you know that the Sun is a loving and intelligent creator, then the idea of

using a character named Jesus to represent the Sun is not such a bad concept. Furthermore, the idea of worshiping the Sun makes sense. However, be aware that when you worship a being outside of you, you give your powers away to that being. Instead of worshiping the Sun, acknowledge it as an intelligent creator and thank it for sending its light to heal the world. In addition, respect the Sun because without it life can not exist on Earth.

At this point it should be obvious that Jesus is just a name used as a symbol to represent essential things in Nature and important concepts in life. This does not mean that there was not a man from the past who taught people about the Christ principles. In fact, there were many great spiritual teachers from the past who taught people about their spiritual powers and the Christ inside each of them.

Let us investigate more closely the name Jesus Christ to find more of its occult meanings. To do this, we need to split the name **Jesus** into two words "je-sus". In French, **je** means "I". Phonetically, the letter **I** sounds exactly like the word **eye**. This is referring to the all-seeing eye/optic thalamus/eye of Jesus/eye of Horus/Sun/star. As for **sus**, it is a Latin word for "a fish". In astrology, the **fish** symbolizes the **Age of Pisces**. Based on these occult definitions, Jesus is the Sun/star of the Age of Pisces. This is why the name Jesus is sometimes enclosed inside a fish symbol.

Another French term that has a strong connection to Jesus is ***je suis***, which means "I am". Some researchers of occult knowledge claimed that "I Am" means "Son of Man". The phrase "Son of Man" is used over a dozen times in the Bible and is often used to represent Jesus. One of the online English dictionaries defines the term "**i am**" using these exact words: "God, seen as self-sufficient and self-existent".

As for the word **Christ**, it is derived from the Greek word ***χριστος*** (*christos*), meaning "the anointed". This can be translated as the messiah. Phonetically, the Greek word ***χριστος*** sounds like the word **crystal**. This has a connection to the crystal brain and pineal gland. The Greek word ***χριστος*** can also mean "denoting anyone anointed with the **holy oil**".

The holy oil, also known as the Christ, is the oil secreted by the brain. This oil travels down the rubrospinal tract and is stored in the spinal cord. When you learn how to use certain exercise and meditation techniques to raise the kundalini energy up to your pineal gland, it interacts with the holy oil in your pineal gland.

This process activates your pineal gland in a certain way that allows you to achieve a state of enlightenment.

In certain spiritual teachings, the Christ is the mind of pure intelligence and the embodiment of enlightenment and reason. It is through these principles that mankind will gain the knowledge to achieve spiritual freedom and enlightenment.

Why Christmas Is a Holiday Full of Occult and Satanic Symbolism

People celebrate Christmas for many reasons but what most of them do not know about Christmas is that it is a holiday full of satanic and occult ideology. Be aware that just because Christmas contains occult ideology does not mean that everything about Christmas is evil. The word **occult** simply means "hidden, concealed, secret".

Before we explore the satanic and occult ideology of Christmas, I need to tell you the origins of the word Christmas. Knowing where the word **Christmas** is derived from will make it easier for you to see its hidden meaning. The word Christmas has a strong connection to a medieval custom of the Roman Church called **Mass**, which was celebrated at midnight on the eve of December 25. Put the words **Christ** and **Mass** together and you get the word "Christ-Mass" or Christmas.

The word **Mass** is defined as "public celebration of the Eucharist in the Roman Catholic Church and some Protestant churches". As for the word **Christ**, it is derived from the Greek word ***khristos***, meaning "the anointed". Based on these two occult definitions, the word Christmas means "a religious celebration for the anointed." What most Christians do not know about a mass is that it is also a magic ritual for acknowledging and worshiping the dead.

Christmas is sometimes referred to as Xmas. The letter X is the Greek symbol for the 22nd letter of the Greek alphabet which is "chi", the initial letter in the word ***Χριστός***, meaning "Christ". In certain occult teachings, the letter X represents the X chromosome that was inserted into our DNA by alien gods using genetic engineering techniques.

According to certain geneticists, human DNA has a mixture of extraterrestrial genes.[40] With the help of DNA sequencing technology, some scientists believe

they have found the evidence to prove that human DNA has foreign DNA not from Earth. The idea that human DNA has a mixture of extraterrestrial genes has been discussed among some scientists for decades. These scientists do not like to talk about it in public due to the fear of losing their job.

An important information you need to know about Christmas/**X**mas is that it has a lot of sexual symbolism. For example, the letter X is sometimes used to represent sexual activity, which is why the letter X sounds like sex. This is also why adult movies are rated X. In Latin, the adjective word ***mas*** means "manly, virile, brave, noble, masculine, of the **male sex**". In the Greek alphabet, the letter X (chi) is sometimes used as a Christogram. Hence, the word **Xmas**.

Based on the occult definitions in the previous few paragraphs, Christmas/Xmas is not only a holiday for celebrating the birth of the Son/Sun, but is also a holiday for celebrating male sexuality and dominance. This is obvious when you know that light (Jesus/Sun) represents order, power, and the conscious mind, which are attributes of the divine masculine energy. More evidence of the relationship between sex and Christmas can be found in the Roman holiday called Saturnalia.

According to certain historians, Saturnalia was a week-long ancient Roman festival in honor of the ancient god Saturn. During the festival, which was celebrated around the time of the winter solstice, Roman courts were closed and Roman Citizens were allowed to do almost anything, because it was a period of lawlessness.

> The ancient Greek writer poet and historian Lucian (in his dialogue entitled Saturnalia) describes the festival's observance in his time. In addition to human sacrifice, he mentions these customs: widespread intoxication; going from house to house while singing naked; rape and other sexual license; and consuming human-shaped biscuits (still produced in some English and most German bakeries during the Christmas season).[41]

In the English alphabet, the letter **X** is the **24th** letter. This may be related to December **24** which is Christmas Eve or **X**-mas Eve. Another letter that may be related to Christmas is Y, which is the 25th letter of the English alphabet. What you need to know about the letters X and Y is that they can be used to represent the X and Y chromosome in human cells.

According to geneticists, nearly all males and females have 23 pairs of chromosome. The numbered pairs (1-22) are called autosomes, and they are the same in males and females.[42] The pair that is different is the **23rd pair**, which is known as the **sex chromosome**. In the cells of males, the 23rd pair chromosome has X and Y chromosome. As for females, the 23rd pair chromosome has double X chromosomes.

The word **chromosome** comes from the Greek words *χρώμα* (*chroma*) and *σώμα* (*soma*). In general, the word ***chroma*** means **color** and the word ***soma*** means **body**. The human DNA and body are made of different colors or frequency bands, just like the different colors of the human chakras. This is why we are called human. Phonetically, the word **human** sounds almost exactly like the phrase "hue man". The word **hue** is defined as "a gradation or variety of a **color**". Combine the words **hue** and **man** and you get the word "hueman"/human.

To connect the dots, when you decorate evergreen trees with Christmas lights and put gifts underneath them, you unknowingly and symbolically tell the Dark Forces that you agree to give them your chakra energy and DNA as gifts. This is because symbolically the colorful Christmas lights represent the different colors and frequency bands of your DNA and chakras.

The word **gift** is defined as "something given **voluntarily** without payment in return, as to show **favor** toward someone, **honor** an occasion, or make a gesture of assistance; present". This means that when the Dark Forces come and take your bodily gifts, such as your X and Y chromosome and DNA, they are not in direct violation of your free will, because you voluntarily agree to give your bodily gifts to them. Even though you are unaware that the gifts they want to take are related to your body and energy, ignorance is no excuse. The keys to this deception are the symbols.

If you have read the first chapter of this book, you should know how powerful symbols are. When symbols are used correctly along with spoken words, they can cast magic spells that can be used for good or evil purposes. Why do you think the Dark Magicians of this world are so obsessed with symbols? Have you ever wondered why corporations have symbols (corporate logos) to represent their organizations? It has to do with magic! Many corporate logos are modern day versions of ancient sigils that were used for summoning spirits and casting magic spells.

Be advised that using symbols or sigils to create magic spells is not for ignorant and irresponsible people. If you lack knowledge and responsibility, do not play around with sigils and magic, because you could end up harming yourself or contacting self-serving entities (e.g., demons and astral parasites). Many demonic possessions happen because of ignorant and irresponsible people playing around with magic spells that they do not innerstand.

In one of the previous paragraphs, I said that "when you decorate evergreen trees with Christmas lights and put presents underneath them, you unknowingly and symbolically tell the Dark Forces that you agree to give them your X and Y chromosome and DNA as gifts". What you need to know about the word **gift** is that it can be written as **G.I.F.T.** which stands for Gamete Intrafallopian Tube Transfer, a process that involves "removing a woman's eggs, mixing them with sperm, and immediately placing them into a fallopian tube".[43] [44]

When you participate in the **external** version of Christmas, you empower the Dark Forces, allowing them to continue their genetic experiments on humans/huemans. To stop empowering them during Christmas, celebrate the Christmas **within** you. The true Christmas occurs inside the body when the Christ/holy oil is sacrificed or crucified in the brain as nourishment. This is the true "Mass of Christ" or Christ-Mass/Christmas.

One of the most popular symbols of Christmas is the evergreen tree. Symbolically, the **evergreen tree** represents the **human spine**, also known as the "tree of life" in certain esoteric teachings. The tree of life can represent a few different things, but when it comes to Christmas, it symbolizes the human spine. The spine connects to the **skull**, the **dome** that houses the pineal/"**pine**-al" gland. This is your kingdom or "king-**dome**" which is located between the **temples** of your head. Maybe this is why kings and queens wear a crown on top of their heads to symbolize their kingdom/king-dome between their temples.

What the information in the previous paragraph is telling you is that the kingdom of God is located within your body. Because of this, you will never find it in a religious temple or church outside of you. This is why the Bible verse Luke 17:20-21 (KJV) says:

> 20 And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation:

21 Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you.

The Bible verse Luke 17:20-21 is talking about the **house** inside your skull and between your temples, which is your kingdom/king-dome or temple of God. The word **house** is derived from the Gothic word ***gudhus***, meaning "temple" or "god-house".

To connect the dots, the Bible and many religious stories throughout the world are telling you that the kingdom of God is located between your temples, inside your pineal gland, and within your body, not out in the external world. Sadly, most people like to read the Bible and other similar religious books literally, and therefore are not seeing the true and deeper knowledge.

The pineal gland is shaped like a **pine** cone. Hence, the name pineal/**pine**-al gland. An important information you need to know about the word **pine** is that it has a strong connection to the word **spine**. When you move the letter "s" in the word **spine** a space away from the rest of the letters, the word **spine** becomes "s **pine**". The letter "s" looks like the human spine. Symbolically, the letter "s" is the **spine** that connects to the skull that houses the pineal gland. Hence, the word spine/s-**pine** and its connection to the words pineal/**pine**-al and pine cone.

Have you ever wondered why **pine** trees are used as Christmas decorations in homes? The hidden reason that they are used to decorate homes during Christmas is because they symbolize your **spine**, which is the bone structure that connects to your skull. The area inside your skull is the dome/temple that houses your pineal/pine-al gland. This is your kingdom/"kingdome" or temple of God. Symbolically, the **pine cones** of pine trees represent your **pineal gland**.

According to some occult teachings, the spine is the structure of the human body that stores golden blood plasma, also known as ichor. In Greek mythology, ichor was a gold-colored fluid used by the alien gods for longevity, allowing them to live for thousands of years. This is one of the reasons that the spine is sometimes referred to as the tree of life.

To connect the dots, when you put gifts under the Christmas tree/spine, you symbolically tell the Dark Forces (false gods in your mind) that you agree to allow them to take the ichor in your spine as a gift. When are they planning to do this? They probably take your ichor every month, but the best time is most likely

during the ascension process.

Maybe this is why ascension is sometimes referred to as the **harvest**. One of the definitions of the word **harvest** is "to gather (a crop or the like); **reap**". The word **harvest** can also mean "to cut, divide, pluck". This definition comes from the Latin word ***carpere***. The best time to harvest something is when it is **ripe**, and therefore ascension would be the best time to harvest people. The word **ripe** comes from the Old English word ***ripe***, meaning "ready for **reap**ing, fit for eating, mature". Remember, one of the definitions of the word harvest is "reap".

Please be aware that I am not saying that ascension is all about the harvesting of people. What I am saying is that the time of ascension is when the Dark Forces like to trick us to go with them, so they can harvest us to be used as "batteries". They like to harvest us during ascension, because this is the time when our bodies and souls are ripe.

There are many tricks that the Dark Forces can use to deceive you to go with them. For example, if you are a Christian, the Dark Forces may manifest themselves to look like angels and then ask you to go with them into the light. They like to exploit your weaknesses, so they can trick you to give them your consent, allowing them to feed on your life force energy.

One of the origins of the word **ascension** is the Latin word ***ascensionem***, which means "a rising". It is also derived from the noun of action from the past participle stem of ***ascendere***, which means "to mount, ascend, go up". Based on these definitions, the word ascension means "to go up or rise".

What you need to know about ascension is that it is a spiritual and scientific process that utilizes the Laws of Nature to assist spiritual beings to evolve to higher states of consciousness. This process allows all spiritual beings to eventually evolve and ascend out of time and space to unite with their higher identities of pure consciousness.

The process of ascension involves increasing the particle pulsation rhythm of the body, allowing the body to absorb high frequency energy into its morphogenetic field and therefore increasing its frequency. The more accurate term for this process is **frequency accretion**. This process causes your body to become lighter and less dense. It also causes your consciousness to expand, allowing you to ascend to higher levels of consciousness.

Every religion of mankind has its own version of ascension. For example, some religions teach their followers that only the chosen people can ascend or only God can make someone ascend. Other religions (e.g., the New Age) claim that extraterrestrials (ETs) will come from outer space to help us ascend. In Christianity, it is taught that Jesus will one day come from the heavens to save his people and bring them back to the kingdom of God. With so many different versions of ascension, how do you know which one is correct?

To know if the ascension technique you are using will help you achieve spiritual freedom, ask yourself this question: does this version of ascension teach me knowledge of empowerment and truth, and how to be responsible for my spiritual growth? If your answer is no, you should stay far away from it.

Any teaching that teaches you to rely on an **external** savior to save you is not going to empower you to achieve true spiritual freedom. This type of teaching is the teaching of the Dark Forces, because it teaches you to think and act like a slave. The idea that an external messiah or ET race is coming to save us is a psychological operation created by the Dark Forces to keep us living in a state of mental slavery.

To find more evidence that the Dark Forces may be planning to harvest people during ascension, we need to investigate and study some of the hidden messages in the movie *Jupiter Ascending*. Before we do this, you need to be aware that the Dark Forces and their flesh and blood minions like to use movies and TV shows to show you what they are doing to people or planning to do to mankind. *The Matrix* is one of the best examples of a movie that shows you the agendas of the Dark Forces in plain sight.

One of the main reasons that the Dark Forces and the Dark Magicians show you their agendas in movies and TV shows is because they do not want to violate your free will. Furthermore, most people do not take the messages in movies and TV shows seriously. This allows the Dark Forces to show their agendas in plain sight without worrying about people becoming aware of their evil deeds. Be aware that they also like to use other media to reveal their agendas, such as video games, music videos, and magazines.

By telling us what they are doing to mankind through movies, TV shows, music videos, video games, etc., the Dark Forces and their flesh and blood minions are giving us a choice and a chance to say no. When we ignore their messages and

choose not to say anything, it means that we do not really care about their agendas; therefore, the Dark Forces can use that as an excuse to go ahead with their diabolical plans. Remember, silence is a form of consent.

To not give the Dark Forces your consent, you need to be aware of what they are doing. Your awareness is one of your most important spiritual powers for stopping the Dark Forces. When you become aware of what they are doing, you can say no. If enough of us say no, the Dark Forces will have to back off. If they refuse to back off and take actions to harm us, they will have to eventually face the cosmic forces and the justice system of God. All thoughts, intentions, and actions are known by God and there is no escaping His Laws.

Let us focus our attention back to the movie *Jupiter Ascending*. Shortly after the halfway point of this movie, there is a scene where Titus shows Jupiter a room full of thousands of vials filled with youth serums. By drinking the serums, it allows Titus and his people to live for thousands of years. The shocking thing about the serums is that they were made from harvesting dead people. Based on my research on occultism, the secret ingredient that gives the serums the healing effect of longevity is ichor, the golden blood plasma that is believed to be stored in the human spine.

The following content is an excerpt of the movie script *Jupiter Ascending*. This part of the script talks about the youth serums that allow Titus and his people to live for thousands of years.

> [Titus:] Come with me.
>
> [Jupiter:] What is that?
>
> [Titus:] It has many names. Regenx, recell, nectar. There are various levels of usefulness and quality, but this is the most pure and most valuable solution made by the house of Abrasax.
>
> [Jupiter:] Kalique came out of a bath.
>
> [Titus:] Naturally, my sister didn't explain what it is or where it comes from. It comes from people. Each unit is refined from approximately a hundred human beings.
>
> [Jupiter:] What?

> [Titus:] **Your planet is a farm, Jupiter. There are thousands of planets like yours set up by families like mine to supply an ever increasing demand for more time**.
>
> [Jupiter:] Are you saying you killed a hundred people to make this?
>
> [Titus:] Not me, but...yes, someone did. Not unlike butchering a herd of cattle.
>
> [Jupiter:] Oh, my God.
>
> [Titus:] It's all right. It's all right. My mother went through a profound change at the end of her life. She felt exactly as you do now. But when she tried to do something to stop this business, she was murdered. I believe the same thing is about to happen to me because I began to carry out the work she started. That is why I hired Mr. Wise to find you.[45]

When Titus says to Jupiter that planet Earth is a **farm** for supplying an ever increasing demand for more time, he is telling her that living people are being raised as **livestock**, so when they grow up and become mature or ripe, they can be killed to make youth serums. Do you remember what I said in Chapter 5 that living people are the "livestock" or "living stock" of the stock market?

When you take a step back and look at the big picture, Earth is a farm for raising people. This farm is the artificial matrix! Maybe this is why the Dark Forces created many programs to brainwash people to raise and sacrifice animals for food. When people raise and sacrifice animals for food, it gives the Dark Forces the excuse to sacrifice people for food too. Like they say, "karma is a bitch!" Knowing about these programs should make you question your eating habits and think seriously about becoming a vegan or vegetarian.

By now you should know why the Dark Forces created the external savior program. If you still do not know why, I will say it again because it is very important that you innerstand what the external savior program is really about. The teaching that ETs will come save us, or a messiah will descend from the clouds to rapture the chosen people to heaven, is a **psychological operation** and **magic spell** designed to trick us to give our consent to the Dark Forces, so they can harvest our bodies for ichor and energy without directly violating our free will.

Do you remember what I said in Chapter 4 about why the word rapture means snatching or abduction? One of the origins of the word **rapture** is the Latin word ***raptus***, which means "a carrying off, abduction, snatching away; rape". Therefore, the deeper meaning of the word rapture is "snatching" or "abduction". Whenever people die, the Dark Forces often try to rapture/abduct their souls to "heaven". This heaven is not the kind of heaven that people think it is, but is another control system of the artificial matrix used by the Dark Forces to trick naive souls to go back into their artificial reality.

The good news is that the Dark Forces can only harvest you and feed on your life force energy with your CONSENT, so stop giving them your consent. To do this effectively, you need to learn how to defend and exercise your natural rights. Two great websites that teach you how to defend and exercise your natural rights are AnnaVonReitz.com and YouAreLaw.org. My website EsotericKnowledge.me is also another great place to learn how to defend and exercise your natural rights.

Let us focus our attention back to Christmas. Another popular symbol of Christmas is the star. Symbolically, the **star** on top of the Christmas tree/pine tree/spine is the **optic thalamus**, which is the **all-seeing eye** or **mind's eye**. When it is opened, it acts like a conduit, allowing you to connect to your Christ/God/Super Consciousness. When activated and used wisely, the optic thalamus, also known as the Eye of Horus/Jesus, can lead you to true enlightenment.

Here is an excerpt from Freemasons-Freemasonry.com that explains what the star represents in more details:

> Within the Craft degrees, the figure of the Pentagram may also be seen in the image of the 5 rayed Blazing Star. According to Albert Pike, the pentagram is synonymous with the Blazing Star of Masonic Lodges:
>
> *The Blazing Star in our Lodges, we have already said, represents Sirius, Anubis, or Mercury, Guardian and Guide of Souls. Our Ancient English brethren also considered it an emblem of the Sun. In the old Lectures they said: 'The Blazing Star or Glory in the centre refers us to that Grand Luminary the Sun, which enlightens the Earth, and by its genial influence dispenses blessings to mankind. It is also said in those lectures to be an emblem of Prudence. The word Prudentia means, in its original and fullest*

signification, Foresight: and accordingly the Blazing Star has been regarded as an emblem of Omniscience, or the All-Seeing Eye, which to the Ancients was the Sun.[vi]

He further associates this star with the "*Divine Energy, manifested as Light, creating the Universe.*"[vii]

The Masonic scholar Rex Hutchins asserts that the Pentagram

is the symbol of the Divine in man... The five-pointed star with a single point upward represents the Divine. It also symbolizes man for its five points allude to the five senses, the five members (head, arms and legs) and his five fingers on each hand, which signify the tokens that distinguish Masons.

Furthermore he writes that this figure

is the symbol of the Microcosm, the universe where humans dwell. Since the pentagon which encloses the pentagram may be formed by connecting the five points of the human body, for many centuries the symbol was also used to represent humanity in general.

Within this symbol then is a representation of humanity, and our Divine role in the Universe as co-creators of eternity.[46]

By now you should know that there is more to Christmas than meets the eye. To find other hidden meanings of Christmas, we need to turn our attention to the name **Santa Claus** and dissect it to find its occult meanings. After doing this, you will know why Christmas is not only a holiday for celebrating the Sun/Son/Jesus, but is also a holiday for celebrating Satan. In other words, Christmas is a holiday for celebrating polarity, such as light and darkness, masculine and feminine, and "good" and "evil".

Two origins of the character Santa Claus can be found in the mythology of ancient Egypt and Greece. In Egyptian mythology, the sun-god Osiris was born on the 25th of December. During the anniversary of his birth, he would ride through the heavens in his chariot.[47] The Greek sun-god Helios was also believed to be born on the 25th of December. Helios would also ride through the heavens in his sun chariot pulled by horses during the anniversary of his birth. Today, we have a similar character named Santa Claus who flies across the sky

in his reindeer-drawn chariot on Christmas Eve.

To find one of the hidden meanings of Santa Claus, you need to use the art of anagram to shuffle the letters in "Santa" around. When you do this, you will eventually transform the word **Santa** to the word **Satan**. Santa is an anagram for Satan! Have you ever wondered why Santa wears a red suit? The color red is sometimes used to represent the Devil, which is why the Devil is often red in color. Santa/Satan is the name and symbol used for representing the principle of darkness.

An important fact you need to know about the color red is that it has a strong connection to Saturn. The **dark characteristics** of Saturn are associated with the entity **Satan**, which is why Saturn is also known as Satan. On the other hand, the **light characteristics** of Saturn are associated with the entity **Lucifer**. In ancient Egypt, the color red was often viewed as bad or evil for the reason that it was associated with the Egyptian god Set. Today this Egyptian god is known as Satan. This is why Satan is often depicted as red in color.

Is it hard for you to accept that a big belly old man in a red suit can represent Satan or the Devil? Santa is also known as **Saint Nick**. The word **nick** is etymologically defined as "the devil". As for the word **saint**, it is derived from the Latin word ***sanctus***, meaning "holy". Phonetically, the word **holy** sounds similar to the word **holly**. One of the definitions of the word **holly** is "any of numerous trees or shrubs of the genus *Ilex*".

The wood of holly trees was used by the Druids to make magic wands. The Druids believed that holly trees had magical powers, which was why they used them to make magic wands. Today, certain magicians who practice real magic still create magic wands out of the wood of holly trees.

An organization that has a strong connection to magic, holly trees, Christmas, Santa/Satan, Lucifer, Jesus, and the word holy is the Holy Roman Catholic Church. The Catholic Church is controlled by the Vatican, a city-state controlled by the **Holy Roman Empire**. This empire is alive and well today. Any phrase, name, or title that has the word **holy** in it is often connected to the Vatican and the **Holy** Roman Empire.

The Vatican is a city-state governed by the **Holy See**, also known as the **See of Rome**. In Italian, the Holy See is called ***Santa*** *Sede* and in Latin it is known as

Sancta Sedes, meaning "holy chair" or "holy seat". It is interesting to know that the Latin word ***sanctus*** means "**holy**" and is the source of the Spanish words ***santo*** and ***santa***. Maybe this is why the Pope (**Holy** Father) sometimes wears a red suit. Could the Pope be the representative of Santa/Satan?

Another word that has a strong connection to the words **holy** and **holly** is **holiday**. Holiday is "holy day" or "holly day", meaning "a sacred day of magic." Most holidays are magic rituals that can be used for "good" or "evil" purposes. Because of this, the Dark Forces like to use holidays to cast magic spells on people. Christmas is one of the best examples of a holiday that is saturated with magic rituals. This is why the stems, leaves, and berries of **holly** trees are often used as Christmas decorations.

The word **holly** translates into the Norwegian language as the word kristtorn. When you split the word **kristtorn** into two words, it becomes "krist torn". Phonetically, the prefix **krist** sounds similar to the word **Christ**. This word is derived from the Greek word ***χριστος*** (*christos*), which means "the anointed". The occult definitions of the words in the previous few paragraphs show the connection between the words holy, holly, holiday, magic, saint, and Christ.

Because you now know some of the occult definitions of the word Santa, let us explore the hidden meanings of the word Claus. Doing this will make it easier for you to innerstand the deeper meanings of the name Santa Claus. The word **Claus** from the name **Santa Claus** was taken from the word **claustrum**, which is defined as "the one of the four basal ganglia in each cerebral hemisphere that consists of a thin lamina of gray matter separated from the lenticular nucleus by a layer of white matter". Take out the letters t, r, u, and m from the word **claustrum** and you are left with the word **claus**.

Be aware that the word **claus** sounds like the words **claw** and **clause**. The word **claw** means "a sharp, usually curved, nail on the foot of an animal, as on a cat, dog, or bird". As for the word **clause**, it means "a distinct article or provision in a **contract**, treaty, will, or other formal or **legal written document**" or "a group of **words**, consisting of a subject and a predicate including a finite verb, that does not necessarily constitute a sentence". Satan is often portrayed with **claws** and likes to use **contracts** and **words** to trick us to agree to certain obligations.

Here is an excerpt from an article published on EsotericOnline.net that does a great job of explaining the connection between the words Claus and claustrum

and the character Santa Claus/Saint Nick:

> The claustrum is a thin sheet of isolated gray matter, found just medial to the Island of Reil. Santee says it "is a sheet of peculiar gray substance, and is made up of fusiform (spindle shaped) cell-bodies." It is from this claustrum that contains yellow substance within its outer grayish exterior, that the wonderful, priceless OIL is formed that flows down into the olivary fasciculus, "descending with the rubrospinal tract through the reticular formation in the pons and medulla to the lateral column of the spinal cord. It terminates in the gray matter of the spinal cord, probably giving off collaterals to corresponding nuclei in the brain stem." Santee. This is the OIL, the precious gift of which the Bible speaks, "Thou anointest my head with oil."
>
> And not only is there oil manufactured within this special laboratory of the brain, but there is actually an olive tree, which bears actual olives so named in any anatomy. The two olives are two infinitesimal eminences on either side of the medulla, with the Pyramid between.
>
> They are one-half inch in length. It is found well developed only in the higher mammals. They are RELAY (Santee) stations between the cerebrum and the cerebellum and between the spinal cord and the cerebellum.
>
> This oil is the most sacred substance in the body it is the quintessence of gold the "Gold of Ophir" most truly a rare gift. Globules of oil are found in the vital fluid, the semen, and when the prodigal son has wasted his substance, he finds that it takes a long time to replace the deficiency and make good the looted bank account.
>
> [...] The olives, which contain the oil, are the reservoirs the relay stations, of course, which furnish the oil for the lamp, the pineal gland, at the top of which is the flame or eye. When the Kundalini, the serpent fire that lies concealed within the sacral plexus is awakened, burns up the dross within the spinal cord, and reaches the conarium, it sets fire to this oil and thus lights the "perpetual lamp," which "Gives the light to the whole house."[48]

The word **Claus/claustrum** represents the **precious gift/holy oil** that is secreted in the brain. Symbolically, the **spine** is the **chimney** that the holy oil travels up and down on. When this holy oil reaches the pineal gland and interacts with the

kundalini energy, it lights and activates the **optic thalamus/single eye/lamp**, causing it to become all-seeing or illuminated. Symbolically, this is the all-seeing eye on the back of the one dollar bill, which is the symbol that the Illuminati like to use to represent their secret society.

This is why the Bible verse Matthew 6:22-23 (KJV) says,

> 22 The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light.
>
> 23 But if thine eye be evil, thy whole body shall be full of darkness. If therefore the light that is in thee be darkness, how great is that darkness!

The English standard version of the Bible, verse Matthew 6:22, even says, "22 "The **eye** is the **lamp** of the body. So, if your eye is healthy, your whole body will be full of light,". (Bold emphasis added) This verse is talking about the **optic thalamus**, which is the **single eye**. When the holy oil within the pineal gland is ignited by the kundalini energy, it lights up the optic thalamus like a lamp, giving light to the whole body. Sometimes, the verses in the Bible are written in riddles, so if you want to find the really important knowledge hidden in the Bible, you need to learn how to decipher its riddles.

Based on the occult definitions in this sub-chapter, Santa Claus/Saint Nick is a devil who comes during Christmas/Xmas Eve to take the precious gift/holy oil, golden blood plasma, life force energy, and DNA of humans/huemans. The good news is that Santa Claus is only "evil" when you celebrate the false or **external** version of Christmas. When you celebrate the true or **internal** version of Christmas, the precious gift/holy oil secreted by the Santa Claus/claustrum in your brain becomes more powerful. With proper knowledge and meditation, you can use it to ignite your pineal gland and light your optic thalamus, giving light to your whole body, which in turn prevents death and sickness.

What most people do not know about the false or external version of Christmas is that it is a **religious ritual** and **magic contract**. The creators of this ritual, which are the Dark Forces, like to use it to trick people to give their consent to them. What you need to know about rituals is that they have energetic binding forces attached to them. These binding forces are not dependent upon personal knowledge or beliefs. By simply taking the ACTION to perform the holiday/magic-day ritual known as Christmas, the effects and results are

achieved, and therefore you are bound to whatever the ritual is designed to do. When you take the action to put presents under the Christmas tree, it symbolically tells the Dark Forces that you consent to give them your holy gifts.

To trick us to participate in the Christmas holiday/holly-day/magic-day ritual, the Dark Forces made Christmas very appealing, which is why there are so many cute creatures, colorful decorations, delicious foods, sweet candies, and cheerful music during Christmas and other holidays. The purpose for doing these things is to attract us to participate in their holiday rituals, so they can seduce and hypnotize our minds, allowing them to drain our energy and enslave our souls. The Dark Forces are masters of manipulation and very cunning.

To protect yourself from the magic spells of the Christmas ritual, you need to first be aware that they exist. After that, you need to remove your consent and stop putting gifts under Christmas trees. Doing these things will nullify some of the magic spells of the Christmas ritual. If you plan to celebrate the false/external version of Christmas, it would be wise to meditate before doing so. During meditation, focus your awareness within your head and tell God that you do not consent to participate in the false/external version of Christmas. Furthermore, tell God that you are getting together on Christmas to spend time with your families and friends, not to celebrate the false/external version of Christmas.

When you say these prayers, your mind generates energy signatures and then projects them out into the external world. These energy signatures tell the Dark Forces that you are aware of their Christmas ritual and do not consent to it. If the Dark Forces were to not honor your decision and harm you, they would violate your free will. When they do this, you have the power to make them responsible for their violation of your free will. All thoughts, intentions, and actions can be known by God and there is no escaping His Laws.

You may also want to use your power of thought to create a protection barrier around your home to shield it from demonic entities and evil spirits. You can do this by imagining a protection barrier of white light surrounding your home with the intention to repel all evil spirits and self-serving thought-form entities from entering your home. Spend some time doing this and use the energy of Nature to help strengthen the barrier.

You can also strengthen the protection barrier by asking a few people to

participate in the process of creating it. It is best to ask people who are open to the idea of creating protection barriers and magic spells. People who are not open to this idea can actually prevent the barrier from functioning effectively. This can happen because their thought patterns and beliefs can prevent the barrier from manifesting properly.

Before doing a protection barrier, cleanse your home of negative energies and spirits that you do not want inside your home. For a stronger protection, you need to learn how to do protection spells. These magic spells often require you to have certain supplies (e.g., candles and herbs). Furthermore, you need to know how to use certain sacred symbols, and chant certain sacred words and sounds.

The problem with many magic spells is that they often involve summoning entities from the underworld to assist you. Most of these entities are self-serving and often want something in return. Like they say, "magic always comes with a price". Because of this, it is wise to not use magic spells that require you to summon self-serving entities.

As for gifts, there is nothing immoral about giving gifts to friends, family members, or strangers, but avoid putting gifts under the Christmas tree. Remember, symbolically the Christmas tree is your spine and the gifts are the parts and fluids of your body, such as your holy oil and DNA.

The Occult Meanings of Easter

Another popular holiday that people like to celebrate is Easter. This holiday/holly-day/magic-day has a strong connection to Christmas and is also full of occult symbolism and important parables. Two of the origins of the word **Easter** are the Old English word ***easterdæg*** and Proto-Germanic word ***austron***, meaning "dawn". ***Austron*** is also the name of a goddess of fertility, spring, and sunrise whose feast was celebrated at the **spring equinox**.

One of the common definitions of **Easter** is "an annual Christian festival in commemoration of the resurrection of Jesus Christ, observed on the first Sunday after the first full moon after the vernal equinox, as calculated according to tables based in Western churches on the Gregorian calendar and in Orthodox churches on the Julian calendar".

To find the occult meanings of Easter, you need to know what Jesus represents in the religious story of the resurrection of Jesus Christ. In this religious story, the character Jesus does not really represent a physical man; instead, he represents the Sun that rises in the East and sets in the West. Because of this, one of the occult meanings of Easter is a day for celebrating the Sun and the spring equinox.

To be more specific, Easter is a holiday for celebrating the light overpowering the darkness, which occurs during the spring equinox. After the spring equinox, the days get longer and the nights get shorter. This holiday can be celebrated anywhere from March 22 to April 25. Easter does not have a fixed date for the reason that it is celebrated on the first Sunday following the full moon that occurs on or following the spring equinox (March 21).

Two of the most popular symbols of Easter are the rabbit and the egg. During Easter, these two symbols are used to represent fertility. Easter does not really have anything to do with the resurrection of a man named Jesus Christ, because Jesus Christ is a name or symbol, like a logo of a corporation, used to represent many important principles in life. However, this does not mean that there was not a man from the past who taught about the Christ principles.

What most people do not know about Easter is that certain ancient civilizations celebrated this holiday long before the existence of Christianity.

> It was during the 6th-7th centuries AD when this original pagan holiday was incorporated into Christianity and the Catholic Church. It would officially become a Christian Holiday and would be assigned in the bible of the New Testament to the day of Christ's resurrection and thereafter was called Easter.
>
> The English word Easter is derived from an Old English or Anglo-Saxon word *Ēastre* or *Ēostre* (or *Estarte/Astarte*), who was an ancient fertility Goddess that various Anglo-Saxon Tribes worshiped during the start of this Sixth Age when they had celebrated this time of year as the suns Passover time, and to whom sacrifices were annually offered.
>
> Before the Anglo-Saxons had worshiped Estarte, she was called by the Sumerian Inanna and later the Akkadian Ishtar, whose temple priestesses were the "women of Ishtar"; ishtaritum and sacred "prostitution" was part of

> this religion or cult and their temples served as houses of prostitution, in which the priestesses were prostitutes. In the East, to the Phoenicians, Canaanites and Babylonians she was the Goddess that was known as Astoreth or Ishtar. She was also the Babylonian Venus or Goddess of love and the consort of the pagan Fire God, Baal.[49]

Here is an excerpt from an article published on LastTrumpetMinistries.org that explains the deeper meanings of Easter in more details:

> In those ancient times, there was a man named Nimrod, who was the grandson of one of Noah's son named Ham. Ham had a son named Cush who married a woman named Semiramis. Cush and Semiramis then had a son named "Nimrod."
>
> [...] Nimrod became a god-man to the people and Semiramis, his wife and mother, became the powerful Queen of ancient Babylon. Nimrod was eventually killed by an enemy, and his body was cut in pieces and sent to various parts of his kingdom.
>
> Semiramis had all of the parts gathered, except for one part that could not be found. That missing part was his reproductive organ. Semiramis claimed that Nimrod could not come back to life without it and told the people of Babylon that Nimrod had ascended to the sun and was now to be called "Baal", the sun god.[50]

The article then talks about how Satan helped Semiramis to deceive the people to accept her as a goddess. To influence the people with her ideas, Semiramis created a mystery religion and claimed that she was immaculately conceived. She taught the people that the "moon was a goddess that went through a 28 day cycle and ovulated when full". Semiramis also taught the people that "she came down from the moon in a giant moon egg that fell into the Euphrates River". This event happened during the first full moon after the spring equinox.

Semiramis, one of the main characters of the ancient "Easter" story, became known as "Ishtar" and her "egg" became known as "Ishtar's egg". As **Ishtar**, which is pronounced "**Easter**", she told the people that the rays of the sun-god Baal impregnated her, causing her to conceive and birth a son named Tammuz. An important characteristic of Tammuz was his affection for rabbits.

This ancient "Easter" story said that Tammuz, the son of the sun-god Baal, became a hunter and was eventually killed by a wild pig. After he died, his mother (Queen Ishtar) told the people that her son ascended to be with his father (Baal), and that "the two of them would be with the worshippers in the sacred candle or lamp flame as Father, Son and Spirit".

> The queen told the worshippers that when Tammuz was killed by the wild pig, some of his blood fell on the stump of an evergreen tree, and the stump grew into a full new tree overnight. This made the evergreen tree sacred by the blood of Tammuz.
>
> She also proclaimed a forty day period of time of sorrow each year prior to the anniversary of the death of Tammuz. During this time, no meat was to be eaten.
>
> Worshippers were to meditate upon the sacred mysteries of Baal and Tammuz, and to make the sign of the "T" in front of their hearts as they worshipped. They also ate sacred cakes with the marking of a "T" or cross on the top.
>
> Every year, on the first Sunday after the first full moon after the spring equinox, a celebration was made. It was Ishtar's Sunday and was celebrated with rabbits and eggs.[51]

By now you should know that Easter is a holiday full of occult and sexual symbolism. In addition, you should know that it is a holiday for celebrating the Sun, the light of the world and the savior of mankind. Why is the Sun the savior of mankind? Because it produces sunlight and ejects it towards mother Earth to nourish and "fertilize" her, so she can produce life during the spring season.

An important information you need to know about ancient myths that have a lot of occult symbolism is that many of them were created to teach people moral lessons. However, many of them were also created to poison people's minds with disempowering ideas.

Another important information you need to know about ancient myths is that many of them have empowering truths. These truths are often hidden behind allegories and riddles. Because of this, it would be wise for you to study ancient myths and take them seriously. You can learn a lot about life and reality from

deciphering and studying the knowledge in ancient myths.

Ancient myths are still alive and well today due to the fact that many of them are found in modern holidays and religious stories. Because of this, they are still shaping the culture of mankind. The problem is that some holidays based on ancient myths were created by the Dark Forces to trick people to enter into contracts with them.

When you celebrate their holidays, through your action, you agree to give them your consent. Once you do this, God refuses to send His cosmic forces to penalize or punish the Dark Forces, because they did not violate your free will. However, if they were to violate your other natural rights, they would be liable and responsible for their actions.

The Law of Free Will plays a very important role in the Earth Matrix Drama. Within this law holds one of the keys for freeing mankind from the artificial matrix. When most of us innerstand that the Dark Forces can not enslave us without our consent and participation, we can end this drama in no time by removing our consent and support. Once enough of us do this, it is game over for the Dark Forces and their New World Order.

Twenty Solutions to Free Mankind

There are many solutions to free mankind from the artificial matrix of the Dark Forces. Based on my research, knowledge, and experience, some of the best solutions to free mankind involve personal responsibility and Natural Law. If the following solutions work for you, I highly encourage you to share them with other people. The more people know how to free their bodies, minds, and souls from the artificial matrix, the faster we can restore our freedom and sovereignty.

Here are 20 effective solutions to empower you to achieve spiritual freedom. It would be wise for you to study the solutions that resonate with you and then learn to apply and adapt them to your situations.

1. True freedom requires personal responsibility

With freedom comes great responsibility. Freedom and personal responsibility are like two sides of one coin. You can not have true freedom without personal responsibility. If you were to be given too much freedom without personal responsibility, you would eventually harm yourself or worse harm other people. When you harm people, it is a direct violation of Natural Law. The consequence of harming other living beings is very serious.

Here is a great example of a situation that explains why true freedom requires personal responsibility. Pretend that you have a 5-year-old child. Would you be willing to leave your 5-year-old child at the mall or state fair by himself? Let me guess, your answer is no, right? A 5-year-old child is too **irresponsible** to be given that kind of freedom. When you lack personal responsibility, you are like an incompetent child who always relies on authorities or government institutions to govern you. Because of this, you will never be able to achieve true spiritual freedom.

2. The light at the end of the tunnel trap

After your body dies, one of the Dark Forces favorite tricks to prevent you (the spirit) from leaving their artificial matrix is the light at the end of the tunnel trap. They like using this trap because they know that the spirits of mankind are

attracted to the light. The moment you walk into the light, you unknowingly go back into their artificial matrix. The act of walking into the light at the end of the tunnel is a form of consent, so you better make sure it is the right light. The light that you should follow is the light within your heart.

It is my innerstanding that you need to go to the center of your being and find the light inside your heart. Hence, the saying, "home is where the heart is". Finding the light at the center of your heart can be hard because it may be surrounded by darkness, so it is important that you learn to overcome your fear of the dark. When you are not afraid of the dark, it makes it easier for you to effectively use your spiritual powers to guide you to find the light within you.

Within the center of your being, there is also a black hole, which is the natural stargate that is connected to the true spiritual world of God. This is one of the reasons that the Dark Forces and their flesh and blood minions have worked so hard to make you and the rest of mankind afraid of the dark. The Dark Forces also like to manifest themselves to look like angels or someone you loved, so they can trick you to go back into their artificial matrix.

3. Be wary of religious music

Another popular technique that the Dark Forces like to use to trick you to go back into their artificial matrix after your body dies is religious music, or music that sounds soothing and calming to your soul. Gospel music is a good example of this type of music. Maybe this is why they play gospel-like music in church to condition people ahead of time. Please take notice that I am not saying that all gospel music is bad to listen to.

The message I want to get through to you is the fact that the Dark Forces like to exploit your weakness using soothing music to hypnotize you in the astral plane. An important information you should know about nearly all churches is that they are controlled by the self-serving faction of the Vatican. Catholic churches are controlled by them the most. However, in the coming new age, this faction will lose control of the Vatican.

4. Avoid fighting the Dark Forces

It is not wise to fight the Dark Forces because fighting them produces negative energy for them to feed on. In addition, fighting generates the right kind of energy to power their matrix. This is why they like to promote wars and conflicts

between nations and ethnic groups. Even though it is not wise to fight the Dark Forces, be aware that you do have the right to defend yourself. An important information you need to know about the Dark Forces is that they can not be eliminated using physical weapons. The Dark Forces are non-physical beings; therefore, physical weapons are not very effective against them.

Instead of fighting them, use the power of knowledge, words, thought, intention, and Natural Law to put them in checkmate. In addition, remove your consent and reduce your support for their matrix as much as possible. Just like how any corporation needs your support to stay in business, the artificial matrix also needs your support to exist. When enough of us remove our support, the artificial matrix will collapse on its own. You also need to support people who are creating systems that work in harmony with Nature. These systems are important for empowering mankind to transcend the artificial matrix.

5. Stop voting for treasonous politicians

As a United States citizen, your right to vote is not a right but is a privilege. To be a United States citizen means that you are an "employee" of the United States (incorporated), and therefore are considered a legal fiction, also known as a corporation (artificial person). A corporation is a fictitious entity that has no natural rights. In other words, every time you vote, you agree to be a corporate slave or legal fiction (dead/artificial person). Furthermore, you agree to allow the U.S. government, which is another corporation, to have jurisdiction over you.

The right to vote in the United States is a big fat scam, because the voting system is rigged so bad that your vote does not really matter. To make matters worse, the presidential candidate you vote for is actually running for office of a **foreign** corporation (United States, Inc.). It is foreign because it is not part of The United States of America (**un**incorporated). If you do not "live" in the United States, your voting system is most likely rigged too.

6. Do not ignore the Dark Forces

You need to be aware of what the Dark Forces are doing, so you can protect yourself from them. Ignoring them only makes it much easier for them to enslave mankind. One of the main reasons that the society of mankind is on the brink of destruction is because most people have ignored the Dark Forces. Remember, silence is a form of consent and ignorance is no excuse, especially in

the Internet and information age.

7. Study Natural Law

When it comes to spiritual freedom, educating your mind with knowledge of Natural Law and natural rights, and **applying** the knowledge to your life are two of the most important things you can do. Why is that you may ask? Because learning how to live in harmony with Natural Law is a requirement for ascending to a higher level of consciousness that is **beyond time and space**.

As you ascend to higher levels of consciousness, it allows your body to hold more high frequency energy, causing your spiritual powers (e.g., love, thought, awareness, and consciousness) to strengthen exponentially. Eventually, your spiritual powers will become so strong that you will be able to destroy planets and stars. Do you think God will allow you access to that kind of power without being responsible and knowing how to live in harmony with Nature? With great power comes great responsibility.

8. Study man's law and the legal system

Besides studying Natural Law, it is also wise to study man's law, such as contract law, trust law, common law, statutory law, corporate law, and admiralty/maritime law. In addition, study how the legal system works from behind the scene. Doing these things will help you find effective ways to defend your natural rights. You do not have to learn everything about the laws created by man, but you should study them to the point where you are comfortable using them to defend your natural rights.

When you learn to use Natural Law and man's law to defend and exercise your natural rights, you can effectively put the Dark Forces and their minions in checkmate every time they harm you and your property. This is how you can stop them without violent revolutions. A very important information that the Dark Forces do not want you to know is the fact that the Universe has its own law and justice system. The Universe is a very intelligent being that can know every sentient being's thoughts, intentions, and actions. As long as you **do not forgive** the Dark Forces and their minions for harming you until after you get justice, they will eventually have to face the justice system of the Universe.

Whenever the Dark Forces harass or harm you, use the art of meditation to summon them by focusing your awareness inside your head and sending your

thoughts and intentions to the Spirit of God that dwells between the temples of your head. Sincerely say to God that you are giving notice to the beings who harmed you to appear in front of the judges of the Universe for the violation of your natural rights. Make sure you get justice and they are punished for their violations. When you do these things, they will run away from you like scared little kids.

9. Stay away from almost all protests

Many people have been conditioned to think that protesting is the way to restore freedom or create beneficial change. The unwanted truth is that protesting is not going to really change anything for the better. When you join a protest and speak out against the government, what you are really doing is telling the government that you want change, but you want the government to do it for you. In other words, you are still an incompetent child who does not want to take full responsibility for your life and future. Without full responsibility, there is no real freedom!

10. Arm yourself with knowledge of empowerment

The right knowledge is power but it is only effective when you learn how to use it wisely. Knowledge is the key to empower you to overcome your fears and achieve spiritual freedom. One of the main reasons that you are fearful of something is because you lack the knowledge to innerstand it. Once you gain the right knowledge to innerstand it, the fear eventually subsides and can not control you anymore. Because of this, it is essential for you to seek the right knowledge to empower you to innerstand the Dark Forces, so you can rise above their matrix and achieve spiritual freedom.

Remember, physical weapons are not very effective for stopping the Dark Forces; however, the right knowledge is. Once you learn to wisely use the right knowledge to defend your natural rights and strengthen your spiritual powers, the Dark Forces can not stop you from leaving their matrix.

11. Stop relying on an external savior to save you

The external savior program was created by the minions of the Dark Forces to enslave your body, mind, and soul. When you rely on an external savior to save you, you subconsciously tell the Universe that God did not give you the required spiritual powers to achieve spiritual freedom. This is an insult to God. If you

need to rely on an external savior to save you, you are not using your spiritual powers wisely. Furthermore, you are thinking like a cowardly slave.

12. Stop supporting wars and crimes against mankind

All the major wars on Earth have been engineered by the Dark Forces and their flesh and blood minions. The Dark Forces are obsessed with wars for the reason that wars create a lot of negative energy for them to feed on.

13. Spend money wisely

Money is a medium that represents your time and energy. If you want to make the world a better place, stop investing your money (time and energy) in companies that do not care about truth, freedom, natural rights, and Nature. This is one of the easiest ways to effectively change the world for the better.

For example, buy organic food instead of conventional food. Food that is not organically grown is often contaminated with environmental toxins (e.g., pesticides) and GMOs. The action of people buying more organic food is already having positive effects. In the early 2000s, you would be lucky to find organic food in conventional grocery stores in the USA.

If the prices of organic food are preventing you from buying it, be aware that conventional food is cheaper because it has less regulation and receives government subsidies. In other words, some of the money collected from taxpayers is being used to make conventional food cheaper than organic food. The hidden purpose of this is to motivate people to eat more conventional food, resulting in more sick people. A sick and unhealthy society is easier for the Dark Forces and their minions to control.

Another great way to use money wisely is to shop at your local family stores and farmer's market more than corporate stores. In addition, learn how to barter so you do not rely on money to buy everything. An excellent video that shows you how to barter wisely is titled Confusion of Money. If for some reason the link to the video does not work, do a quick search by typing the keywords of the title of the video in YouTube's search form and then click the search button. This video was created by Marcus, also known as Servant King.

14. Claim your sovereignty

Shortly after you were born, your parents signed a birth certificate with your name on it, and thereby "agreed" to allow you to participate in the Earth Matrix Drama. By doing this, they unknowingly turned you into a legal property of the State, making you a corporate slave. To claim your sovereignty, you need to remove your consent, correct your status, and nullify certain government contracts (e.g., marriage license, birth certificate, social security card, and driver's license).

Please take notice that nullifying certain government contracts can create some inconveniences in your life, so if you are not ready to face those inconveniences, you may want to wait until you are ready. When you are ready to nullify certain government contracts, you will often sense a deep feeling inside your soul urging you that it is time to take action. Before taking action, it would be wise for you to explore the following three websites, because they do a great job of teaching you how to effectively claim your sovereignty, correct your status, and nullify legal contracts. The three websites are AnnaVonReitz.com, Freedom-School.com, and YouAreLaw.org.

It is essential to know that to be able to effectively free yourself from the Earth Matrix Drama, you need to learn how to use the power of Natural Law to defend and exercise your natural rights. Furthermore, you need to know how to nullify fraudulent claims and contracts. My website EsotericKnowledge.me is a great place to learn empowering knowledge that teaches you how to defend and exercise your natural rights, and nullify fraudulent claims and contracts using the power of Natural Law.

15. Avoid making contracts with the Dark Forces

A very important information you need to know about a contract is that it does not need to be a piece of paper with terms and conditions written on it. For example, the act of participating in a religious ritual, such as Christmas or Halloween, can bind you to whatever that religious ritual was designed to do.

The Dark Forces and the Dark Magicians like to use contracts to trick you to agree to participate in their world of legal fictions (dead entities and artificial persons). By contracting with them, you agree to play their matrix game to enslave mankind; therefore, they can prevent you from leaving their matrix. The good news is that their contracts are based on fraud, so when you know how to void contracts, you can nullify their contracts anytime you want.

16. Stop relying on politicians to create change

Most politicians in Western countries and many Eastern countries are bought off by the Dark Magicians and their corrupt bankers. Because of this, they do not work for the people anymore. Furthermore, politicians are often addicted to money and power. The Dark Magicians are well aware of this, which is why they pay politicians a lot of money and give them certain special privileges.

In other words, politicians live like royalty and can get away with many illegal activities. Because of these benefits, most politicians would rather protect the system of the Dark Forces than change it. Most politicians are comfortable where they are at; therefore, the last thing they want is for the system to change in a way that empowers the people. When the people become empowered, the government loses power, causing politicians to also lose power.

17. Invest in "free" energy technology

Many free energy devices have the power to reduce the cost of living by 90 percent or more, and some of them can produce electrical energy without consuming any fuel. Because of these features, free energy technology is a threat to the oil cartel. As soon as free energy devices are used by most of us to power our homes and vehicles, we can dramatically reduce our support for the oil industry. Oil is one of the top sources of revenue for the Dark Magicians and their New World Order. If we can completely stop using oil as an energy source, the Dark Magicians will have less money to finance their engineered wars.

18. Learn to live peaceably

The Dark Forces and their minions rely heavily on wars and violence to keep their matrix operating efficiently. Because of this, it is wise to live peaceably with other people and support the unification of mankind. As long as we, the people of the world, are united in peace and love, the Dark Forces and their minions will not be able to achieve their dark agendas.

19. Write your own waiver to nullify fraudulent contracts

A well-written waiver can nullify certain fraudulent contracts and remove your consent to be governed. Visit this link (https://esotericknowledge.me/waiver/) to see an example of a well-written waiver.

20. Live like small communities

Have you ever been to small towns where people have their own doctors, teachers, mechanics, markets, farms, etc.? These small communities are self-sufficient and the people often know how to live in harmony with Nature. Because of these features, they do not need to rely on the government to survive. If we want to free ourselves from the artificial matrix, one of the things we need to do is learn how to live like small communities.

Some Words of Encouragement

If you have read most of this book or all of its pages, I congratulate you for having the courage to explore beyond the conventional paradigm and seek the truth. I know that walking the path of truth and standing up for the truth are not easy, but it is the truth that will set you free. Do not ever forget that.

By now you should know that all mankind have been enslaved for a very long time and are being used as "batteries" to power the artificial matrix. Sadly, most people are still spiritually asleep and lack the courage to face the truth. As a living man (male or female) who is spiritually awakened, it is up to you to decide if you want to share the knowledge in this book with other truth seekers to wake them up from the artificial matrix. This book does not have all the answers, but it has enough empowering knowledge to make the Dark Forces very nervous.

The solutions in this chapter are effective for reducing the power of the Dark Forces, but to free mankind from the artificial matrix requires a large number of people to use the solutions wisely. If we can get about 15 percent of the world's population to apply most of the 20 solutions to their lives, we can restore a significant percentage of our freedom and sovereignty in less than one generation. As soon as this happens, it is just a matter of time until we, the people of the world, free ourselves from the artificial matrix.

Some of you may think that there is no way we can free enough people's minds to restore our freedom and sovereignty, because the Dark Forces control nearly everything that we do and have gatekeepers guarding every important entrance to the mainframe or control room of the artificial matrix. Do not let the Dark Forces intimidate you.

In truth, **when it comes to law and order**, darkness will always surrender to light. Darkness is a state of randomness and chaos. When light comes in contact with darkness, it gives order to that chaos, causing it to structuralize. This process "melts" the darkness away, showing that when it comes to order, light has more authority than darkness.

It is important to know that darkness is not evil. The darkness is the subconscious of God. It is chaotic because it is a field of infinite possibility. The **darkness** is the field where light was born, and therefore is the attribute of the **divine feminine energy**. The material world can not exist without the darkness and the light, because when one of them is missing, forms and colors can not manifest into reality. It is also important to know that the Dark Forces do not really represent the darkness. However, they like to hide in the darkness and use it to scare us for the reason that they know most of us are afraid of the unknown.

The Dark Forces are only succeeding because most people believe they are powerless. Remember, you are the spiritual being with **infinite potential**. You literally have the spiritual power to create planets, stars, and even universes. One of the reasons that you do not have access to the full potential of your spiritual power is because you lack knowledge, wisdom, love, experience, personal responsibility, courage, and faith. This causes you to become less aware of who you truly are and how to use your spiritual power wisely.

The artificial matrix and the Dark Forces can only flourish on Earth with the support of living people. You are one of those people, so reduce your support for the Dark Forces as much as possible. If you can, completely stop supporting them to teach them a lesson. Furthermore, take action to educate people who want to know the truth of what has been done to mankind. Also, learn to defend and exercise your natural rights and support the men and women who are creating systems and organizations to transcend the artificial matrix.

Once we have enough of us working together to transcend the artificial matrix, we can stop supporting it and leave it to disappear. Without our support, the artificial matrix will collapse on its own, and therefore the Dark Forces will not be able to control us anymore. This is how we can free mankind without violent revolutions.

The fact that you are living on Earth during the end of this age is proof that you have an important role to play in the Earth Matrix Drama. It is time to wake up

and remember your duty, so you can play your role in helping to free mankind. Once mankind is free, you will also be free because the Dark Forces will not be standing in your way. Be strong and fearless, and may you be protected on your journey to spiritual freedom.
